WHAT'S THE MAIN IDEA?

Read each short story and identify the main idea.

Story	Main Idea
One summer day, a girl's puppy went missing. She looked everywhere for him, but he was nowhere to be found. She put up posters and asked her neighbors if they had seen him. She was sad and worried, but she didn't give up hope.	
There was a big snowstorm, so schools had a snow day. Kids were happy to have the day off. They played in the snow, made forts, and had hot chocolate.	
A family had a fun day at the carnival on Saturday. They played games like bingo, rode exciting rides like the rollercoaster and merry-go-round, and enjoyed tasty treats like popsicles and cookies. They also watched a magical show. By the end of the day, they were very tired when they got home.	

The Idea And Practice Of World Government

James A. Yunker

The Idea And Practice Of World Government:

The Idea of World Government James A. Yunker, 2011-02-01 The notion of a single political organization encompassing the whole of humanity a world state has intrigued mankind since earliest recorded history This book provides a concise yet comprehensive overview of the history of world government and questions whether political globalization in the form of a federal world government could and should complement the ongoing processes of economic and cultural globalization While the potential peacekeeping advantage of such a state is obvious the consensus judgment has always been against it because it could lead to totalitarian tyranny Yunker examines whether this judgment is still correct considering that nuclear weapons of unimaginable destructiveness now exist capable of destroying human civilization as we know it Summarizing the lessons of history the author suggests that while the conventional world federalist concept of an unlimited world government is still impractical in today's world there may be a role for a limited federal world government that would go well beyond the existing United Nations thereby providing a stronger institutional basis for the evolutionary development of genuinely effective global governance This book is an important resource for all students and scholars of global governance international relations and international organizations The Idea and Practice of World Government. [With a Bibliography.]

Gerard Joseph MANGONE, 1951 **Concept of the State in International Relations** Robert Schuett, 2015-01-22 The concept of the state plays a central role in international relations particularly in realist and neo realist approaches Yet the meaning of the state is persistently taken to be self evident by both advocates of the sovereign state and its critics This volume counters this trend It systematically considers the nature of the state the concept of sovereignty and the challenges globalisation and cosmopolitanism Featuring contributions from some of the most reputed theorists of the state the essays in this collection give you a coherent and at the same time distinctively pluralist set of original reflections on the role and nature of the state

Beyond Global Governance James A. Yunker, 2014-05-05 In these ground breaking essays James A Yunker issues a powerful challenge to conventional thinking on world government Based on an innovative plan for a limited world government tentatively designated the Federal Union of Democratic Nations this book envisions a legitimate world government a quantum leap beyond the United Nations of today The Federal Union proposed would operate under some key restraints such as a dual voting system in the world legislature and two key reserved rights of the member nations to withdraw from the Federal Union at their own unilateral discretion and to maintain independent control over whatever military forces they feel are necessary to their national security Yunker demonstrates how these restraints would minimize the possibility that the world government would result in such adverse outcomes as global tyranny bureaucratic overload or cultural homogenization

Research on International Affairs United States. Department of State. External Research Division, 1952 Beginning in 1954 Apr issue lists studies in progress Oct issue completed studies

External Research United States. Department of State. External Research Division, **Clarence Streit and**

Twentieth-Century American Internationalism Talbot C. Imlay, 2023-03-23 Chronicles the life and influence of Clarence Streit and his Atlantic federal union movement on twentieth century US foreign relations *External Research. ER List* United States. Department of State. External Research Division, 1952 *Encyclopedia of Constitutional Amendments, Proposed Amendments, and Amending Issues, 1789-2023* John R. Vile, 2023-10-19 Written by a leading scholar of the constitutional amending process this two volume encyclopedia now in its fifth edition is an indispensable resource for students legal historians and high school and college librarians This authoritative reference resource provides a history and analysis of all 27 ratified amendments to the Constitution as well as insights and information on thousands of other amendments that have been proposed but never ratified from America's birth until the present day The set also includes a rich bibliography of informative books articles and other media related to constitutional amendments and the amending process

Rethinking Hobbes and Kant Chia-Yu Chou, 2016-07-15 Rethinking Hobbes and Kant argues that predominant approaches to the theoretical relationship between Hobbes and Kant have reached conclusions that were pre digested in assumptions about the isms which these two writers are propounding Chou shows how these assumptions have inhibited commentators from recognising the affinities between Hobbes's and Kant's political philosophies or if they have prevented them from providing a plausible explanation of those affinities To provide a fresh understanding of the relation between Hobbes and Kant this book examines and compares what they actually wrote about some central conceptions in political theory as it becomes visible once the assumptions out of which they are formed are set aside Chou argues that what matters is that that we reflect upon our own assumptions and that we have at least some conscious awareness that the assumptions of our day were not held all the time and everywhere and that we do not reify them into crude models which distort the thought of the past and the present in equal measure This book therefore seeks to bring into the arena of conscious thought assumptions which are deeply rooted in many modern minds and which work to distort many current studies of the relationship between Hobbes and Kant's political philosophies with negative consequences for the understanding of Hobbes of Kant and of politics itself Providing a fresh understanding of the relation between Hobbes and Kant this book will be of great use for graduates and scholars of Political Theory Philosophy and Political Sociology

This is likewise one of the factors by obtaining the soft documents of this **The Idea And Practice Of World Government** by online. You might not require more time to spend to go to the books launch as competently as search for them. In some cases, you likewise realize not discover the broadcast The Idea And Practice Of World Government that you are looking for. It will no question squander the time.
