Jimmy Santiago Baca, Stacy James

The Heat Steelworker Lives Legends:

The Heat Jimmy Santiago Baca, Stacy James, 2001 A collection of short stories written by steelworkers under the guidance of award winning poet Jimmy Santiago Baca These voices of the working class describe what it s like to spend a lifetime in the shadow of America s steel mills The Heat offers a rare last glimpse inside the huge old abandoned plants that now litter the rust belt landscape

Wives of Steel Karen Olson, 2005 Wives of Steel is based on more than eighty formal interviews conducted over a fifteen year period with women and some men both white and black all of whom were part of Sparrows Point as workers spouses or longtime residents of the local communities Through the stories they tell we see how a male dominated industry has influenced personal family and social experiences over several generations We also see the distinct differences and surprising similarities among the lives of black and white women which often reflect the complicated relationships among black and white steelworkers in the plant

Literature, Writing, and the Natural World James Guignard, T. P. Murphy, 2020-06-12 The English Association of Pennsylvania State Universities held its annual meeting in 2006 at Mansfield University in Pennsylvania The conference theme was Literature Writing and the Natural World This collection grows out of the conference and indicates the desire to understand all aspects of our relationship with the natural world the function of literature in clarifying that relationship in ways science and politics cannot and the role of the literature teacher scholar wanting to respond to pressures of environmental change In these times interpretation is a vital task not only for the way it educates us about our attitudes toward nature but because it develops the crucial skills of looking closely engaging reflecting and responding One could argue that as a culture Americans are behind the curve in understanding the ways we depend upon a healthy relationship with nature and one way among many depends upon examining it through texts and textual representation When the writers here dig into The Main Woods Jayber Crow the poetry of Pablo Guevara or the movie Crash they are contributing to our understanding of the ways in which we view nature and how that view plays a role in the way we relate to nature These days many disciplines engage global warming and other environmental issues routinely and the literature classroom should be no different Just as we read a book and address fundamental themes such as What does it mean to love or How do we develop identity we should also be asking What is my responsibility when I decide what resources to use If we understand literature as equipment for living in a warming world we may be able to help students make some sense out of their world and some decisions about how to act

Steellabor , 1998 New Working-class Studies John Russo, Sherry Lee Linkon, 2005 This book brings together historians economists geographers sociologists and scholars of literature and cultural studies to explore the emerging discipline of working class studies and identify its key themes and issues **No Enemies** Jimmy Santiago Baca, 2021-09-30 Acclaimed poet Jimmy Santiago Baca knows something is wrong with contemporary society He s afraid that the whole network that connects us and society together is going to collapse that our lives will be dependent on tiny little blue wires that can t shake my hand or share my joy that won t challenge the police to stop beating a brown man or can t do even something as small and gentle as smile In this collection of new poems Baca expresses his sense of responsibility to use his gift for the greater good If not me then who speaks to money power privilege if not an ordinary man then who He chastises those who use their connections to benefit themselves at the expense of the impoverished imprisoned and undocumented Frequently he takes aim at poets and politicians who put their lucrative positions ahead of their constituents Governor if you choose a career where you have to ignore the truth and pillage the unfortunate at least outlaw automatic weapons While many of these poems are stinging rebukes against the wealthy and powerful and their disregard for children living in poverty and the environment others are beautiful odes to his indigenous roots There are buffalo with their gentle hearts sacred places where he prays to his ancestors and the plants growing on steep mountainsides that give me courage to keep clinging to hope and to learn life s

most important lesson practice how to lean in life so as not to fall Baca writes urgently about the most important themes of our generation including education justice the environment and even the coronavirus Ironically he notes the enemy didn't come at us crossing borders swinging machetes and machine guns No nature herself has come to clean house to give Mother Earth a reprieve from our greed *The Despairs* Cid Corman, 2001 Poetry poems with the shock of rightness Cid Corman's poems The look of delicacy is deceptive More often it's leanness poems growing from their own center no influences no formal props then taking us back to the center by the shortest route There at center leanness and rightness become song an intensity of meaning that makes words pure We know we have experienced real poetry because we have been where poetry really is Hayden Carruth As if life were the most important thing on earth and earth were important and then we get a sudden glimpse of galaxies and black holes beyond THE IMPORT *Robert De Niro - Portrait of a Legend* John Parker, 2009-11-16 With his breath taking breakthrough performance in Martin Scorsese's Mean Streets in 1973 he forged an enormously fruitful collaboration including Taxi Driver Raging Bull and Goodfellas that alongside his roles in the likes of The Godfather Part Two The Deer Hunter and Once Upon a Time in America reads like a list of the top Hollywood films of the last 30 years As a method actor De Niro lives and breathes his roles to bring his unique intensity and brooding menace to the screen be it feasting on pasta to gain 60lbs for Raging Bull or learning to play the saxophone for New York New York nothing is beyond him in his pursuit for perfection But he's certainly not above sending himself up particularly in recent years in films such as Analyse This and Meet the Parents where he has honed a previously unheralded talent for comedy acting De Niro cuts an enigmatic figure off screen where he is notoriously reluctant to discuss his life though his relationships with supermodels such as Toukie Smith and his current wife Grace Hightower have often made the news His forays into the director's chair as well as setting up his own production company TriBeCa Productions have seen him more willing to discuss his work and his political views are clear He is an active supporter of the Democrat Party lending his support to Barack Obama and has pledged to revitalise the TriBeCa region of New York following the September 11 attacks Throughout a career that has seen him date Naomi Campbell live in a mental hospital for his role in Awakening work as a taxi driver beat prostate cancer and even meet the Fockers he's always been at the top of his game **The Crowd of Time** Timothy Hodor, 2002 Poetry This collection the author's first was written largely from Austria the author's country of adoption towards America the land of his birth So the language is at once private not the language of his neighbors and public the language of business and politics The work is concise but not lyrical opening in the direction of journalism These poems are deceptively simple and subtle in their tasks the occasional religious image when paired with the stark humanity of earth lend to the feel that a gap has been filled in with this collection The voice is honest images fresh and concrete a fine collection New Issues Press **The Prisons** Maggie Jaffe, 2001 Poetry Maggie Jaffe's poems have a rare power and beauty that says something profound about the world we live in Howard Zinn This book ought to come with warning labels Danger Explosive
