Paths of Innovation in Warfare Nicholas Michael Sambaluk,2018-04-20 Innovation shapes wars and twelve

studies by former faculty members of West Point's United States Military Academy examine specific cases of past and present military innovation. The complex competitive and dynamic environment that defines war drives combatants to seek solutions to potentially lethal problems. As some solutions prove effective, gain traction, and win emulation, they follow a path of innovation. The chapters address a broad array of innovations including in weapon technology, strategy, research, and development, philosophy, organization of the military instrument, and leveraging maps for strategic goals. Geographically, the examples in this volume span four continents and the Mediterranean Sea, and chronologically they proceed from the twelfth century to the twenty-first. Collectively, the studies point to the interconnected value of pursuing constructive solutions to challenges, networking interdisciplinary forms of knowledge, appropriately balancing expectations and capabilities, and understanding an innovation as a journey rather than as an episodic event. *Haddon Hall's Dorothy Vernon* David Trutt, 2006

Horror Films of 2000-2009 John Kenneth Muir, 2023-03-22 Horror films have always reflected their audiences' fears and anxieties. In the United States, the 2000s were a decade full of change in response to the 9/11 terrorist attacks, the contested presidential election of 2000, and the wars in Iraq and Afghanistan. These social and political changes, as well as the influences of Japanese horror and New French extremism, had a profound effect on American horror filmmaking during the 2000s. This filmography covers more than 300 horror films released in America from 2000 through 2009, including such popular forms as found footage, torture porn, and remakes. Each entry covers a single film and includes credits, a synopsis, and a lengthy critical commentary. The appendices include common horror conventions, a performer hall of fame, and memorable ad lines. *Phantasies of a Love Thief*, 1971-04-22 *Phantasies of a Love Thief* **The Legend Begins**, 2013 When friends Laval the Lion and Cragger the Crocodile sneak into the Lion temple to see the CHI, a powerful force, they are too young to use things; go very wrong and begin a chain of misunderstandings that lead to war between their tribes.

Promoting Great Reads to Improve Teen Reading Lucy Schall, 2015-02-12 Support current educational initiatives with a ready-to-use tool that will help you with selection, motivation, and skill building relative to titles published within the last five years. New demands by Common Core and other national and state standards mean teachers and librarians need support in pairing high-interest content with skill building that speaks to those standards. This hands-on research-based resource will help. Covering 100 titles, it guides you to topics, themes, values, and activities that meet national and state standards. The book's organization by genres, topics, and themes will enable librarians to serve customers with specific requests and help teachers build thematic units. Focusing on recent young adult fiction and nonfiction, 2010-2014, the guide offers a succinct plot summary, links to popular themes and genres, indication of reading levels, and an engaging booktalk for each title. It also includes guidelines for further promoting each book and extending knowledge through discussion. The author, a former middle and high school teacher, demonstrates how you can foster close reading through paraphrasing, comparison, and response, and explains how to strengthen critical thinking among teens.
