Politics and the Environment Michael Howes, Griffith University, Australia, 2013-10-31 An evenhanded realistic and thoughtful approach to identifying environmental problems and

management goals Stephen Zavestoski Assistant Professor of Sociology and Environmental Studies University of San Francisco a theoretically advanced yet accessible treatment of environmental governance drawing on an impressive range of material to investigate the roles of states and industries in addressing environmental problems Harriet Bulkeley Department of Geography University of Durham Written in the vein of critical optimism this book is pitched at the right level to inspire people trying to make pragmatic changes to their governmental and industrial systems trying to make a difference where it counts Timothy Doyle Associate Professor in Geographical and Environmental Studies University of Adelaide What is the future for our environment We face serious risks of major industrial accidents and global environmental degradation yet new technological developments promise a standard of living unimaginable only a few generations ago Michael Howes outlines the ways in which governments have responded to environmental risk over the past four decades He examines the key environmental issues and the claims of envirosceptics offering a new strategy for making major administrative decisions in the face of uncertainty He explains how governments have developed environmental policy and the ongoing tensions between science industry the state social movements and electoral politics In a clear straightforward manner he shows how to use the work of theorists Ulrich Beck Michel Foucault and John Dryzek to analyse environmental policy He also develops a new method of measuring the effectiveness of environmental governance in developed countries Howes draws on a wide array of sources from business government environment groups academic research and NGOs to illustrate his arguments with comparisons between the environmental policies of the UK the USA and Australia Active Citizenship in Schools John Potter,2003-12-16 Community Service Volunteers is known nationally for its citizenship and community learning schemes and provides a support and consultancy service for schools education authorities and government This book is based on that experience and carries The Dynamics of Devolution Alan Trench,2015-10-26 This book is the fifth and final volume in the State of the Nations yearbook series on devolution in the UK This book explores the future of devolution by examining the new political dynamics devolution has put into play These concern devolution s operation and also its impact how devolution has altered politics in the parts of the UK that experience devolution and in the UK as a whole Chapters examine the key topics in devolution and examine the interplay between institutional change and social economic and political forces both those that existed before devolution and those brought into being by it This interplay creates scope for varying forms of change but what that change means varies from topic to topic In some cases such as Wales institutional issues remain to the fore while in others such as Scotland pressures for institutional change are relatively limited but the devolved institutions create scope for new political factors to come into play Challenging Multiculturalism Raymond Taras,2012-12-17 Tackles the challenge of dismantling the multicultural model without destroying diversity in European society Have Europeans become hostile to multiculturalism When people vote for anti immigration parties do they also support their anti multiculturalism policies And are right wing extremists becoming the storm troopers of the struggle against diversity In

recent years European political leaders from Angela Merkel to David Cameron have discarded the term multiculturalism and now express scepticism criticism and even hostility towards multicultural ways of organising their societies Yet they are unprepared to reverse the diversity existing in their states These contradictory choices have different political consequences in the countries examined in this book The future of European liberalism is being played out as multicultural notions of belonging inclusion tolerance and the national home are brought into question
