MARGOT E. GENUNG

The Immigrant Family 1925 2004

Reed Ueda

The Immigrant Family 1925 2004:

Deportation is Freedom! Steve Cohen, 2006 *Deportation is Freedom* is a searing critique of today's immigration systems a lively yet thought provoking read that will captivate anyone who cares about the immigration systems that are shaping our world today It will be of particular interest to social workers and all people politically engaged in immigration campaigning

Jukebox Empire David Rabinovitch, 2023-10-15 An aspiring tycoon partners with a racketeer to build a jukebox that makes millions then takes the fall for the largest money laundering scheme in history Caught between the Mob and the feds in a plot to save the casinos in Havana from Castro's revolution Wolfe Rabin pulls the biggest money laundering scheme in history but his hubris leads to the conspiracy unraveling in a sensational trial At a time when there was a jukebox in every restaurant diner bar barracks arcade and canteen Rabin's trajectory from inventor to promoter to outlaw is set against the Mob's growing infiltration of the jukebox industry In a world of music machines and money popular culture and organized crime collide in an epic drama of invention and greed David Rabinovitch's investigation into his own family history pieces together an epic puzzle that begins in Chicago with the invention of a jukebox and spans the casinos of Havana and the financial giants of Europe leading to what the FBI called the biggest bank robbery in the world **The Immigrant Family**

1925 - 2004 Margot E. Genung, 2005-06-30 **A Companion to American Immigration** Reed Ueda, 2011-03-21 A Companion to American Immigration is an authoritative collection of original essays by leading scholars on the major topics and themes underlying American immigration history Focuses on the two most important periods in American Immigration history the Industrial Revolution 1820 1930 and the Globalizing Era Cold War to the present Provides an in depth treatment of central themes including economic circumstances acculturation social mobility and assimilation Includes an introductory essay by the volume editor Deflecting Immigration Ivan Light, 2006-05-25 As international travel became cheaper and

national economies grew more connected over the past thirty years millions of people from the Third World emigrated to richer countries A tenth of the population of Mexico relocated to the United States between 1980 and 2000 Globalization theorists claimed that reception cities could do nothing about this trend since nations make immigration policy not cities In Deflecting Immigration sociologist Ivan Light shows how Los Angeles reduced the sustained high volume influx of poor Latinos who settled there by deflecting a portion of the migration to other cities in the United States In this manner Los Angeles tamed globalization's local impact and helped to nationalize what had been a regional immigration issue Los Angeles deflected immigration elsewhere in two ways First the protracted network driven settlement of Mexicans naturally drove up rents in Mexican neighborhoods while reducing immigrants wages rendering Los Angeles a less attractive place to settle Second as migration outstripped the city's capacity to absorb newcomers Los Angeles gradually became poverty intolerant By enforcing existing industrial occupational and housing ordinances Los Angeles shut down some unwanted sweatshops and reduced slums Their loss reduced the metropolitan region's accessibility to poor immigrants without reducing its

attractiveness to wealthier immigrants. Additionally, ordinances mandating that homes be built on minimum sized plots of land with attached garages made home ownership in L.A.'s suburbs unaffordable for poor immigrants and prevented low cost rental housing from being built. Local rules concerning home occupancy and yard maintenance also prevented poor immigrants from crowding together to share housing costs. Unable to find affordable housing or low wage jobs, approximately one million Latinos were deflected from Los Angeles between 1980 and 2000. The realities of a new global economy are still unfolding with uncertain consequences for the future of advanced societies, but mass migration from the Third World is unlikely to stop in the next generation. *Deflecting Immigration* offers a shrewd analysis of how America's largest immigrant destination independently managed the challenges posed by millions of poor immigrants and in the process helped focus attention on immigration as an issue of national importance.

Getting Real About Race Stephanie M. McClure, Cherise A. Harris, 2017-08-24 This popular reader is an edited collection of short essays that address the most common myths and misconceptions about race and racism held by students and by many in the United States in general. In the updated Second Edition of *Getting Real About Race*, editors Stephanie M. McClure and Cherise A. Harris continue to enlist leading experts and educators to address the arguments about topics that students will recognize from private conversations and public discourse, including colorblindness, meritocracy, educational attainment, and definitions of citizenship. Each essay considers the evidence against one particular racial myth and is written in clear, jargon-free language. The unique format of this book makes it especially conducive to productive discussions about race.

Middletown Christine Haverington, Middletown Historical Society, Newport Historical Society, 2012 Middletown, founded in 1743, is one of Rhode Island's earliest settlements. Rich in history and natural beauty, its glacial soil has been farmed for at least 1,000 years. The farmers of Middletown were hardworking men and women who were interested in art, culture, and politics. Also passionate about horses, they produced the first American horse breed, the Narragansett Pacer. Although farming is no longer a major occupation, a farming renaissance is under way, generated by organic and local foods movements. Over the years, the Navy has become the largest employer on the island, having established facilities there during World War II. The scenic beauty of Middletown has caused a large section of it to be called Paradise. This unique region, an inspiration to generations of artists, has played an important part in the history of American art.

America's Public Schools William J. Reese, 2011-04-01 In this update to his landmark publication, William J. Reese offers a comprehensive examination of the trends, theories, and practices that have shaped America's public schools over the last two centuries. Reese approaches this subject along two main lines of inquiry: education as a means for reforming society and ongoing reform within the schools themselves. He explores the roots of contemporary educational policies and places modern battles over curriculum, pedagogy, race relations, and academic standards in historical perspective. A thoroughly revised epilogue outlines the significant challenges to public school education within the last five years. Reese analyzes the shortcomings of *No Child Left Behind* and the continued disjuncture between actual school performance and the

expectations of government officials He discusses the intrusive role of corporations economic models for enticing better teacher performance the continued impact of conservatism and the growth of home schooling and charter schools Informed by a breadth of historical scholarship and based squarely on primary sources this volume remains the standard text for future teachers and scholars of education

Yiddish Paris Nick Underwood, 2022-03-01 Yiddish Paris explores how Yiddish speaking emigrants from Eastern Europe in Paris in the 1920s and 1930s created a Yiddish diaspora nation in Western Europe and how they presented that nation to themselves and to others in France In this meticulously researched and first full length study of interwar Yiddish culture in France author Nicholas Underwood argues that the emergence of a Yiddish Paris was depended on culture makers mostly left wing Jews from Socialist and Communist backgrounds who created cultural and scholarly organizations and institutions including the French branch of YIVO a research institution focused on East European Jews theater troupes choruses and a pavilion at the Paris World s Fair of 1937 Yiddish Paris examines how these left wing Yiddish speaking Jews insisted that even in France a country known for demanding the assimilation of immigrant and minority groups they could remain a distinct group part of a transnational Yiddish speaking Jewish nation Yet in the process they in fact created a French inflected version of Jewish diaspora nationalism finding allies among French intellectuals largely on the left

Inside U.S. Immigration Policy Bryan Warde, 2024-12-23 Inside U S Immigration Policy provides a comprehensive introduction to the development of U S immigration and immigration policies from the nation s colonial beginnings to the present day Written for students of social welfare social work public policy sociology and history the book develops a clear and historical framework for understanding current controversies around immigration Bryan Warde offers a thoroughly researched account of immigration policies spanning 1882 to the present and calls upon theories and ideologies that explain conflicting views and shifting attitudes on immigrants and immigration The book s discussion is organized chronologically and each chapter supports students in developing the skills and knowledge to analyze and unpack the extent to which societal structures and values may oppress marginalize alienate create or enhance privilege and power in the context of immigration policies It also reveals the forms and mechanisms of oppression and discrimination and leads readers to consider the sociopolitical factors that shape social policy and the provision of services to marginalized populations Chapter summaries timelines and discussion questions throughout support learning and comprehension and encourage students to grasp the nuances and implications of this vastly important field of study This book is an excellent addition to a range of undergraduate and graduate courses on social welfare public policy social work sociology and history
