I. Gurdjieff, 2021-07-20 Over one hundred years ago in Russia G I Gurdjieff introduced a spiritual teaching of conscious evolution a way of gnosis or knowledge of being passed on from remote antiquity Gurdjieff s early talks in Europe were published in the form of chronological fragments preserved by his close followers P D Ouspensky and Jeanne de Salzmann Now these teachings are presented as a comprehensive whole covering a variety of subjects including states of consciousness methods of self study spiritual work in groups laws of the cosmos and

the universal symbol known as the Enneagram Gurdjieff respected traditional religious practices which he regarded as falling into three general categories or ways the Way of the Fakir related to mastery of the physical body the Way of the Monk based on faith and feeling and the Way of the Yogi which focuses on development of the mind He presented his teaching as a Fourth Way that integrates these three aspects into a single path of self knowledge The principles are laid out as a way of knowing and experiencing an awakened level of being that must be verified for oneself *Views from the Real World* G.I.

**Reality of Being** Jeanne de Salzmann,2010-07-27 An important book on liberating ourselves from the state of waking sleep in which we live our lives as taught by one of the most influential spiritual teachers of the 20th century As the closest pupil of the charismatic spiritual master G I Gurdjieff 1866 1949 Jeanne de Salzmann was charged with carrying on his teachings of spiritual transformation Known as the Fourth Way or The Work Gurdjieff's system was based on teachings of the East that he adapted for modern life in the West Now some twenty years after de Salzmann's death the notebooks that she filled with her insights over a forty year period and intended to publish have been translated and edited by a small group of her family and followers The result is this long awaited guide to Gurdjieff's teaching describing the routes to be traveled and the landmarks encountered along the way Organized according to themes the chapters touch on all the important concepts and practices of the Work including Awakening from the sleep of identification with the ordinary level of being Self observation and self remembering Conscious effort and voluntary suffering Understanding symbolic concepts like the Enneagram The Gurdjieff Movements bodily exercises that provide training in Presence and the awareness of subtle energies The necessity of a school meaning the collective practice of the teaching in a group Madame de Salzmann brings to the Work her own strong direct language and personal journey in learning to live that knowledge of a higher level of being which she insists you have to see for yourself on a level beyond theory and concept De Salzmann consistently refused to discuss the teaching in terms of ideas for this Fourth Way is to be experienced not simply thought or believed **The Fourth Way** Petr Dem'ianovich
