The eldest son Albert Victor Duke of Clarence a backward youth and a subject of scandal died before he was thirty The three princesses Louise Princess Royal and Duchess of Fife the lifelong spinster Victoria and Maud Queen of Norway were never well known to the British public during their lifetime In this detailed and fascinating account John Van der Kiste has drawn upon previously unpublished correspondence from the Royal Archives Windsor to reveal for the first time the part this hitherto neglected group of characters played in supporting the royal family and crown during a period of transition from the Victorian age to the uncertain twentieth century *Sons, Servants and Statesmen* van der Kiste,2011-10-21 How was Queen Victoria influenced by her closest male ministers relatives advisers and servants John Van der Kiste is the first to explore this aspect of Victoria's life focusing on four roles mentors family ministers and servants A soldier's daughter Victoria lost her father at the age of eight months Although her uncle Leopold did his best to be a substitute father the absence of her real father probably influenced her throughout her life not least in choosing her husband Her close and faithful relationship with Albert is one of the great royal love stories but her relationships with her sons were much more stormy However with most of her heads of government she enjoyed relatively cordial relations in widowhood she showed a decided partiality for Disraeli who acquired for her the title Empress of India but disliked Gladstone complaining that he speaks to me as if I were a public meeting Queen Victoria's relationships with her servants are also explored from the liberal influence exerted over the increasingly conservative queen by her private secretary Ponsonby to the outspoken John Brown and the Indian Munshi who both antagonised those around her **Childhood at Court 1819-1914** John Van der Kiste,2011-10-24 What was childhood like for the princes and princesses in the Victorian and Edwardian period Here their education recreation and general upbringing is discussed from Queen Victoria's isolated and lonely childhood to the children of King George V and Queen Mary We see glimpses of Prince Waldemar of Prussia who enjoyed collecting fossils on the Isle of Wight and terrifying his grandmother with a pet crocodile Prince Christian Victor of Schleswig Holstein who was the first prince to attend public school despite enjoying cricket much more than education and Prince Louis of Battenberg who introduced the Katuf into his family and recorded his voice on a wax cylinder Contrasts are drawn between childhood at the English court and that of the Queen's descendants at European capitals as well as the differing attitudes of royal parents For example Queen Victoria found babies to be very froglike whereas Queen Alexandra still gave children's parties to her children when they were adults **A Compendium of World Sovereigns: Volume III Early Modern** Timothy Venning,2023-06-30 The Compendium of World Sovereigns series contains three volumes Ancient Medieval and Early Modern These volumes provide students with easy to access who's who with details on the identities and dates ages and wives where known of heads of government in any given state at any time within the framework of reference The relevant original and secondary sources are also listed in a comprehensive bibliography Providing a clear reference guide for students to who was who and when they ruled in the dynasties and other ruler lists for the Ancient Medieval and Early Modern worlds primarily European and Middle Eastern but

including available information on Africa and Asia and the pre Columbian Americas The trilogy accesses and interprets the original data plus any modern controversies and disputes over names and dating reflecting on the shifts and widening of focus in student and academic studies Each volume contains league tables of rulers records and an extensive bibliographical guide to the relevant personnel and dynasties plus any controversies so readers can consult these for extra details and know exactly where to go for which information All relevant information is collected and provided as a one stop shop for students wishing to check the known information about a world Sovereign The Early Modern volume begins with Eastern and Western Europe and moves through the Ottoman Empire South and East Asia Africa and ends in Central and South America Compendium of World Sovereigns Volume III Early Modern provides students and scholars with the perfect reference guide to support their studies and to fact check dates people and places
