Open Prisons and the Inmates Shubra Ghosh,1992 *American Prisons and Jails* Vidisha Barua Worley,Robert M. Worley,2018-12-07 This two volume encyclopedia provides a comprehensive and authoritative examination of the history and current character of American prisons and jails and their place in the U S corrections system This encyclopedia provides a rigorous and comprehensive summary of correctional systems and practices and their evolution throughout US history Topics include sentencing norms and contemporary developments differences between local jails and prisons and regional state and federal systems violent and nonviolent inmate populations operations of state and federal prisons including well known prisons such as ADX Florence Alcatraz Attica Leavenworth and San Quentin privately run for profit prisons as well as the companies that run them inmate culture including prisoner generated social hierarchies prisoner slang gangs drug use and violence prison trends and statistics including racial ethnic age gender and educational breakdowns the death penalty and post incarceration outcomes including recidivism The set showcases contributions from some of the leading scholars in the fields of correctional systems and practices and will be a valuable resource for anyone interested in learning more about American prisons jails and community corrections *The Inmate and the Medium* Tammy De Mirza,2017-08-28 This is her journey in her own words and The Inmate and the Medium is a unique part of her life in that while Tammy was assisting in the freedom of Phil who had served more than twenty four years in prison she was also doing her own spiritual work while having all of her money stolen from a predator becoming homeless because of it not knowing how she would eat or live overcoming the world economic system learning about alchemy and sitting at the feet of the Good Shepherd while working with Phil It is an extraordinary journey and testament of discovery honesty transparency revealing the human predicament and what we all go through in order to go home to be closer to God and Oneself Reform of the Federal Criminal Laws United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Criminal Laws and Procedures,1972

human rights violations through a system of visits to places of detention The Convention is intended to be an integrated part of the Council of Europe system for the protection of human rights placing a proactive non judicial mechanism alongside the reactive judicial mechanism established under the ECHR The Yearbook of the European Convention for the Prevention of Torture offers an essential annual overview of developments in relation to the ECPT Part One contains information on ratifications and other such issues in the authentic English and French texts Part Two has details in English and French of the membership and activities of the Convention Part Three reprints the twenty fourth annual General Report of the ECPT covering the period 1 August 2013 31 December 2014 in the official English and French texts Part Four contains the ECPT s reports to States and the State responses thereto that were made public during the year in question The ECPT s reports are published in the official English and or French texts and State responses in the English and or French versions submitted by the States concerned Bilingual English and French 3 volume set

Suicide and Self-Harm in Prisons and Jails Christine Tartaro, David Lester, 2010-07-12 Police and corrections personnel must always be mindful of the possibility that those in their custody may attempt suicide or commit an act of self mutilation Persons housed in prisons jails and police lockups tend to be at a higher risk for such destructive behavior than members of the general population Reasons for this can be found by examining the mental health substance abuse and physical sexual abuse histories of inmates in addition to deficits in their coping skills and the stress and uncertainty generated by incarceration This book explores several topics pertaining to suicide and deliberate self harm in the corrections setting including who tends to commit these acts where when and how these incidents occur screening mechanisms the role of environmental stimuli in facilitating or preventing acts of self harm interpersonal relations among inmates and between inmates and staff and the role of the courts in setting and ruling on suicide prevention policies The authors discuss the role of prevention techniques that offer a balance between strict opportunity reduction and softer motivation reduction strategies The book also includes suggestions for diversion programs that can keep mentally ill inmates out of prisons and jails and transition planning programs to better prepare outgoing inmates for their re entry into the community
