Alexandria Ocasio-Cortez: Her Mysterious Rise from Bartender to Congresswoman Peter D'Abrosca,2019-06-12

Alexandria Ocasio Cortez or AOC as she has dubbed herself has taken the political scene by storm More celebrity than advocate for serious policies Ocasio Cortez nonetheless wields outsized influence over the news cycle due to her adept use of media her brash attitude and of course her attractive appearance But what lies underneath the shiny exterior AOC is mostly a mystery as Peter D Abrosca found while chronicling her life and rise from growing up in the suburbs of New York City to her peculiar postgrad life as an entrepreneur through her election to Congress and thereafter This book offers never before published content and exclusive interviews revealing new information on the life and times of America s newest political phenomenon a millennial socialist bent on imposing a radical and dangerous agenda And When You Pray: The Deeper

The Minions of Mammon Thomas Petri,2013 Mammon is a state where riches are coveted as an object of worship transforming greed driven pursuit of wealth into a virtue Mammon also views wealth as a tool to subdue governments and control society Mammon does not recognize the laws of God or man because his one and only law demands whatever propagates profit is good and whatever restricts profit is irrelevant What role did the Bank of England play as a catalyst of the American Revolution Have you ever attempted to reconcile a most curious paradox whereby most of our Founding Fathers the chief instigators of insurrection were men of wealth Does it not seem odd that men with that much money would resort to violence risking death dishonor and their personal fortunes because of a lousy 01 tax on tea and a few other extraneous items Was tea so important that a group of aggrieved malcontents were willing to spill blood risking all they had because of a tax To understand where history has brought us it is essential to have an honest accounting of how we arrived Minions of Mammon lifts many shrouds surrounding contrived myths extolled by conventional doctrine to expose the reality of how several low key historical figures manipulated society to increase their personal wealth and obtain political dominance While this book does not advocate a conspiracy theory it endeavors to lead the reader to form his or her own conclusions through examination of glossed over documented financial history Follow along with author Thomas Petri in this riveting book as focuses on the history of egocentric passions for wealth over the welfare of God s children and discover how the influence of an individual s wielding financial power is at odds with the general population s quest for liberty security and prosperity Vampires in America: The Vignettes - D.
