Office of Civil Defense,1963 This course provides training for individuals who will become members of organized rescue squads part of the organized emergency services of government Light duty rescue squad men release injured and uninjured people trapped in lightly damaged structures or in shelters with limited access problems This course also provides training for rescue work in teams and for training in rescue leadership *Optimizing Teaching and Learning* Regan A. R. Gurung,Beth M. Schwartz,2011-08-26 The scholarship of teaching and learning SoTL is one of the most dynamic areas of research in the field of higher education today in which faculty continuously evaluate the quality of their teaching and its affect on student learning Faculty are being held accountable for the effectiveness of their teaching and in turn they are starting to engage in SoTL related intellectual exchanges not only in their research agendas but also in the ways in which they teach their students

in the classroom At the heart of this new movement there is a simple idea take a close look at how you teach and how your students learn use the same methodology that you would use for formal investigations be it in the humanities or sciences and hold your research to the same standards most notably peer review Optimizing Teaching and Learning will serve as a guide for anyone who is interested in improving their teaching the learning of their students and at the same time contribute to the scholarship of teaching and learning It bridges the gap between the research and practice of SoTL with explicit instructions on how to design conduct analyze and write up pedagogical research including samples of actual questionnaires and other materials e g focus group questions that will jumpstart investigations into teaching and learning It also explores the advantages and disadvantages of various pedagogical practices and present applications of SoTL using case studies from a variety of disciplines This book will serve as an invaluable resource for both seasoned faculty and new faculty who are just beginning to assess their teaching methods and learn how to think beyond the content
