The Life Of Christ Part One:

The Life of Jesus Christ Ludolf (von Sachsen), 2018 A translation of the Vita Iesu Christi an entire sweep of the life of Christ Drawing on the Church Fathers later spiritual writers and contemporary sources Ludolph of Saxony created an encyclopedic resource that became a popular spiritual text for several centuries

The Life of Jesus Christ Ludolph of Saxony, 2018-03-22 The Vita Christi of the fourteenth century Carthusian Ludolph of Saxony is the most comprehensive series of meditations on the life of Christ of the late Middle Ages Ludolph assembles a wealth of commentary from the fathers of the church and the great medieval spiritual writers and weaves them into a seamless exposition on the Gospel This is the first English translation of this classic work and it also is the first edition in any language to identify the thousands of sources used by Ludolph both those he quotes and the many he cites without attribution It will be of great interest to students of Christian spirituality but it is intended as was the original text for ordinary believers seeking to enter more deeply into the meaning of the life of Christ When complete there will be 4 volumes

The Life of Christ - Part One Michael Ey, 2016-04-29 The name of Jesus Christ sparks so many varied and different responses He is perceived as the cornerstone of all Christian faiths in the world He is also deeply respected by many adherents of other world religions as being at the very least a great prophet and teacher This book the first in a series of four approaches the life of Jesus Christ from a different point of view From the birth of Christ right up until Jesus sends His twelve disciples out on their own for the first time it delves into what many of the characters in the Gospels may have felt at various times during His life It explores their humanity as well as the humanity of Jesus without detracting from the beliefs of those who hold that He was and still is the Son of God In doing so it encourages people to explore their own humanity in order to help us to understand the truth of the Christian belief about the unconditional love of God that there is nothing that any person can ever do to make God love us more than He does at this point in time regardless of what we may or may not have done Some people with a Christian faith undoubtedly will be concerned about the extra fictitious material that has been added in others will struggle with the concept that the author is placing his thoughts into the life and actions of Jesus and that he assumes to know what both Jesus and His disciples are thinking Both of these concerns are valid however the tentative response is this John at the very end of his Gospel wrote these words And there are so many other things that Jesus did which if they were written one by one I suppose that even the world itself could not contain the books that would be written Jesus did so much that was never recorded Given this why are we so afraid to imagine some of the things that He may have said or did This is from some points of view a provocative book as are the others that follow Though in saying this it is incredibly important for the reader to understand from the outset that this is a work of historical fiction If it is interpreted as anything else then the heart of what is trying to be conveyed will be missed CS Lewis penned these words when a close friend of his Charles Williams died In his book Four Loves CS Lewis says In each of my friends there is something that only some other friend can fully bring out By myself I m

not large enough to call the whole of my friend into activity I want other lights than my own to show all his facets Now that Charles is dead I shall never again see Ronald s Tolkien author of the Lord of the Rings trilogy reaction to a specifically Charles joke Far from having more of Ronald having him to myself now that Charles is away I have less of Ronald In this friendship exhibits a glorious nearness to resemblance to heaven itself where the very multitude of the blessed increases the fruition which each of us has with God For every person seeing God in his or her own unique way communicates their very valued perspective to everyone else The more we share between us the more we shall have Regardless of any person s faith perspective this book attempts to communicate that truth is not a doctrine Truth as the author believes is found in a person and that person s name is Jesus Christ of Nazareth Irrespective of this the author does hope that this story brings out something about the life of Jesus Christ that may not have either been seen or considered before

F. X. Durrwell,2013-04-22 F X Durrwell s In the Redeeming Christ is a gentle forgotten masterpiece that reveals the relationship between personal holiness sacramental life in the Church and the salvation of the world Now re published with an introduction by Scott Hahn it is a beautiful meditation on the Christian life At the beginning of In the Redeeming Christ priest and theologian F X Durrwell states The Christian s salvation lies in his personal sanctification There too lies the salvation of others Durrwell s classic offers a hopeful and lucid vision of the Christian spiritual life to inspire and teach readers about the mystery of living in personal holiness and becoming most truly themselves by being in Christ as a member his body Such contemporary theologians as Scott Hahn and Brant Pitre have begun to discover the importance of both the idea of personal holiness and what this highly original thinker had to say about it **A Theology of Paul the Apostle, Part One** G. Roger Greene,2023-07-21 The legacy of Paul looms large in all Christian theology While the study of Paul is not a

simple task proper interpretation should be sustainable on the basis of a thorough examination of Paul's letters within their historical matrix The work *Theology of Paul the Apostle* is presented in two parts Part One Paul's Eschatological Gospel addresses matters relevant for Paul's appreciation of the gospel of God in the establishment of the eschatological community in Christ Paul's Judaism informs his apocalyptic description as he expresses his thought with consistent convictions within the varied contingent contexts of his communities within a Greco-Roman world Part Two Cross and Atonement examines a perennial storm center within Paul's theology from both an exegetical and developmentally historical perspective Paul was embraced by the gospel of God in Christ the resurrection being the turning point of the ages While Paul's theology and the understandings of Paul must be established point by point Paul's theology has continuing relevance within the very different matrix of a postmodern world

The Fourfold Gospel, Volume 1 John DelHousaye, 2020-08-07 In the spirit of Ludolph of Saxony c. 1295-1378 and Ignatius of Loyola 1491-1556 The Fourfold Gospel invites the reader into the mystery of God's redemption in Jesus Christ All the parallel passages in the Gospels are glossed together along with the unique material using a medieval interpretive approach called the Quadriga or the acronym PaRDeS in Hebrew Meditating on the literal canonical moral and theological senses of Scripture offers a scaffolding for the spiritual formation of the reader This volume in addition to a thorough introduction to the method and the Gospels focuses on the beginning of the story the birth baptism and temptations of Christ

A Dictionary of Christ and the Gospels James Hastings, 2004-10 The purpose of this dictionary is to give an account of everything that relates to Christ His Person Life Work and Teaching It is in a sense complementary to the Dictionary of the Bible in which of course Christ has a great place But a dictionary of the Bible being occupied mainly with things biographical historical geographical or antiquarian does not give attention to the things of Christ sufficient for the needs of the preacher to whom Christ is everything This is first of all a preacher's dictionary The authors of the articles have been carefully chosen from among those scholars who are or have been themselves preachers And even when the articles have the same titles as articles in the Dictionary of the Bible they are written by new men and from a new standpoint It is thus a work which is quite distinct from and altogether independent of the Dictionary of the Bible It is called a Dictionary of Christ and the Gospels because it includes everything that the Gospels contain whether directly related to Christ or not Its range however is far

greater than that of the Gospels It seeks to cover all that relates to Christ throughout the Bible and in the life and literature of the world There will be articles on the Patristic estimate of Jesus the Medieval estimate the Reformation and Modern estimates There will be articles on Christ in the Jewish writings and in the Muslim literature Much attention has been given to modern thought whether Christian or anti Christian Every aspect of modern life in so far as it touches or is touched by Christ is described under its proper title James Hastings 1852 1922 was a distinguished scholar and pastor He was founder and editor of the Expository Times and is also well known for editing the five volume Dictionary of the Bible as well as the Encyclopaedia of Religion and Ethics the Dictionary of Christ and the Gospels and the Dictionary of the Apostolic Church
