The Letters Of Giacomo Leopardi 1817-1837 Italian Perspectives 1:

The Letters of Giacomo Leopardi 1817-1837 Prue Shaw, 2017-12-02 Giacomo Leopardi Italy's great poet of the Romantic age is the author of some of the most beautiful and best loved poems in the Italian language and some of the most remarkable letters in European literature. The interest of the letters in both biographical and literary terms documents the background, the difficult personal circumstances, the intense and troubled family relationships, the contacts and friendships with other writers against which a haunting and compelling poetic voice came to maturity. The letters, not previously available in English except fragmentarily, are here offered in a new translation undertaken to celebrate the poet's birth in 1798. In the light of growing academic interest in Italy and the reorganization of many university courses in Italian along interdisciplinary lines, this book series brings together different scholarly perspectives on Italy and its culture. *Italian Perspectives* incorporates books and essay collections and is published under Maney's Northern University Press Imprint. It is notable for the breadth and diversity of themes covered, incorporating all aspects and periods of Italian literature, language, history, culture, politics, art, and media, as well as studies which take an interdisciplinary approach and are methodologically innovative. The series welcomes books written in English and in Italian. The *Italian Perspectives* series is edited by two established scholars in the field of Italian studies, supported by an international Advisory Board.

Italian Literature before 1900 in English Translation Robin Healey, 2011-12-15 *Italian Literature before 1900 in English Translation* provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008. It lists works from all genres and subjects and includes translations wherever they have appeared across the globe. In this annotated bibliography, Robin Healey covers over 5,200 distinct editions of pre-1900 Italian writings. Most entries are accompanied by useful notes providing information on authors, works, translators, and how the translations were received. Among the works by over 1,500 authors represented in this volume are hundreds of editions by Italy's most translated authors, Dante Alighieri, Machiavelli, and Boccaccio, and other hundreds which represent the author's only English translation. A significant number of entries describe works originally published in Latin. Together with Healey's *Twentieth Century Italian Literature in English Translation*, this volume makes comprehensive information on translations accessible for schools, libraries, and those interested in comparative literature.

Contesting the Monument: The Anti-illusionist Italian Historical Novel: No. 10 Ruth Glynn, 2017-12-02 In the second half of the twentieth century, the Italian historical novel provided an unrivalled number of best sellers and publishing phenomena. The success of the genre is closely related to a more general interest in revisiting the past in the light of a changed understanding of the nature or philosophy of history. This study aims to explore the particularly marked increase in the production and popularity of the historical novel in the period between the mid-1960s and the early 1990s, with reference to current debates on the nature of history. It presents a theoretical framework which establishes the centrality of philosophy of history to the development of the genre. The employment of this framework

opens out the discussion of literary change to the consideration of historiographical developments and wider critical debate. The theoretical insights gained inform the close textual analysis provided in the chapters dealing with novels written by five of Italy's foremost contemporary writers: Leonardo Sciascia, Vincenzo Consolo, Sebastiano Vassalli, Umberto Eco and Luigi Malerba. *Camorristi, Politicians and Businessmen* Felia Allum, 2017-12-02. This work presents a detailed study of the political role of a criminal organization, the Neapolitan Camorra, in its historical context, that of Naples over the last fifty years. In Campania until 1991, the population tacitly accepted the relationship between the Camorra and the local political elite, based on the exchange of votes for state contracts and protection, and because of the lack of reliable sources, it could not seriously be studied by political scientists. In 1991, however, a law was passed which gave generous remission of sentences to criminals who wanted to cooperate with the police. Following this, many members of the Camorra revealed important aspects of the criminal economic and political activities of their organization. This new information has permitted a re-examination of the Camorra and has provided material for the story to be told. *Giraffes in the Garden of Italian Literature* Deborah Amberson, 2017-12-02. Writing in 1926, Carlo Emilio Gadda (1893-1973) acknowledges his peculiarity within the Italian literary field by describing himself as a giraffe or a kangaroo in Italy's beautiful garden of literature. Gadda's self-characterization as exotic and even ungainly animal applies in equal measure to Italo Svevo (1861-1928) and Federico Tozzi (1883-1920), authors who, like Gadda, thwarted efforts at critical classification. Yet the ostensible strangeness of these three Italian authors is diminished when their writing is considered within the framework of modernism, a label traditionally avoided by the Italian critical establishment. Indeed, within a modernism preoccupied with human embodiment, these Italian literary giraffes find their kin. Here, the central nexus of body, subjectivity and style that informs and binds the writing of Svevo, Tozzi and Gadda resonates with a modernist renegotiation and revalorization of a human body whose dignity and epistemological authority have been contested by social and technological modernity. *Printed Media in Fin-de-siecle Italy* Ann Hallamore Caesar, 2017-12-02. The Unification of Italy in 1870 heralded a period of unprecedented change. While successive Liberal governments pursued imperial ventures and took Italy into World War One on the Allied side, on the domestic front, technological advance, the creation of a national transport network, the expansion of state education, internal migration to cities and the rise of political associations all contributed to the rapid expansion of the print industry and the development of new and highly diversified reading publics. Drawing on publishers' archives, letters, diaries and printed material, this book provides the most up-to-date research into the printed media: books, magazines and journals in Italy between 1870 and 1914. With essays on publishers and reading communities, the professionalization of the role of journalist and writer, children's literature, book illustrations and printed media in colonial territories, among others, this book is intended for those with interests in cultural production and consumption and questions of nation formation and nationhood in and outside Italy. With the contributions of Ann Hallamore Caesar, Gabriella Romani, Introduction John Davis, Media Markets and Modernity, The Italian

Boccaccio and the Book Rhiannon Daniels, 2017-07-05 As a new digital era increasingly impacts on the age of print we are ever more conscious of the way in which information is packaged and received The influence of the material form on the reading process was no less important during the gradual shift from manuscript to early print culture Focusing on the physical structure and presentation of manuscripts and printed books containing texts by one of the most influential authors of the medieval period Rhiannon Daniels traces the evolving social cultural and economic profile of Boccaccio s readership and the scribes and printers who laboured to reproduce three of his works the Teseida Decameron and De mulieribus claris Rhiannon Daniels is a British Academy Postdoctoral Fellow in the Department of Italian at the University of Leeds

Imagining Terrorism Pierpaolo Antonello, 2017-07-05 No other European country experienced the disruption of political and everyday life suffered by Italy in the so called years of lead 1969 c 1983 when there were more than 12 000 incidents of terrorist violence This experience affected all aspects of Italian cultural life shaping political judicial and everyday language as well as artistic representation of every kind In this innovative and broad ranging study experts from the fields of philosophy history media law cinema theatre and literary studies trace how the experience and legacies of terrorism have determined the form and content of Italian cultural production and shaped the country s way of thinking about such events

Disrupted Narratives Emma Bond, 2017-07-05 If Madame Bovary s death in Flaubert s 1857 novel marked the definitive end of the Romantic vision of literary disease then the advent of psychoanalysis less than half a century later heralded an entirely new set of implications for literature dealing with illness The theorization of a potential unconscious double capable of expressing the body and thus also the intimate damage caused by disease in turn suggested a capacity to subvert or destabilize the text exposing the main thread of the narrative to be unreliable or self conscious Indeed

the authors examined in this study Italo Svevo 1861 1928 Giorgio Pressburger 1937 and Giuliana Morandini 1938 all make use of individual infected or suppressed voices within their texts which unfold through illness to cast doubt on a more conventionally dominant narrative standpoint Applying the theories of Freud and more recent writings by Julia Kristeva Bond offers a new critical reading of the literary function of illness a function related to the very nature of narration itself

Dante and Epicurus George Corbett, 2017-12-02 Dante and Epicurus seem poles apart Dante a committed Christian depicted in the *Commedia* a vision of the afterlife and God's divine justice Epicurus a pagan philosopher taught that the soul is mortal and that all religion is vain superstition And yet Epicurus is for Dante not only the quintessential heretic but an ethical ally The key to this apparent paradox lies in the heterodox dualism between man's two goals of secular felicity and spiritual beatitude at the heart of Dante's ethical political and theological thought Corbett's full length treatment of Dante's reception and polemical representation of Epicurus addresses a major gap in the scholarship Furthermore the study's focus on fault lines in Dante's vision of the afterlife where the theological tensions implicit in his dualism surface opens a new way to read the *Commedia* as a whole in dualistic terms

From Florence to the Heavenly City Claire E. Honess, 2017-07-05 Dante's political thought has long constituted a major area of interest for Dante studies yet the poet's political views have traditionally been considered a self contained area of study and viewed in isolation from the poet's other concerns Consequently the symbolic and poetic values which Dante attaches to political structures have been largely ignored or marginalised by Dante criticism This omission is addressed here by Claire Honess whose study of Dante's poetry of citizenship focuses on more fundamental issues such as the relationship between the individual and the community the question of what it means to be a citizen and above all the way in which notions of cities and citizenship enter the imagery and structure of the *Commedia* *Edoardo Sanguineti* John Picchione, 2017-12-02 Poet novelist theorist playwright translator politician and teacher Edoardo Sanguineti 1930 2010 is one of the most original and influential Italian intellectuals of the second post war period An ardent and unremitting historical materialist he investigated the links between language and ideology literature and the other arts together with their functions within the logic of late capitalism The extraordinary range of his creative work persistently defies conventional aesthetic notions With their variety of topics and critical perspectives the essays assembled in this volume explore both the relevance of his theoretical postures and the ideological and formal fabric of his literary production They highlight his

Rome Eternal Guy Lanoue, 2017-07-05 What does Roman mean How does the mythical city touch people's identities values and attitudes In the long established and official imaginary of the West Rome is the citta dell'arte the city of faith an heirloom city inspired by the traces of ancient Empire by the brooding aura of the Church by Hollywood fairy tale romance and by the spicy tang of veiled decadence But what of its contemporary residents Are they now merely guides and waiters servicing throngs of tourists indifferent to the city's contemporary charms Guy Lanoue a former resident of Rome explores how Romans live the modern myth of Rome Eternal Since the 19th century it has defined an important community the fatherland a home spun society where the rules of everyday life become tradition ways of eating dressing making and keeping friends and acquaintances proper ways of speaking and a hard to define but nonetheless tangible air of composure

Gadda and Beckett: Storytelling, Subjectivity and Fracture Katrin Wehling-Giorgi, 2017-12-02 While the writing of Carlo Emilio Gadda 1893 1973 is renowned for its linguistic and narrative proliferation the best known works of Samuel Beckett 1906 89 are minimalist with a clear fondness for subtraction and abstraction Despite these face value differences a close reading of the two authors' early prose writings reveals some surprisingly affinitive concerns rooted in their profoundly troubled relationship with the literary medium and an unceasing struggle for expression of an incoherent reality and a similarly unfathomable self Situating Gadda and Beckett at the heart of the debate of late European modernism this study not only contests the position of insularity frequently ascribed to both authors by critical consensus but it also rethinks some of Gadda's plurilingual and macaronic features by situating them in the context of the turn of the century Sprachkrise or crisis of language In a close analysis of the primary texts which engages with the latest findings in empirical research Wehling-Giorgi casts fresh light on the central notions of textual and linguistic fragmentation and provides a new post-Lacanian analysis of the fractured self in Gadda's and Beckett's narrative
