Secret War Nigel West, 2019-01-30 The author of *The Kompromat Conspiracy* reveals the truth behind Great Britain's secret World War II group What did SOE really achieve during the Second World War Why were so many agents parachuted into enemy hands Who chose to back Communist guerrillas in Yugoslavia Hungary Romania Albania Greece and Malaya in preference to other anti Axis movements In this newly revised edition Nigel West strips away the secrecy that has surrounded the Special Operations Executive since it was officially wound up in 1946 and reveal the breathtaking political naivety operational incompetence and ruthless manipulation Despite the heroism of individual agents who suffered appalling privation to further the organization's dubious objectives there is an underlying tragedy of dreadful proportions *Secret War* is a detailed analysis of SOE's structure and performance and describes its successes and failures across the globe The book casts doubt on the official histories authorized by the Cabinet Office offers evidence of the setbacks that jeopardized D Day and gives an account of the paramilitary units dropped behind enemy lines immediately after the invasion which saved SOE's reputation This book is a highly provocative but authoritative history of the organization that existed for less than six years but had a lasting impact on the world's postwar development *Secret War* is important even necessary in political terms Financial Times

Nazi Wives James Wyllie, 2020-11-03 An in depth look at the personal lives psychological profiles and marriages of the wives of officers in Hitler's inner circle Compelling The Washington Post Goering Goebbels Himmler Heydrich Hess Bormann names synonymous with power and influence in the Third Reich Perhaps less familiar are Carin Emmy Magda Margaret Lina Ilse and Gerda These are the women behind the infamous men complex individuals with distinctive personalities who were captivated by Hitler and whose everyday lives were governed by Nazi ideology Throughout the rise and fall of Nazism these women loved and lost raised families and quarreled with their husbands and each other all the while jostling for position with the Fuhrer himself Until now they have been treated as minor characters their significance ignored as if they were unaware of their husbands murderous acts despite the evidence that was all around them the stolen art on their walls the slave labor in their homes and the produce grown in concentration camps on their tables James Wyllie's *Nazi Wives* explores these women in detail for the

first time skillfully interweaving their stories through years of struggle power decline and destruction into the post war twilight of denial and delusion A chilling and richly detailed group portrait of the women who married Third Reich leaders Publishers Weekly Foundations of the Nazi Police State George C. Browder,2021-05-11 A comprehensive study of the lesser known organizations that formed the heart of the Nazi police state in World War II Germany The abbreviation Nazi the acronym Gestapo and the initials SS have become resonant elements of our vocabulary Less known is SD and hardly anyone recognizes the combination Sipo and SD Although Sipo and SD formed the heart of the National Socialist police state the phrase carries none of the ominous impact that it should Although no single organization carries full responsibility for the evils of the Third Reich the SS police system was the executor of terrorism and population policy in the same way the military carried out the Reich s imperialistic aggression Within the police state even the concentration camps could not rival the impact of Sipo and SD It was the source not only of the desk murderers who administered terror and genocide by assigning victims to the camps but also of the police executives for identification and arrest and of the command and staff for a major instrument of execution the Einsatzgruppen Foundations of the Nazi Police State offers the narrative and analysis of the external struggle that created Sipo and SD This book is the author s preface to his discussion of the internal evolution of these organizations in Hitler s Enforcers The Gestapo and the SS Security Service in the Nazi Revolution A welcome addition to the literature on National Socialist Germany American Historical Review Sheds new light on Himmler s role in the complex web of the Nazi police state Publishers Weekly The book makes major changes in our understanding of the structure and functioning of the Nazi police state Canadian Journal of History This is the first comprehensive study of how the Gestapo and all other detective police came to be united under the Sipo Security Police and tied to the SD The Security Services of the Party and SS Educational Book Review The work fills an important gap in the literature on the Third Reich TheHistorian

A History of Nazi Germany Joseph W. Bendersky,2000 This balanced history offers a concise readable introduction to Nazi Germany Combining compelling narrative storytelling with analysis Joseph W Bendersky offers an authoritative survey of the major political economic and social factors that powered the rise and fall of the Third Reich The book incorporates significant research of recent years analysis of the politics of memory postwar German controversies about World War II and the Nazi era and more on non Jewish victims Delving into the complexity of social life within the Nazi state it also reemphasizes the crucial role played by racial ideology in determining the policies and practices of the Third Reich Bendersky paints a fascinating picture of how average citizens negotiated their way through both the threatening power behind certain Nazi policies and the strong enticements to acquiesce or collaborate His classic treatment provides an invaluable overview of a subject that retains its historical significance and contemporary importance Text refers to later edition By the Sword Richard Cohen,2010-06-10 A seminal book about swordplay Rick Broadbent The Times The definitive study hugely readable of man s most deadly art Simon Winchester The classic history of sword fighting as told by

national sabre champion and Olympic fencer Richard Cohen The art and science of sword fighting goes back almost to the dawn of civilization and has been an obsession for much of mankind throughout recorded history Evidence of this passion is all around us to this day we shake hands to show that we are not reaching for our sword A gentleman offers a lady his right arm because his sword was once attached to his left hip Men button their jackets to the right to give them swifter access to their swords From the Roman arena to feudal Japan and from the duellists of Europe to the development of modern day Olympic fencing Richard Cohen traces the course of swordsmanship with wit and erudition in a fascinating and wonderfully wide ranging account He lets us see swordplay as graceful and brutal balletic and deadly technical and fiercely competitive the most romantic of martial arts Superbly written and impeccably researched *By the Sword* is a tribute to a perilous but beautiful skill the mastery of which for centuries defined what it meant to be a man *Hitler's People* Richard J Evans, 2024-08-13 Named a Best Book of the Year by Kirkus Reviews and Air Mail A fascinating and instructive book elegantly written and perceptive Wall Street Journal Kaleidoscopic A fascinating exploration of individual agency that never loses sight of the larger context Just the kind of probing nuanced and unsparing study to help us think things through The New York Times Through a connected set of biographical portraits of key Nazi figures that follows power as it radiated out from Hitler to the inner and outer circles of the regime s leadership one of our greatest historians answers the enduring question how does a society come to carry out a program of unspeakable evil Richard Evans author of the acclaimed *The Third Reich Trilogy* and over two dozen other volumes on modern Europe is our preeminent scholar of Nazi Germany Having spent half a century searching for the truths behind one of the most horrifying episodes in human history in *Hitler s People* he brings us back to the original site of the Nazi movement namely the lives of its most important members Working in concentric circles out from Hitler and his closest allies Evans forms a typological framework of Germany society under Nazi rule from the top down With a novelist s eye for detail Evans explains the Third Reich through the personal failings and professional ambitions of its members from its most notorious deputies like Goebbels the regime s propagandist and Himmler the Holocaust s chief architect to the crucial enforcers and instruments of the Nazi agenda that history has largely forgotten like the schoolteacher Julius Streicher and the actress Leni Riefenstahl Drawing on a wealth of recently unearthed historical sources *Hitler s People* lays bare the inner and outer lives of the characters whose choices led to the deaths of millions Nearly a century after Hitler s rise the leading nations of the West are once again being torn apart by a will to power By telling the stories of these infamous lives as human lives Evans asks us to grapple with the complicated nature of complicity showing us that the distinctions between individual and collective responsibility and even between pathological evil and rational choice are never easily drawn **Hitler** George Victor, 1998 A psychotherapist plumbs the depths of one of history s most disturbed minds *Top Nazi* Jochen von Lang, 2013-07-15 Deeply involved in the Holocaust as Heinrich Himmler s deputy for administration Karl Wolff personally arranged for the transportation of 300 000 Jews from Poland to the Treblinka

death camp in 1943 He went to trial in Germany and received a short prison sentence in 1964 But Wolff even more than Reinhard Heydrich could claim to enjoy Adolf Hitler s complete confidence He was appointed SS police chief in northern Italy in 1943 1945 and ordered by the Führer himself to kidnap the Pope and the cardinals and take them to Germany Wolff managed to talk Hitler out of the wild scheme and escaped hanging at Nuremberg by negotiating the surrender of the German armies in Italy with Allen Dulles in Switzerland Masters of Death Richard Rhodes, 2007-12-18 In Masters of Death Pulitzer Prize winning author Rhodes gives full weight for the first time to the Einsatzgruppen s role in the Holocaust These special task forces organized by Heinrich Himmler to follow the German army as it advanced into eastern Poland and Russia were the agents of the first phase of the Final Solution They murdered more than 1.5 million men women and children between 1941 and 1943 often by shooting them into killing pits as at Babi Yar These massive crimes have been generally overlooked or underestimated by Holocaust historians who have focused on the gas chambers In this painstaking account Pulitzer Prize winning author Richard Rhodes profiles the eastern campaign s architects as well as its ordinary soldiers and policemen and helps us understand how such men were conditioned to carry out mass murder Marshaling a vast array of documents and the testimony of perpetrators and survivors this book is an essential contribution to our understanding of the Holocaust and World War II **Days of Remembrance, April 26-May 3, 1992** ,1992
