## **The Guns Of Lattimer:**

The Guns of Lattimer ,1996-01-01 On September 10 1897 in the hamlet of Lattimer Mines Pennsylvania an armed posse took aim and fired into a crowd of oncoming mine workers who were marching in their corner of the coal mining region to call their fellow miners out on strike The marchers Poles Slovaks Hungarians most of whom could not yet speak English were themselves armed only with an American flag and a timid budding confidence in their new found rights as free men in their newly adopted country The mine operators took another view of these rights and of the strange alien men who claimed them When the posse was done firing nineteen of the demonstrators were dead and thirty nine were seriously wounded Some six months later a jury of their peers was to exonerate the deputies of any wrong doing This long forgotten incident is here movingly retold by Michael Novak himself the son of Slovak immigrants and one of our most gifted writers and social observers In his hands the so called Lattimer Massacre becomes not only a powerful story in its own right and an invaluable key to the history of the growth of the United Mine Workers but an allegory of that peculiarly American experience undergone over and over again throughout the land and down to this very day the experience of new immigrants still miserable with poverty and bewilderment and suffering the trauma of culture shock being confronted by the hostility and blind contempt of the real Americans In Michael Novak s uniquely vivid account the incident at Lattimer is seen as a tragedy brought on not so much by inhumanity as by the profound failure of majority WASP society to understand the needs and responses of foreigners The Guns of Lattimer is a gripping book that tells Americans old and new a great deal about themselves and the society they live in **The Men Behind the Guns in the Making of Greater Columbus** ,1906

the daughters of the losing side to the sons of the winning group in a yearly ritual This year it is my turn My name is Ivy Westfall and my mission is simple to kill the president s son my soon to be husband and return the Westfall family to power But Bishop Lattimer is either a very skilled actor or he s not the cruel heartless boy my family warned me to expect He might even be the one person in this world who truly understands me But there is no escape from my fate I am the only one who can restore the Westfall legacy Because Bishop must die And I must be the one to kill him The Book of Ivy series is best enjoyed in order Reading Order Book 1 The Book of Ivy Book 2 The Revolution of Ivy People and Ideas on the Move Marija Wakounig,Ferdinand Kühnel,2021-05-29 During the 1970s the todays Austrian Federal Ministry of Education Science and Research Bundesministerium f r Bildung Wissenschaft und Forschung BMBWF supported the founding of the Center for Austrian Studies at the University of Minnesota in Minneapolis and the Austrian Chair at Stanford University in California These foundings were the initial incentives for the worldwide spreading of similar institutions currently nine Centers for Austrian and Central European Studies exist in seven states on three continents The funding of the Ministry enables to connect senior with young scholars to help young PhD students to participate and to benefit from the scientific connection of experienced researchers and to get in touch with the national scientific community by sniffing scientific air as the Austrian like to say Furthermore it aims to avoid prejudices and to spread a better understanding and knowledge about Austria and Central Europe by promoting scientific exchange This volume contains the annual reports 2017 2018 of the Center Director s and the papers of their PhD students which discuss various topics on mostly East Central European History from various perspectives and in different centuries The Trials of Nikki Hill Christopher Darden,Dick Lochte,2009-02-28 When TV presenter Maddie Gray s body is found dumped in gangland LA the police arrest a young black man found at the scene with Maddie s ring in his pocket For Nikki Hill an ambitious Afro American attorney it is a make or break case *An Archaeology of Structural Violence* Michael P. Roller,2018-10-17 Brilliantly underscores how the manifestations of modern alienation and social inequality must be at the center of any truly anthropological analysis in the twenty first century This fantastic volume makes us comprehend the immense complexities of violent modernity and will compel us to critically interrogate our past our present and our future Daniel O Sayers author of A Desolate Place for a Defiant People The Archaeology of Maroons Indigenous Americans and Enslaved Laborers in the Great Dismal Swamp Drawing on material evidence from daily life in a coal mining town this book offers an up close view of the political economy of the United States over the course of the twentieth century This community s story illustrates the great ironies of this era showing how modernist progress and plenty were inseparable from the destructive cycles of capitalism At the heart of this book is one of the bloodiest yet least known acts of labor violence in American history the 1897 Lattimer Massacre in which 19 striking immigrant mineworkers were killed and 40 more were injured Michael Roller looks beneath this moment of outright violence at the everyday material and spatial conditions that supported it pointing to the growth of shanty enclaves on the periphery of the town that reveal the

reliance of coal companies on immigrant surplus labor Roller then documents the changing landscape of the region after the event as the anthracite coal industry declined as well as community redevelopment efforts in the late twentieth century This rare sustained geographical focus and long historical view illuminates the rise of soft forms of power and violence over workers citizens and consumers between the late 1800s and the present day Roller expertly blends archaeology labor history ethnography and critical social theory to demonstrate how the archaeology of the recent past can uncover the deep foundations of today s social troubles Michael P Roller is a research affiliate of the Anthropology Department of the University of Maryland Currently he is employed as an archaeologist for the National Park Service A volume in the series Cultural Heritage Studies edited by Paul A Shackel

**Catholic Intellectuals and Conservative Politics in America, 1950-1985** Patrick Allitt, 2019-01-24 At the end of World War II conservatism was a negligible element in U S politics but by 1980 it had risen to a dominant position Patrick Allitt helps explain the remarkable growth of the contemporary conservative movement in the light of Catholic history in the United States Allitt focuses on the role of individual Catholics against a backdrop of volatile cultural change showing how such figures as William F Buckley Jr Garry Wills John T Noonan Jr Michael Novak John Lukacs Thomas Molnar Russell Kirk Clare Boothe Luce Ellen Wilson Charles Rice and James McFadden forged a potent anti liberal intellectual tradition Catholic Intellectuals and Conservative Politics in America 1950 1985 is much more than a history of conservative Catholics for it illuminates critical themes in postwar American society As Allitt narrates the interplay of liberal and conservative politics among Catholics he unfolds a history both intricate and sweeping After describing how New Conservatism was shaped in the 1950s by William F Buckley Jr and an older generation of Catholic thinkers including Ross Hoffman and Francis Graham Wilson Allitt traces the range of Catholic responses to the cataclysmic events of the 1960s the election of John F Kennedy the civil rights movement the decolonization of Africa Supreme Court decisions on school prayer the war in Vietnam and nuclear arms proliferation He shows how the transformation of the Church prompted by the Second Vatican Council not only intensified existing divisions among Catholics but also shattered the unity of the Catholic conservative movement Turning to the 1970s Allitt chronicles bitter controversies concerning family roles contraception abortion and gay rights Next comparing the work of John Lukacs Thomas Molnar Garry Wills and Michael Novak from the 1950s through the 1980s Allitt demonstrates how individual Catholic conservatives drew different lessons from similar contingencies He concludes by assessing recent ideological shifts within American Catholicism using as his test case the conservative resistance to the Catholic Bishops 1983 Pastoral Letter on Nuclear Weapons Offering new insight into the subtle interplay between religion and politics Catholic Intellectuals and Conservative Politics in America 1950 1985 will be engaging reading for everyone interested in the postwar evolution of American politics and culture

**An Archaeology of Unchecked Capitalism** Paul Shackel, 2019-12-01 The racialization of immigrant labor and the labor strife in the coal and textile communities in northeastern Pennsylvania appears to be an isolated incident in history Rather this history can serve as a touchstone connecting the history of the exploited laborers to today's labor in the global economy By drawing parallels between the past and present for example the coal mines of the nineteenth century northeastern Pennsylvania and the sweatshops of the twenty first century in Bangladesh we can have difficult conversations about the past and advance our commitment to address social justice issues

Political Violence in America Lori Cox Han, Tomislav Han, 2022-03-29 This multivolume encyclopedia surveys America's long and troubled history of political violence from the colonial era to the present with a particular emphasis on factors driving political violence and intimidation in the United States in the 21st century Americans like to think of their nation as one grounded in high minded democratic ideals and peaceful transitions of power In reality though American politics has been heavily laced with expressions of violence and intimidation since the nation's very inception which saw a campaign of violent rebellion against British rule Since then America has endured the deaths of four presidents from assassination a four year civil war racist attacks on civil rights activists and ordinary citizens deadly clashes between protesting citizens and law enforcement sustained campaigns of violence against marginalized populations seeking greater political or economic equality politically motivated mass shootings and on January 6 2021 the shocking spectacle of a politically motivated mob attack on the U S Capitol How and why did these events transpire What were the root causes What factors are driving political violence and intimidation in America today And are there changes that we could make to our country's political discourse that would reduce such outbreaks of bloodshed This authoritative multivolume encyclopedia provides answers to all these questions and more

*The Age of Discontent* Ralph Brauer, 2025-04 For much of the last century three narratives framed American history The plantation narrative with its Gone with the Wind view of slavery and Reconstruction bolstered racial apartheid The frontier narrative worshipped individualism over collective responsibility and

ignored the decimation of indigenous cultures The industrial narrative redefined by Ralph Brauer in this sweeping history of late nineteenth century labor and farmer activism traditionally celebrated laissez faire capitalism and the achievements of wealthy industrialists The Age of Discontent offers an alternative perspective asserting that the largest and most important expression of mass democracy in American history laid the foundations for economic growth and prosperity Main Street not Wall Street was responsible for the American Century Grassroots activists and reformers from the working and farming classes take center stage in this fascinating success story of government programs and legislation
