The Origin of Latin Love-Elegy Archibald A. Day,

Subjecting Verses Paul Allen Miller, 2009-01-10 The elegy flared into existence commanded the cultural stage for several decades then went extinct This book accounts for the swift rise and sudden decline of a genre whose life span was incredibly brief relative to its impact Examining every major poet from Catullus to Ovid Subjecting

Verses presents the first comprehensive history of Latin erotic elegy since Georg Luck's Paul Allen Miller harmoniously weds close readings of the poetry with insights from theoreticians as diverse as Jameson Foucault Lacan and Žižek In welcome contrast to previous thematic studies of elegy efforts that have become bogged down in determining whether particular themes and poets were pro or anti Augustan Miller offers a new symptomatic history He asks two obvious but rarely posed questions what historical conditions were necessary to produce elegy and what provoked its decline Ultimately he argues that elegiac poetry arose from a fundamental split in the nature of subjectivity that occurred in the late first century a split symptomatic of the historical changes taking place at the time Subjecting Verses is a major interpretive feat whose influence will reach across classics and literary studies Linking the rise of elegy with changes in how Romans imagined themselves within a rapidly changing society it offers a new model of literary theory that neither reduces the poems to a reflection of their context nor examines them in a vacuum

The origins of Latin love-elegy, 1972 *The Latin Love Elegists* Hunter H. The Latin Love Poets R. O. A. M. Lyne, 1980 Illustrated with copious quotations all translated this book offers a full account of the great Latin love poets Catullus Propertius Tibullus Horace and Ovid Set in social and historical context it combines literary history with literary criticism to reveal something of the personality of the poets themselves *Latin Love Elegy and the Dawn of the Ovidian Age* Marek Thue Kretschmer, 2020 The Versus Eporodienses Verses from Ivrea written around the year 1080 and attributed to a certain Wido is a highly fascinating elegiac love poem celebrating worldly pleasures in an age usually associated with contemptus mundi One of the poem's intriguing features its extensive use of the Latin classics especially of Ovid makes it a precursor of the poetry of the so called twelfth century renaissance In this first book length study of the poem the author provides a historical contextualisation a verse by verse commentary a detailed analysis of the classical sources and a discussion of its similarities with contemporary and later medieval poetry **Greek and Latin Love** Thea S. Thorsen, Iris Brecke, Stephen Harrison, 2021-09-07 It is often claimed that the kind of love that is variously deemed romantic or true did not exist in antiquity Yet ancient literature abounds with stories that seem to adhere precisely to this kind of love This volume focuses on such literature and the concepts of love it espouses The volume differs from and challenges much existing classical scholarship which has traditionally privileged the theme of sex over love and prose genres over those of poetry By conversely focusing on love and poetry the present volume freshly explores central poets in ancient literature such as Homer Sappho Terence Catullus Virgil Horace and Ovid alongside less canonized such as the anonymous poet of The Lament for Bion Philodemus and Sulpicia The chapters which are written by world leading as well as younger scholars reveal that Greek and Latin concepts of love seem interconnected that such love is as relevant for hetero as homoerotic couples and that such ideas of love follow the mainstream of poetry throughout antiquity In addition to the general reader interested in the history of love this volume is relevant for students and scholars of the ancient world and the poetic tradition

Early Modern Latin Love Poetry Paul White, 2023-03-27 This volume sheds new light on the extraordinary richness and variety of love poetry written in Latin from the fifteenth to the eighteenth century It shows how Latin love poets reworked classical Roman and Greek models and engaged in dialogue with mediaeval and contemporary vernacular traditions of poetry They used the poetic language of love in Latin to reflect and comment on wider social ethical and literary issues and reconfigured its codes of representation in response to changing conceptions of love in the philosophical and religious spheres Their poetry often aligned itself with dominant discourses of power and gender but it could also be subtly subversive or even openly transgressive
