The Lincoln Ideals Abraham Lincoln, 2003-01 **The Lincoln Ideals, His Personality and Principles as Reflected in His Own Words (Classic Reprint)** Abraham Lincoln, 2017-12-20 Excerpt from *The Lincoln Ideals His Personality and Principles as Reflected in His Own Words* I was born Feb 12 1809 in Hardin County Kentucky My parents were both born in Virginia of undistinguished families second families perhaps I should say My mother who died in my tenth year was of a family of the name of Hanks some of whom now reside in Adams and others in Macon counties Illi nois My paternal grandfather Abraham Lincoln emigrated from Rockingham County Virginia to Kentucky about 1781 or 2 where a year or two later he was killed by indians not in battle but by stealth when he was laboring to open a farm in the forest His ancestors who were quakers went to Virginia from Berks County Pennsylvania An effort to identify them with the New England family of the same name ended in nothing more definite than a similarity of Christian names in both families such as Enoch Levi Mordecai Solomon Abraham and the like About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Abraham Lincoln Sesquicentennial** United States. Lincoln Sesquicentennial Commission, 1960 **Presidents of the United States** James Saylor, 2002 While America's presidents hold great sway and command much attention during their terms of office the measure of their historical impact often comes from what they write The papers produced by each commander in chief helps to determine how history will remember him since the writings provide first hand accounts of the presidency Mirroring the personality of the president these writings vary from the pedestrian to the prolific Little of note remains from the tenure of Zachary Taylor while the products of the Nixon era continue to spark national debate This book gives a listing of the major pieces of literature produced by each president as well as an overview of researching presidential records In providing an introductory bibliography the book becomes an excellent starting point for anyone researching the presidency in general or a president in particular Presidents of the United States-their Written Measure James Saylor, 1996 **American Presidents** Fenton S. Martin, Robert Goehlert, 1987 **Pennsylvania School Journal** , 1958 Includes Official program of the meeting of the Pennsylvania State Educational Association sometimes separately paged *Annual Winners* Lincoln Era Essay Contest (Organization), 1987 **The Fascinating Story of Black Kentuckians** Alice Allison Dunnigan, 1982 A history of Black Americans in Kentucky and a discussion of their contributions to that state **Recent Publications on Governmental Problems** , 1959 American Book Publishing Record Cumulative, 1950-1977 R.R.  Library Research,University of California, Berkeley,1972 **Journal of Education** ,1892 **The Inaugural Addresses of**
Twentieth-Century American Presidents Halford Ryan,1993-06-30 The essays in Halford Ryan s The Inaugural Addresses
 of Twentieth Century American Presidents explore how presidents have used their addresses to empower themselves in
 office The volume s construct holds that the president delivers persuasive speeches to move the Congress and the people and
 to move the people to move the Congress if it is intransigent Even on Inauguration Day a largely ceremonial occasion the
 president seeks acquiescence and action from Congress and the people in his first rhetorical deed as the nation s chief
 executive officer Since scholars agree that the rhetorical presidency arose in the twentieth century with Theodore Roosevelt
 the book commences with Roosevelt s address followed by all subsequent presidents inaugurals including that of Bill Clinton
 The authors methodology applies classical rhetoric to the nexus of political discourse the interrelationships between the
 speaker the speech and the audience discussing vox populi elocutio inventio and actio Each of the chapters analyzes the
 political situation with regard to political purpose giving special attention to genre criticism and to the themes of campaign
 rhetoric that were or were not carried forth into the inaugural address The essayists explicate the evolution of each inaugural
 s preparation criticize its delivery and evaluate its persuasive strengths and weaknesses by accounting for its reception by
 the media and by the American people Recommended for scholars of political communication and rhetoric political science
 history and presidential studies **Religion and the American Presidency** Gastón Espinosa,2009 This book challenges
 the idea that the mixing of religion and presidential politics is a new phenomenon It explores how presidents have drawn on
 their religious upbringing rhetoric ideas and beliefs to promote their domestic and foreign policies to the nation This
 influence is evident in Washington s decision to add so help me God to the presidential oath accusations by Adam s
 supporters that Jefferson was an infidel Lincoln s biblical metaphors during the Civil War and FDR s call to fight against Nazi
 totalitarianism on behalf of Judeo Christian civilization It is also apparent in Truman s support for Israel Eisenhower s Cold
 War decision to add In God We Trust on American currency the debate over JFK s Catholicism Jimmy Carter s born again
 Christianity Reagan s Evil Empire speech Clinton s public repentance and George W Bush s crusade against Islamic terrorists
 This volume explores these issues of religion and power in the presidencies of Washington Jefferson Madison Lincoln FDR
 Truman Eisenhower JFK Carter Reagan George H W Bush Clinton and George W Bush through scholarly interpretations
