The Light And The Dark A Cultural History Of Dualism Vol 9:

The Light and the Dark: A cultural history of dualism Petrus Franciscus Maria Fontaine,1986 *The Demonic in the Political Thought of Eusebius of Caesarea* Hazel Johannessen,2016 Through close literary analysis of the original Greek texts Hazel Johannessen explores how Eusebius of Caesarea c 260 339 used ideas about demons in his political thought **The Light and the Dark** Petrus Franciscus Maria Fontaine,2001 **Der paradox Eine** Reinhard M. Hübner,Markus Vincent,2015-12-22 These essays propose a new dating of and historical setting for the letters of Ignatius of Antioch In so doing this volume forms an important contribution to the study of Monarchianism and early church history as well An examination of the fragments of No tus of Smyrna the founder of Monarchianism leads to the discovery of the oldest Regula fidei and of its origin as part of anti gnostic polemics On the ground of late second century parallels especially Melito and Irenaeus this Regula can be dated between 160 and 180 CE It is within this context that the so called Letters of Ignatius fit seamlessly As a result of these findings this volume argues for a significant revision of our understanding of early church history Monarchianism Sabellianism Patripassianism later considered heretical is shown to have been the almost universally accepted belief within the Church up to the period of the Roman bishops Zephyrinus and Callistus Theodicy and the Cross of Christ Tom Holmén,2018-12-13 The death of Jesus is commonly regarded as the one radically novel perspective from which the problem of suffering is viewed in the New Testament as opposed to the appropriation of viewpoints present elsewhere in contemporary writings and in the Old Testament Tom Holm n s focus on the death of Jesus as a source of New Testament theodicy reveals a two fold reasoning the lasting relevance of the theme of Jesus death on the cross and theodicy and the lack of thorough and sustained New Testament investigations into this theme Holm n s argument focuses on the changes in the concept of suffering occasioned by the unprecedented sacrifice of Jesus He explores both the derivative nature of suffering as God s retribution or a test for discipline in line with the traditions known in the time contemporary to the formation of the New Testament and the sharp wholly new contrast of suffering as intercessory in the crucifixion of Christ Son of God appearing to the world as impossible Holm n considers many issues in his discussion including the context of providence and covenant and the problem that Jesus death causes for theodicy He also examines other perspectives such as the writings of Paul and practical considerations of coping with anguish Taken as a whole this study provides a fresh examination of the crucifixion s central role for understanding New Testament approaches to suffering **The Gnostic World** Garry W. Trompf,Gunner B. Mikkelsen,Jay Johnston,2018-10-03 The Gnostic World is an outstanding guide to Gnosticism written by a distinguished international team of experts to explore Gnostic movements from the distant past until today These themes are examined across sixty seven chapters in a variety of contexts from the ancient pre Christian to the contemporary The volume considers the intersection of Gnosticism with Jewish Christian Islamic and Indic practices and beliefs and also with new religious movements such as Theosophy Scientology Western Sufism and the Nation of Islam This

Meyers, Randall Styers,2010-11-17 *Light Against Darkness* is comprised of articles that put on display the power and pervasiveness of dualistic thought Dualism has proved a potent cultural tool for clarifying and ordering reality Particularly in times of social stress and psychological insecurity it can offer a valuable conceptual grid that provides orientation to the world and a clear sense of identity At the same time though there are important questions to be asked about the social effects of binary thinking As history amply illustrates dualistic notions can readily be deployed to legitimate cultural demonization and to rationalize violence At a deeper level a dualist worldview can also obscure the possibilities to be found in multiplicity

The articles in this volume treat Dualism across a wide historical spectrum and from multiple methodological perspectives. The studies are organized around the religious and cultural contexts of Ancient Judaism and they include contributions from leading voices on ancient Persia, Israel, Greece, and Egypt. Experts on modern religious and philosophical thought not only lend context to concepts applied to the ancient world but engage recent European and American experiments in binary thought. All of the studies contribute to a richer and more complete portrait of dualism in ancient Judaism. *Paperbound Books in Print*, 1992. **The Light and the Dark: Dualism in Roman History IV** Petrus Franciscus Maria Fontaine, 1986

Books in Series, 1985 Vols for 1980 issued in three parts Series Authors and Titles **The Light and the Dark: Dualism in Roman history: 4. The struggle between orthodoxy and heterodoxy in the early Christian church** Petrus Franciscus Maria Fontaine, 1998 **The Banishment of Beverland** Karen Eline Hollewand, 2019-03-19 In 1679 Hadriaan Beverland 1650-1716 was banished from the province of Holland. Why was this humanist scholar exiled from one of the most tolerant parts of Europe in the seventeenth century? To answer this question this book places Beverland's writings on sex, sin, and scholarship in their historical context for the first time. Beverland argued that sexual lust was the original sin and highlighted the importance of sex in human nature, ancient history, and his own society. His audacious works hit a raw nerve. Dutch theologians accused him of atheism; he was abandoned by his humanist colleagues and he was banished by the University of Leiden. By positioning Beverland's extraordinary scholarship in the context of the seventeenth-century Dutch Republic, this book examines how his radical studies challenged the intellectual, ecclesiastical, and political elite, providing a fresh perspective upon the Dutch Republic in the last decades of its Golden Age. **Books in Series, 1876-1949** R.R.
