

The **Hunger of Eve**

ONE WOMAN'S ODYSSEY TOWARD THE FUTURE
BARBARA MARX HUBBARD

The Hunger Of Eve One Womans Odyssey Toward The Future

Jenny Andersson

The Hunger Of Eve One Womans Odyssey Toward The Future:

The Hunger of Eve Barbara Marx Hubbard, 1989 **Lady Astronauts, Lady Engineers, and Naked Ladies** Karin Hilck, 2019-07-08 The book *Lady Astronauts Lady Engineers and Naked Ladies* is a gender history of the American space community and by extension a social history of American society in the twentieth century during the Cold War In order to expand and differentiate the prevalent postwar narrative about gender relations and cultural structures in the United States the book analyzes several different groups of women interacting in different social spaces within the space community It therewith grants insight into the several layers of female participation and agency in the community and the gender and race based obstacles and hurdles the female prospective astronauts scientists engineers artists administrators writers hostesses secretaries and wives were faced with at NASA and in the space industry In each chapter a different social space within the space community is analyzed The spaces where the women lived and worked are researched from a media individual and institutional angle ultimately revealing the differing gender philosophies communicated in the public sphere and the space community workplaces by government and space community officials While women were publicly encouraged to participate in the American space effort to beat the Soviet Union in the race to the moon women had to deal with gender based barriers which were integral to the structures of the space community just as they were an intrinsic component of all societal structures in the United States in the 1960s The female space workers who were often perceived as disrupters of the prevalent social order in the space community and discriminated by some of their male colleagues and bosses on a personal basis still managed to assert themselves They molded pockets of agency in the space community workspaces without the facilitation of regulations on the part of NASA that might have provided them with easier access or more agency Thus the space community a place of technological innovation was not necessarily also a place of social innovation but a community with a government agency at its center that mainly mirrored the current changing social order conventions and policies in the 1960s as well as in the 1970s and 1980s Nevertheless the women presented in this book were instrumental in advancing and consolidating the social transformation that happened within the space community and the United States and therefore make intriguing subjects of research Thus this systematic analysis of the connection between gender space and the Cold War adds a new dimension to space history as well as expands the discourse in American history about gender relations and the opportunities of women in the twentieth century **The A to Z of New Age Movements** Michael York, 2009-06-17 The decline of institutionalized religion in the increasingly secularized West has been offset by the contemporary spiritual development understood in the form of emerging New Age movements This reference presents the potpourri of spiritual and psycho physical therapeutic practices associated with this affirmation of the individual s spiritual freedom the expectation of a future golden age the emphasis on self development and the holistic pluralism that sets the dominant pulse for innovative spirituality in the twenty first century The A to Z of New Age Movements furnishes profiles and explanations of New Age

spokespeople and leaders of a range of human potential and self help practices of countercultural spiritual developments and of different groups and organizations that identify as New Age The dictionary consists of over 240 individual entries along with an introduction that describes the historical foundations of the New Age orientation and its relation with contemporary Western paganism It also presents the sociological dimension of New Age expression as well as the kinds of criticism with which the New Age identity must contend There is both a New Age Chronology and a bibliography also included

The Future of the World Jenny Andersson, 2018-07-19 The Future of the World is devoted to the intriguing field of study which emerged after World War Two futurism or futurology Jenny Andersson explains how futurist scholars and researchers imagined the Cold War and post Cold War world and the tools and methods they would use to influence and change that world Futurists were a motley crew of Cold War warriors nuclear scientists journalists and peace activists Some argued it should be a closed sphere of science defined by delimited probabilities They were challenged by alternative notions of the future as a potentially open realm Futurism also drew on an eclectic range of repertoires some of which were deduced from positivist social science mathematics and nuclear physics and some of which sprung from alternative forms of knowledge in science fiction journalism or religion These different forms of prediction laid very different claims to how accurately futures could be known and what kind of control could be exerted over what was yet to come The Future of the World carefully examines these different engagements with the future and inscribes them in the intellectual history of the post war period Using unexplored archival collections The Future of the World reconstructs the Cold War networks of futurologists and futurists

Birth 2012 and Beyond Barbara Marx Hubbard, 2012-05-01 Explaining how the planet's myriad crises are actually the birth pangs of a new Earth this inspired exploration is Barbara Marx Hubbard's prophetic call for a planetary shift It explores the aftermath of the coming planetary renaissance that she has heralded for decades and introduces an established popular global movement to cocreate a massive transition around a symbolic Planetary Birthday event on December 22 2012 This volume features 12 evolutionary pioneers commentary on the author's key themes of collective birth and conscious evolution aiming to foster the emergence of a sustainable planetary civilization Featured contributors include Ervin Laszlo Michael Beckwith Jack Canfield Jean Houston and Neale Donald Walsch

Soul Awakening Practice James O'Dea, 2017-06-13 A mantra for a new consciousness with an introduction by Lynne McTaggart and contributions by Ervin Laszlo Michael Singer Barbara Marx Hubbard Anodea Judith Kabir Helminski and Mona Polacca The Soul Awakening Practice is built around a 6 line mantra A mantra is a sacred utterance Repetition of a mantra aids in concentration and is believed to have both psychological and sacred powers This is a book for activists for ecologists and for spiritual seekers engaged in the quest for a spiritually coherent and united worldview The human race has a moral imperative to transform the way we live and The Soul Awakening Practice offers a way for us to engage spiritually Integrating ancient wisdom modern science and psychology this mantra prayer is a means by which to reveal a coherent worldview available to each and every one of us

Written by James O Dea the former president of the Institute of Noetic Sciences and member of the Evolutionary Leaders Group the book not only includes the prayer itself but a commentary on the power of prayer as well as expanded contemplative line by line reflections and explanations To provide different viewpoints and perspectives on this new worldview the book includes commentaries by key luminaries from science cosmology evolutionary theory Yoga Sufism and indigenous wisdom Be receptive and allow the prayer to illuminate your insights Experience your own unique journey of awakening

Emergence Barbara Marx Hubbard,2012-01-01 Tomorrow s going to be a better day What can we expect from the future According to visionary and futurist Barbara Marx Hubbard we can expect to see a new type of human emerge in the world She calls this the Universal Human and it could be the key to our survival as a species The Universal Human is connected through the heart to the whole of life evolving consciously and helping to co create a new kind of spiritual path something we ve never experienced before but which is perfect for our time Emergence lays out the blueprints for birthing this new kind of human explaining all the steps in what Hubbard calls an intimate and practical process for all who wish to make the transition to the next stage of evolution

Cosmic Conversations Stephan Martin,2009-10-01 Some of the most compelling cutting edge ideas about who we are and what kind of world we live in This is a daring book and a great read Glenn Hartelius PhD coeditor of the International Journal of Transpersonal Studies Have you ever looked up at the night sky and wondered What is the universe In this lively and engaging collection of interviews astronomer Stephan Martin talks with some of today s most innovative and cutting edge thinkers on the nature of the universe and our relationship to it Scientists mystics indigenous elders and cultural creatives all share their unique voices on the nature of reality the interplay of science and religion the future of humanity and the role of each person in a mysterious and evolving universe Filled with rich insight dynamic discussion and penetrating wisdom Cosmic Conversations asks the fundamental questions about the universe many of us have wondered about yet few have explored in depth questions such as Do time space and matter really exist Can the universe be inside us outside us or both Is the universe alive conscious and intelligent Where are we in the cosmic evolutionary picture A compelling journey from the farthest reaches of outer space to the innermost realms of the human heart Cosmic Conversations will change the way you look at the universe and yourself forever An excellent contribution to the philosophical revival that is taking place in the marketplace of ideas Stephan s searching and heartfelt questions bring out the best of the authors he interviews Steve McIntosh author of The Presence of the Infinite

Goddess Shift Stephanie Marohn,2010-05-15 Women s style of collaborative and visionary leadership is now changing the way society functions Celebrating the shift this anthology includes chapters by such notable women leaders as Oprah Winfrey Suze Orman First Lady Michelle Obama Venus and Serena Williams Angelina Jolie and Sue Monk Kidd

Apollo's Legacy Roger D. Launius,2019-05-14 An all encompassing look at the history and enduring impact of the Apollo space program In Apollo s Legacy space historian Roger D Launius explores the many faceted stories told about the meaning of the Apollo program and

how it forever altered American society The Apollo missions marked the first time human beings left Earth's orbit and visited another world and thus they loom large in our collective memory Many have detailed the exciting events of the Apollo program but Launius offers unique insight into its legacy as seen through multiple perspectives He surveys a wide range of viewpoints and narratives both positive and negative surrounding the program These include the argument that Apollo epitomizes American technological and political progress technological and scientific advances garnered from the program critiques from both sides of the political spectrum about the program's expenses and even conspiracy theories and denials of the program's very existence Throughout the book Launius weaves in stories from important moments in Apollo's history to draw readers into his analysis Apollo's Legacy is a must read for space buffs interested in new angles on a beloved cultural moment and those seeking a historic perspective on the Apollo program
