guilty To bring peace back to the community Torrey jumps in to find out what happened Will she solve the mystery or will she get in deep water herself Good Day Sunshine with Morning Fog is the second book in Donna Amis Davis s 60s Surf Shop Mysteries set in the fictional Southern California community of Mission Cove The Good-bye Window Harriet Brown,1998-10-12 Have you ever wondered what really goes on at your child s day care center after you say good bye Harriet Brown did To satisfy her curiosity she spent an entire year observing Red Caboose a center in Madison Wisconsin This engaging and thought provoking book is the story of that year In her beautifully written personal account journalist and mother Brown takes us behind the scenes at a day care center that works At Red Caboose one of the oldest independent centers in the country we meet teachers who have worked with young children for more than twenty years We watch the child care union and parents struggle to negotiate a contract without ripping apart the fabric of trust and love that holds the Red Caboose community together We look at the center s finances to see what keeps Red Caboose going at a time when other good centers are disappearing Best of all we get to know the children families and teachers of Red Caboose their struggles their sorrows their triumphs Started twenty five years ago by a group of idealistic parents the center has not only survived but thrived through some pretty tough times In the world of day care Red Caboose is a special place a model for what child care in this country could and should be not just babysitting not just a service to working parents but a benefit for children families teachers and the community at large Brown sets her rich and engaging stories in the greater political and social context of our time Why is so much child care bad Why should working Americans worry about the link between welfare reform and child care What can we learn from the history of child care This book is a must read for parents educators and anyone who enjoys first rate writing and dead on insight into the lives of our youngest children and those who care for them Brown s writing is beautiful and her scholarship sound Students considering day care careers day care professionals and concerned parents will gain insight by reading this provocative book as will anyone who cares about the future of young children in this country Choice I admire enormously the ambition of this book its eagle eyed witness and engrossing detail plus the social importance of the project I wish there were in the world more books like it Lorrie Moore author of Who Will Run the Frog Hospital The Good bye Window is a fascinating peek into the secret world of children With the poignancy of Anne LaMott and the reportorial grace of Tracy Kidder Harriet Brown has written a terrific and worthwhile book Meg Wolitzer author of This Is Your Life Harriet Brown s well told story of the Red Caboose child care center should be read by teachers and parents but also by every legislator and politician in the land Only a writer as good as Ms Brown could display the dramatic complexities of a school community in which the youngest members enter crawling and emerge a few years later as articulate empathetic and well socialized individuals ready for the real world Vivian Gussin Paley author of The Boy Who Would Be a Helicopter *Frankenstein* Tim Kelly,1974 Victor Frankenstein a brilliant young scientist returns to his chateau on the shores of Lake Geneva to escape some terrible pursuer No one can shake free the dark secret that terrifies

him Not his mother nor his fiancée Elizabeth nor his best friend Henry Clerval Even the pleading of a gypsy girl accused of murdering Victor's younger brother falls on deaf ears for Victor has brought into being a Creature made from bits and pieces of the dead The Creature tracks Victor to his sanctuary to demand a bride to share its loneliness one as wretched as the Creature itself Against his better judgment Victor agrees and soon the household is invaded by murder despair and terror The play opens on the wedding night of Victor and Elizabeth the very time the Creature has sworn to kill the scientist for destroying its intended mate and ends weeks later in a horrific climax of dramatic suspense In between there is enough macabre humor to relieve the mounting tension Perhaps the truest adaptation of Mary Shelley's classic yet Simple to stage and a guaranteed audience pleaser from page 3

A Great Day to Fight Fire Mark Matthews, 2013-07-10 Mann Gulch Montana 1949 Sixteen men ventured into hell to fight a raging wildfire only three came out alive Searing the fire into the nation's consciousness Norman Maclean chronicled the Mann Gulch tragedy in his award winning book *Young Men and Fire* Still the silence of the victims' families robbed Maclean's account of an essential personal dimension Shifting the focus from the fire to the men who fought it Mark Matthews now provides that perspective Not until 1999 the fiftieth anniversary of the fire did people begin to talk openly about Mann Gulch Matthews has garnered those thoughts to reveal how devastating the fire was to the firefighters' family members coworkers and friends In retelling the story of Mann Gulch he draws on the testimony of the three survivors including never before published insights from the last living member of the team and interviews with former smoke jumpers of that era The result is a moment by moment heart stopping re-creation of events The Mann Gulch tragedy provoked the Forest Service to develop safety equipment and training programs but fighting wildfires is still a perilous job Matthews' stirring account renews our respect for one of nature's primal forces A heartbreakingly human story it still haunts a firefighting community and keeps today's firefighters forever on guard
