The Life Of Friedrich Nietzsche :

Friedrich Nietzsche Julian Young,2010-03-08 In this beautifully written account Julian Young provides the most comprehensive biography available today of the life and philosophy of the nineteenth century German philosopher Friedrich Nietzsche Young deals with the many puzzles created by the conjunction of Nietzsche s personal history and his work why the son of a Lutheran pastor developed into the self styled Antichrist why this archetypical Prussian came to loath Bismarck s Prussia and why this enemy of feminism preferred the company of feminist women Setting Nietzsche s thought in the context of his times the rise of Prussian militarism anti Semitism Darwinian science the Youth and emancipationist movements as well as the death of God Young emphasises the decisive influence of Plato and of Richard Wagner on Nietzsche s attempted reform of Western culture *The Life of Friedrich Nietzsche* Daniel Halévy,1911 **The Life of Friedrich Nietzsche**

Daniel Halevy,2017-12-20 Karl Ludwig Nietzsche a young clergyman of the Lutheran Church came of an ecclesiastical family His father and his grandfather had taught theology His wife was the daughter and the granddaughter of clergy men Ignoring modern thought and all the agitations and desires of his time he followed the safe path of the double tradition which had at once been revealed by God to the faithful and indicated by Princes to their subjects His superiors thought highly of him Frederick William Iv King of Prussia condescended to take him under his wing and he might have hoped for a fine career had he not suffered from headaches and nerves As it was rest became essential Life of Friedrich Nietzsche D.

Halevy,1972-01-01 **The Use and Abuse of History** Friedrich Nietzsche,2019-11-13 While life needs the services of history it must just as clearly be comprehended that an excess measure of history will do harm to the living declares Friedrich Nietzsche in this cautionary polemic The iconoclastic philosopher warns us about the dangers of an uncritical devotion to the study of the past which leads to destructive and limiting results particularly in cases where long ago events are exploited for nationalistic purposes Nietzsche proposes three approaches to times gone by the monumental focusing on examples of human greatness the antiquarian involving immersion in a bygone period and the critical rejecting the old in favor of the new He examines the pros and cons of each concept favoring how the ancient Greeks looked at things which balanced a consciousness of yesteryear with contemporary intellectual cultural and political sensibilities Nietzsche s emphasis on history as a dynamic living culture rather than the subject of detached scholarship is certain to resonate with modern readers **Friedrich Nietzsche - The Philosopher's Biography (Biography)**

Biographiq,2008-05 Friedrich Nietzsche The Philosopher s Biography is an account of the life of Friedrich Nietzsche a nineteenth century German philologist and philosopher Nietzsche wrote critiques on the subjects of religion morality contemporary culture philosophy and science using a distinctive German language style and displaying a fondness for aphorism Nietzsche s influence remains substantial within and beyond philosophy notably in existentialism and postmodernism His style and radical questioning of the value and objectivity of truth raise considerable problems of interpretation generating an extensive secondary literature

in both continental and analytic philosophy Nonetheless his key ideas include interpreting tragedy as an affirmation of life an eternal recurrence that has become subject to numerous interpretations a reversal of Platonism and a repudiation of Christianity Nietzsche began his career as a philologist before turning to philosophy At the age of twenty four he became Professor of Classical Philology at the University of Basel but resigned in 1879 due to health problems which would plague him for most of his life In 1889 he exhibited symptoms of a serious mental illness living out his remaining years in the care of his mother and sister until his death in 1900 Friedrich Nietzsche The Philosopher s Biography is highly recommended for those interested in learning more about this important German philosopher **Zarathustra's Secret** Joachim

Köhler,2002-01-01 In this groundbreaking biography the author seeks to understand Nietzsche s philosophy through a reconstruction of his inner life Briskly written almost a philosophical detective story Volksblatt 43 illustrations *Friedrich Nietzsche* Curtis Cate,2005-09-06 An accessible anecdotally rich biography of the profoundly influential 19th century philosopher author of Beyond Good and Evil and The Will to Power Kirkus Reviews Friedrich Nietzsche was the most fearlessly provocative and original thinker in Western history The protean diversity of his writings make him one of the most influential of modern philosophers yet his often paradoxical statements can be properly understood only within the context of his restless tragic life Physically handicapped by weak eyesight violent headaches and bouts of nausea this Nietzsche made short shrift of self pity and ostentatious displays of compassion The son of a Lutheran clergyman whom he adored he became a fearless agnostic who proclaimed in Thus Spake Zarathustra that God is dead Curtis Cate s refreshingly accessible new biography brilliantly distills and clarifies Nietzsche s ideas and the reactions they elicited This book explores the musical and philosophical influences that inspired his thought the subtle workings of his creative process and the acute physical suffering he combated from his adolescence until his final mental collapse of January 1889 Cutting through the academic jargon and clearing away the prejudices that have become associated with Nietzsche s name Cate reveals a man whose ideas continue to have prophetic relevance and incredible vibrancy today *The Life of Friedrich Nietzsche (Classic Reprint)* Daniel

Halevy,2015-07-19 Excerpt from The Life of Friedrich Nietzsche The duel between Nietzsche and civilisation is long since over and that high poet and calamitous philosopher is now to be judged as he appears in the serene atmosphere of history which need it be said he infinitely despised The crowd the common herd the multitude which he also despised has recorded its verdict with its usual generosity to the dead and that verdict happens to be an ample revenge It has dismissed Nietzsche s ideas in order to praise his images It has conceded him in literature a brilliant success and has treated his philosophy as fundamental nonsense of the sort that calls for no response except a shrug of the shoulders The immoralist who sought to shatter all the Tables of all the Laws and to achieve a Transvaluation of all Values ends by filling a page in Die Ernte and other Anthologies for the Young And in certifying his style to be that of a rare and real master the crowd has followed a true instinct More than Schopenhauer more even than Goethe Nietzsche is accounted by the critics of his country to have taught

The Philosophy of Friedrich Nietzsche Arthur Russell,2020-07-25 In 19th Prussia human values were thought to be uniform and defined absolutely and exclusively through Christianity This ensured that people offered their blind conformity to the rules of law and civility Among these times one man stood up and challenged the entire system of a nation Professing that morality was not absolute but a shade of gray he urged people to not rely on religion to dictate their lives but to define it themselves He challenged people to dream be bold and not be afraid to think differently and follow their own individual path This book explores the life and works of Friedrich Nietzsche Nietzsche was born into a religious household but swayed away from thinking that people should not have ambitions He invented the concept of the ubermensch or superman as someone who went against the grain to discover life for themselves without relying on God to define it for

them He spent his entire life trying to find a philosophy that would hold his ideals as indelible standards He was the subject of much derision and contempt but today he is a hero philosopher His childhood home is preserved as a museum in his honor But who really was the man and what did he really think about Here s a preview of what you ll discover in this book Friedrich Nietzsche s early childhood family life and education Growing up in a strict protestant household Attending Bonn University and experience cognitive dissonance Developing his philosophical foundation at Leipzig University Going public with his ideals that morality was not universal Developing the now salient idea of ubermensch A summary of his philosophies from Nihilism to Perspectivism And much more Nietzsche was ahead of his time with deriving his philosophies that would later win him critical acclaim as those same tenets caught on in popular thoughts A study of his works is essentially to understand how he helped shape modern thought This amazing book will expose you to revolutionary ideas that will give you fresh insight into our intellectual evolution as a species So scroll up and click the Buy now with 1 click button to learn more

Example in this ebook AN ESSAY ON ARISTOCRATIC RADICALISM 1889 Friedrich Nietzsche appears to me the most interesting writer in German literature at the present time Though little known even in his own country he is a thinker of a high order who fully deserves to be studied discussed contested and mastered Among many good qualities he has that of imparting his mood to others and setting their thoughts in motion During a period of eighteen years Nietzsche has written a long series of books and pamphlets Most of these volumes consist of aphorisms and of these the greater part as well as the more original are concerned with moral prejudices In this province will be found his lasting importance But besides this he has dealt with the most varied problems he has written on culture and history on art and women on companionship and solitude on the State and society on life's struggle and death He was born on October 15 1844 studied philology became in 1869 professor of philology at Basle made the acquaintance of Richard Wagner and became warmly attached to him and associated also with the distinguished historian of the Renaissance Jakob Burckhardt Nietzsche's admiration and affection for Burckhardt were lasting His feeling for Wagner on the other hand underwent a complete revulsion in the course of years From having been Wagner's prophet he developed into his most passionate opponent Nietzsche was always heart and soul a musician he even tried his hand as a composer in his Hymn to Life for chorus and orchestra 1888 and his intercourse with Wagner left deep traces in his earliest writings But the opera of Parsifal with its tendency to Catholicism and its advancement of the ascetic ideals which had previously been entirely foreign to Wagner caused Nietzsche to see in the great composer a danger an enemy a morbid phenomenon since this last work showed him all the earlier operas in a new light During his residence in Switzerland Nietzsche came to know a large circle of interesting people He suffered however from extremely severe headaches so frequent that they incapacitated him for about two hundred days in the year and brought him to the verge of the grave In 1879 he resigned his professorship From 1882 to 1888 his state of health improved though extremely slowly His eyes were still so weak that he was threatened with blindness He was compelled to be extremely careful in his mode of life and to choose his place of residence in obedience to climatic and meteorological conditions He usually

spent the winter at Nice and the summer at Sils Maria in the Upper Engadine The years 1887 and 1888 were astonishingly rich in production they saw the publication of the most remarkable works of widely different nature and the preparation of a whole series of new books Then at the close of the latter year perhaps as the result of overstrain a violent attack of mental disorder occurred from which Nietzsche never recovered To be continue in this ebook **Friedrich Nietzsche** Maximilian August Mügge,1908
