Terry, 1985 Pop Culture Wars William D. Romanowski, 2006-02-15 Entertainment has long been a source of controversy in American life On the one hand American popular culture is enormously desired captivating audiences around the world On the other hand more and more critics blame it for the breakdown of morals and even civilizations itself Surely Christians and other religious citizens have something to contribute to what is after all a discussion of morality But too often their contributions have been ill informed unreflective and reactionary In this groundbreaking book William Romanowski brings something desperately needed to the discussion an informed systematic and challenging Christian perspective Comprehensive and historically revealing Pop Culture Wars bids to accomplish nothing less than to reframe and render more constructive a crucial but angry cultural debate The John Lennon Encyclopedia Bill Harry, 2000 The John Lennon Encyclopedia is the most comprehensive book about John Lennon ever produced By best selling author and Beatles expert Bill Harry this A Z guide will tell you everything you ever wanted to know about one of the twentieth century s most talented and enigmatic figures From his difficult childhood to his early days with the Beatles and from his groundbreaking solo projects to his work with Yoko Ono this book reveals in intimate detail the man behind the myth helping to explain Lennon s enduring status as a popular icon It contains every track Lennon ever wrote or worked on every gig he ever played and full biographies of everyone who was involved in his life story This is the most comprehensive guide ever published to the guiding genius of the world s greatest band It comes in at almost one thousand pages and half a million words this is the ultimate celebration of all things Lennon **Come Together** Jon Wiener, 1984 Reprint Originally published New York Random House c1984 The Beatles with Lacan Henry W. Sullivan, 1995 The Beatles were the most significant cultural phenomenon of their time but what exactly did they signify Using a psychoanalytic approach The Beatles with Lacan attempts to answer this still relevant question It argues that
