**Mastodon-bearing Springs and Late Quaternary Geochronology of the Lower Pomme de Terre Valley, Missouri** Caleb Vance Haynes, 1985 The Flavor of Wisconsin Harva Hachten, Terese Allen, 2013-09-03 The Wisconsin Historical Society published Harva Hachten's The Flavor of Wisconsin in 1981 It immediately became an invaluable resource on Wisconsin foods and foodways This updated and expanded edition explores the multitude of changes in the food culture since the 1980s It will find new audiences while continuing to delight the book's many fans And it will stand as a legacy to author Harva Hachten who was at work on the revised edition at the time of her death in April 2006 While in many ways the first edition of The Flavor of Wisconsin has stood the test of time very well food related culture and business have changed immensely in the twenty five years since its publication Well known regional food expert and author Terese Allen examines aspects of food cooking and eating that have changed or emerged since the first edition including the explosion of farmers markets organic farming and sustainability the slow food movement artisanal breads dairy herb growers and the like and how relatively recent immigrants have contributed to Wisconsin's remarkably rich food scene **Archean to**

**Anthropocene** James D. Miller, George H. Hudak, Chad Wittkop, Patrick I. McLaughlin, 2011-01-01 *Murray Springs C.* Vance Haynes, Bruce B. Huckell, 2022-04-05 The Murray Springs Site in the upper San Pedro River Valley of southeast Arizona is one of the most significant Clovis sites ever found It contained a multiple bison kill a mammoth kill and possibly a horse kill in a deeply stratified sedimentary context Scattered across the buried occupation surface with the bones of late Pleistocene animals were several thousand stone tools and waste flakes from their manufacture and repair Because of the unique occurrence of an algal black mat that buried the Clovis age surface immediately after abandonment the distributional integrity of the artifacts and debitage clusters is exceptional for Paleoindian sites Excavation of the Clovis hunters camp 50

to 150 meters south of the kills revealed artifactual evidence typical of hunting camp activity including hide working and weapons repair Impact flakes conjoining with Clovis points clearly tied the camp to the bison kill The unique nature of the site and this comprehensive study of the excavated material constitute one of the most important contributions to our knowledge of Paleoindian hunters in the New World

**Ice Ages, Climate Dynamics and Biotic Events: The Late Pennsylvanian World** S.G. Lucas,W.A. DiMichele,S. Opluštil,X. Wang,2023-06-19 The Late Pennsylvanian was a time of ice ages and associated climate dynamics A major reduction in Gondwana ice volume was followed by a prolonged period of relative global warmth culminating in the last great ice age of the late Paleozoic It also was a major turning point in the evolution of life on land when the coal forests of the Middle Pennsylvanian gave way to new kinds of Late Pennsylvanian wetland vegetation and new kinds of animals appeared Changes in the terrestrial biota began during the Middle Pennsylvanian accelerating and proceeding in a spatially complex manner throughout the Late Pennsylvanian The Late Pennsylvanian is thus a laboratory for studying environmental changes in a glacial world and for assessing coeval biotic changes in part to establish the possible links between the two No book has been dedicated to this time interval so this volume fills a gap in our understanding of a dynamic Late Pennsylvanian world that is much like the late Cenozoic world

Koethe,2018-11-20 Collected poems from America s searching and thoughtful philosopher poet There s something Comforting about rituals renewed even adolescents pipe dreams They ll find out soon enough and meanwhile find their places In the eternal scenery less auguries or cautionary tales Than parts of an unchanging whole as ripe for contemplation As a planisphere or the clouds the vexed destinies the shared life The sempiternal spectacle of someone preaching to the choir While walking backwards in the moment on a warm spring afternoon John Koethe s poems always dynamic and in process never static or complete luxuriate in the questions that punctuate the most humdrum of routines rendering a robust

portrait of an individual complicated quotidian and resounding with truth Gathering for the first time his impressive and award winning body of work published between 1966 and 2016 Walking Backwards introduces this gifted poet to a new wider readership     **Prehistoric Food Production in North America** Richard I.
