**Lions of Ireland** David Walmsley, 2012-03-16 Look for a Lions legend and the chances are you will find an Irishman

Throughout the touring team's history the heroes of Irish rugby have been at the heart of the Lions' finest hours on and off the pitch. Look at the Lions' record books and you will find Irishmen at the top of almost every list from Willie John McBride and Tony O'Reilly to Ronnie Dawson. No nation has provided more leaders of the Lions. In *Lions of Ireland* these greats tell their stories of life on some of the longest, hardest roads in sport. Those featured include world-class players and characters who have contributed to Lions folklore such as Karl Mullen, Jack Kyle, Fergus Slattery, Tom Kiernan, Mike Gibson and Syd Millar, and the account is brought up to date with contributions from the likes of Keith Wood. This book includes a complete reference section featuring every Irish player to have represented the Lions in Tests since the first united tour of 1910. It recalls the powerful personalities and relives the most dramatic deeds in the Lions' long history from the 1971 groundbreaking triumph against the All Blacks and success against the odds in South Africa in 1997 to the 2005 tour of New Zealand.

*The Essential Library for Irish Americans* Morgan Llywelyn, 2024-09-04 Ireland is in the news and a center of international attention in this decade. This book is an instructive, opinionated, annotated list of books that anyone in America who is Irish or interested in the Irish ought to read. Morgan Llywelyn has chosen these books for their accuracy and their pleasures and describes them in clear, concise language that is in itself a pleasure. It does not summarize the contents but rather tells you what experiences are in store for the reader of each individual book listed. The books are listed in broad categories such as biography and autobiography, history, poetry, fiction, and many more. This guide will be a useful companion to travellers to Ireland, will give insight into the Irish heritage of Irish Americans, will be a guide to further reading, and perhaps even to building family libraries in the home. Morgan Llywelyn, the author of fine novels of the past of Ireland such as *Lion of Ireland* and the present such as *1916*, has both the knowledge and the credibility to present this book to the reading public. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**An Economic History of Ireland Since Independence** Andy Bielenberg, Raymond Ryan, 2013-05-20 This book provides a cogent summary of the economic history of the Irish Free State/Republic of Ireland. It takes the Irish story from the 1920s right through to the present, providing an excellent case study of one of many European states which obtained independence during and after the First World War. The book covers the transition to protectionism and import substitution between the 1930s and the 1950s and the second major transition to trade liberalisation from the 1960s. In a wider European context, the Irish experience since EEC entry in 1973 was the most extreme European example of the achievement of industrialisation through foreign direct investment. The eager adoption of successive governments in recent decades of a neo-liberal economic model, more particularly de-regulation in banking and construction, has recently led the Republic of Ireland to the most extreme economic crash of any western society since the Great Depression.

**Life's Lessons Learnt** Sean A O'Reilly, 2016-05-24 Every person has an interesting life story to tell and I do not claim that my story is unique. I write about my experience of living alone with my grandmother on an Irish farm and why it shaped my national identity. My life-changing

move to London and the need to become street wise and still make it to university is covered I describe how my debating exploits at school and university got me an invitation to The House of Lords and how I met my future wife and entering a grammar school for the very first time as teacher My passion for comprehensive education more enlightened science teaching and my role in senior school management all get an airing as well as my camping political and sporting adventures Space is given to how we made lifelong friends with some Germans and our many years of skiing in Austria and Norway The book also covers the period from early retirement in 1999 to my years teaching in some of Englands elite private schools and why girls really do love chocolate I describe how I coped with a heart bypass in 2012 and got back to marathon running and took up marathon bike riding for charity I conclude with my take on the human predicament *Investors Chronicle* ,1994
