Arnold Beichman

The Hero In History A Study In Limitation And Possibility

Sidney Hook (Philosoph)

The Hero In History A Study In Limitation And Possibility:

The Hero in History Sidney Hook, 2008-12-01 Probes how heroes influence the course of history The Hero in History Sidney Hook, 2023-04-14 The interaction of the individual in history and politics has posed major theoretical questions of historical analysis for the past two centuries is social destiny shaped by forces beyond the power of the individual or can the future be mastered by collective effort under the outstanding leadership of heroic men and women In this classic study a major philosopher and social theorist of the twentieth century offers a searching examination of the conditions under which individuals make choices that significantly alter the course of historical events and presents a scathing critique of various forms of social determinism that deny the individual freedom of action or a decisive role in history The myth of the hero as the savior of the tribe or nation as Hook notes is older than written history Until the nineteenth century the hero functioned not merely as a cult figure but as a principle of historical explanation a key to the rise and fall of countries and even of cultures The exaggerations and omissions of this point of view produced an equally simplistic reaction with the formulation of determinist historiographies in which physical racial social and economic forces replaced individuals as the dynamic factors in the development of events Hook singles out orthodox Marxism as the most all encompassing determinist system and subjects the historical thinking of Engels Plekhanov and Trotsky to sharp and meticulous scrutiny Using the Russian Revolution as a test case Hook observes that while the February 1917 Revolution was an inevitable development the October revolution was according to the best historical evidence contingent upon the personality and actions of Lenin In his 1978 reconsideration of the subject of heroism appearing new to this edition Hook defines a middle ground between the extremes of voluntarism and determinism that explains why the presence of strong personalities are decisive under certain conditions while under others key actors would appear to be almost interchangeable He points us toward an understanding of a fascinating problem in history and raises essential questions about the role of great men and women in a democracy The Hero in History will be of interest to intellectual historians philosophers political scientists and sociologists The Hero in History Sidney Hook, 1945 The interaction of the individual in history and politics has posed major theoretical questions of historical analysis for the past two centuries is social destiny shaped by forces beyond the power of the individual or can the future be mastered by collective effort under the outstanding leadership of heroic men and women In this classic study a major philosopher and social theorist of the twentieth century offers a searching examination of the conditions under which individuals make choices that significantly alter the course of historical events and presents a scathing critique of various forms of social determinism that deny the individual freedom of action or a decisive role in history The myth of the hero as the savior of the tribe or nation as Hook notes is older than written history Until the nineteenth century the hero functioned not merely as a cult figure but as a principle of historical explanation a key to the rise and fall of countries and even of cultures The exaggerations and omissions of this point of view produced an equally

simplistic reaction with the formulation of determinist historiographies in which physical racial social and economic forces replaced individuals as the dynamic factors in the development of events Hook singles out orthodox Marxism as the most all encompassing determinist system and subjects the historical thinking of Engels Plekhanov and Trotsky to sharp and meticulous scrutiny Using the Russian Revolution as a test case Hook observes that while the February 1917 Revolution was an inevitable development the October revolution was according to the best historical evidence contingent upon the personality and actions of Lenin In his 1978 reconsideration of the subject of heroism appearing new to this edition Hook defines a middle ground between the extremes of voluntarism and determinism that explains why the presence of strong personalities are decisive under certain conditions while under others key actors would appear to be almost interchangeable He points us toward an understanding of a fascinating problem in history and raises essential questions about the role of great men and women in a democracy The Hero in History will be of interest to intellectual historians philosophers political scientists and sociologists **The Hero in History. A Study in Limitation and Possibility** ,1943 *The Hero in History* Sidney Hook,2020-12-18 The interaction of the individual in history and politics has posed major theoretical questions of historical analysis for the past two centuries is social destiny shaped by forces beyond the power of the individual or can the future be mastered by collective effort under the outstanding leadership of heroic men and women In this classic study a major philosopher and social theorist of the twentieth century offers a searching examination of the conditions under which individuals make choices that significantly alter the course of historical events and presents a scathing critique of various forms of social determinism that deny the individual freedom of action or a decisive role in history The myth of the hero as the savior of the tribe or nation as Hook notes is older than written history Until the nineteenth century the hero functioned not merely as a cult figure but as a principle of historical explanation a key to the rise and fall of countries and even of cultures The exaggerations and omissions of this point of view produced an equally simplistic reaction with the formulation of determinist historiographies in which physical racial social and economic forces replaced individuals as the dynamic factors in the development of events Hook singles out orthodox Marxism as the most all encompassing determinist system and subjects the historical thinking of Engels Plekhanov and Trotsky to sharp and meticulous scrutiny Using the Russian Revolution as a test case Hook observes that while the February 1917 Revolution was an inevitable development the October revolution was according to the best historical evidence contingent upon the personality and actions of Lenin In his 1978 reconsideration of the subject of heroism appearing new to this edition Hook defines a middle ground between the extremes of voluntarism and determinism that explains why the presence of strong personalities are decisive under certain conditions while under others key actors would appear to be almost interchangeable He points us toward an understanding of a fascinating problem in history and raises essential questions about the role of great men and women in a democracy The Hero in History will be of interest to intellectual historians philosophers political scientists and sociologists The Hero in

History Sidney Hook (Philosophy), 1945 **Sidney Hook** Arnold Beichman, Hoover Institution on War, Revolution and Peace, 1991 *The Hero in History* Sidney Hook, The interaction of the individual in history and politics has posed major theoretical questions of historical analysis for the past two centuries is social destiny shaped by forces beyond the power of the individual or can the future be mastered by collective effort under the outstanding leadership of heroic men and women In this classic study a major philosopher and social theorist of the twentieth century offers a searching examination of the conditions under which individuals make choices that significantly alter the course of historical events and presents a scathing critique of various forms of social determinism that deny the individual freedom of action or a decisive role in history The myth of the hero as the savior of the tribe or nation as Hook notes is older than written history Until the nineteenth century the hero functioned not merely as a cult figure but as a principle of historical explanation a key to the rise and fall of countries and even of cultures The exaggerations and omissions of this point of view produced an equally simplistic reaction with the formulation of determinist historiographies in which physical racial social and economic forces replaced individuals as the dynamic factors in the development of events Hook singles out orthodox Marxism as the most all encompassing determinist system and subjects the historical thinking of Engels Plekhanov and Trotsky to sharp and meticulous scrutiny Using the Russian Revolution as a test case Hook observes that while the February 1917 Revolution was an inevitable development the October revolution was according to the best historical evidence contingent upon the personality and actions of Lenin In his 1978 reconsideration of the subject of heroism appearing new to this edition Hook defines a middle ground between the extremes of voluntarism and determinism that explains why the presence of strong personalities are decisive under certain conditions while under others key actors would appear to be almost interchangeable He points us toward an understanding of a fascinating problem in history and raises essential questions about the role of great men and women in a democracy *The Hero in History* will be of interest to intellectual historians philosophers political scientists and sociologists *Effective Presidency* Erwin C. Hargrove, 2015-11-17 The second edition of this classic work adds a new chapter on Barack Obama and updates coverage of the end of the George W Bush administration Presidential scholar Erwin C Hargrove extends his analytical framework of presidential effectiveness to show how Obama combines eventful leadership with pragmatism to move the nation forward in an intensely polarized partisan environment Features of the textbook Uses an analytical framework to assess historical context personal skills and attributes and the ability to make a difference in each of ten presidencies Four presidents are judged to be event making leaders Johnson Nixon Reagan and George W Bush Six presidents are assessed as eventful leaders JFK Ford Carter George H W Bush Clinton and Obama As much a study of leadership as an analysis of ten presidencies this book adds to our understanding in political science history and public administration and management Just One Vote Ian Stewart, 2009-04-30 On January 12 1986 Jim Walding was nominated as the New Democratic Party candidate for the Manitoba constituency of St Vital Although Walding had been an

MLA for fifteen years he had fallen out of favour with key elements in his party and won the nomination by only a single vote
 Walding went on in turn to bring down his own government by a single vote marking the only time in the history of Canadian politics that a majority government was brought down from within Combining data drawn from archives interviews and the media Just One Vote is a vivid and exceptionally detailed study of the nomination process Ian Stewart outlines the geographic social and political backdrop behind Walding's contested party nomination the unusual chain of events triggered by the contestation including the fall of the Pawley government and the NDP's defeat in the 1988 provincial election and examines the fallout from these events on Manitobans and Canadians

Genesis and Validity Martin Jay, 2021-11-12 The essays in this collection by one of the most recognized figures in the field of intellectual history touch on a wide variety of topics ranging from the heroism of modern life to the ability of photographs to lie and explore the fraught connection between the truth of history and the truthfulness of historians

The Routledge Companion to Marine and Maritime Worlds 1400-1800 Claire Jowitt, Craig Lambert, Steve Mentz, 2020-05-21 This book has been nominated for The Mountbatten Award for Best Book in the Maritime Media Awards 2021 The Routledge Companion to Marine and Maritime Worlds 1400 1800 explores early modern maritime history culture and the current state of the research and approaches taken by experts in the field Ranging from cartography to poetry and decorative design to naval warfare the book shows how once traditional and often Euro chauvinistic depictions of oceanic mastery during the early modern period have been replaced by newer global ideas This comprehensive volume challenges underlying assumptions by balancing its assessment of the consequences and accomplishments of European navigators in the era of Columbus da Gama and Magellan with an awareness of the sophistication and maritime expertise in Asia the Arab world and the Americas By imparting riveting new stories and global perceptions of maritime history and culture the contributors provide readers with fresh insights concerning early modern entanglements between humans and the vast unpredictable ocean With maritime studies growing and the ocean's health in decline this volume is essential reading for academics and students interested in the historicization of the ocean and the ways early modern cultures both conceptualized and utilized seas

Kennedy: The New Frontier Revisited Mark J. White, 1998-08-10 Leading Kennedy scholars along with a group of younger historians have mined recently declassified documentation in order to re-examine many of the key issues surrounding JFK's time in the White House Vietnam Cuban missile crisis Berlin crisis space race and others Rejecting the idolatry and bitterness evident in so many previous works on JFK this study adopts an evenhanded eclectic approach The result is a less caricatured more compelling view of the Kennedy presidency

Minutes to Midnight, 2nd Edition Paul Dukes, 2020-10-30 The book examines the evolution of the predicament symbolised by the setting of the Doomsday Clock at a few minutes to midnight in the context of the Anthropocene Era from 1763 making special reference to the study of history throughout the period It seeks to demonstrate the necessity for history as science pointing out the inadequacy of some previous approaches It argues for a pandisciplinary approach to today's crisis

Harry's Farewell Richard Stewart Kirkendall, 2004 Harry's Farewell confronts the biggest issue of Truman historiography the historical significance of Harry S Truman's presidency Exploring the subject from the point of view of Truman's Farewell Address of January 15 1953 the book begins by describing the preparation of the address itself by the president and his closest advisers In it they challenged the negative view of his presidency that prevailed as he prepared to leave the White House The book goes on to appraise the presidency in terms of the topics included in the address the president and the people the economy civil rights the bomb Containment Korea and the end of the Cold War Four essays follow that cover key topics that Truman did not mention in his speech the Red Scare women's rights ethnicity and the environment The book ends with essays by two major Truman biographers who present their own interpretations of his historical significance Book Jacket

Transforming Leadership James MacGregor Burns, 2007-12-01 The New York Times bestselling author and Pulitzer Prize winner examines the history of leadership and the crucial role of leaders in a healthy democracy In *Transforming Leadership* James MacGregor Burns illuminates the evolution of leadership structures from the chieftains of tribal African societies through Europe's absolute monarchies to the blossoming of the Enlightenment's ideals of liberty and happiness during the American Revolution Along the way he looks at key breakthroughs in leadership and the towering leaders who attempted to transform their worlds Elizabeth I Washington Jefferson Gandhi Eleanor Roosevelt Gorbachev and others Culminating in a bold and innovative plan to address the greatest global leadership challenge of the twenty first century the long intractable problem of global poverty *Transforming Leadership* will spark lively discussion in classrooms and boardrooms throughout the country

Annotated Bibliography of Works About Sir Winston S. Churchill Curt Zoller, Richard M. Langworth, 2015-06-01 This unique resource will be an enormous aid and impetus to Churchill studies It lists over 600 works with annotations and includes sections listing an additional 5 900 entries covering book reviews significant articles and chapters from books Separate author and title indexes will allow the user to locate specific entries The book's aim is to direct students researchers and bibliophiles to the entire corpus of works about Churchill

Biography: An Historiography Melanie Nolan, 2023-04-03 *Biography: An Historiography* examines how Western historians have used biography from the nineteenth century to the present considering the problems and challenges that historians have faced in their biographical practice systematically This volume analyses the strategies and methods that historians have used in response to seven major issues identified over time to do with evidence including but not limited to the problem of causation the problem of fact and fiction the problem of other minds the problem of significance or representativeness the problems of perspective both macro and micro and the problem of subjectivity and relative truth This volume will be essential for both postgraduates and historians studying biography

The Encarta Book of Quotations Bill Swainson, 2000-09-30 Here are 25 000 quotations drawn from the history politics literature religions science and popular culture of the world ranging from the earliest Chinese sages through Shakespeare to the present day

Leadership Without

Easy Answers Ronald A. The Hero In History A Study In Limitation And Possibility Introduction

In today's digital age, the availability of The Hero In History A Study In Limitation And Possibility books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Hero In History A Study In Limitation And Possibility books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Hero In History A Study In Limitation And Possibility books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Hero In History A Study In Limitation And Possibility versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Hero In History A Study In Limitation And Possibility books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Hero In History A Study In Limitation And Possibility books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Hero In History A Study In Limitation And Possibility books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and

technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Hero In History A Study In Limitation And Possibility books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Hero In History A Study In Limitation And Possibility books and manuals for download and embark on your journey of knowledge?

FAQs About The Hero In History A Study In Limitation And Possibility Books
