The Innocent Anthropologist Notes From A Mud Hut:

The Innocent Anthropologist Nigel Barley, 2000-08-23 When British anthropologist Nigel Barley set up home among the Dwayo people in northern Cameroon he knew how fieldwork should be conducted Unfortunately nobody had told the Dwayo His compulsive witty account of first fieldwork offers a wonderfully inspiring introduction to the real life of a cultural anthropologist doing research in a Third World area Both touching and hilarious Barley s unconventional story in which he survived boredom hostility disaster and illness addresses many critical issues in anthropology and in fieldwork Overseas Research II , **Handbook of Critical and Indigenous Methodologies** Norman K. Denzin, Yvonna S. Lincoln, Linda Tuhiwai Smith, 2008-05-07 Built on the foundation of their landmark Handbook of Qualitative Research it extends beyond the investigation of qualitative inquiry itself to explore the indigenous and non indigenous voices that inform research policy politics and social justice **The SAGE Handbook of Cultural Anthropology** Lene Pedersen, Lisa Cliggett, 2021-03-31 The SAGE Handbook of Cultural Anthropology is the first instalment of The SAGE Handbook of the Social Sciences series and encompasses major specialities as well as key interdisciplinary themes relevant to the field Globally societies are facing major upheaval and change and the social sciences are fundamental to the analysis of these issues as well as the development of strategies for addressing them This handbook provides a rich overview of the discipline and has a future focus whilst using international theories and examples throughout The SAGE Handbook of Cultural Anthropology is an essential resource for social scientists globally and contains a rich body of chapters on all major topics relevant to the field whilst also presenting a possible road map for the future of the field Part 1 Foundations Part 2 Focal Areas Part 3 Urgent Issues Part 4 Short Essays Contemporary Critical Dynamics **Anthropology** , *Word Hunters* Hannah Sarvasy, Diana Forker, 2018-02-15 In Word Hunters eleven distinguished linguists reflect on their career spanning linguistic fieldwork Over decades each has repeatedly stood up to physical intellectual interpersonal intercultural and sometimes political challenges in the pursuit of scientific knowledge These scholar explorers have enlightened the world to the inner workings of languages in remote communities of Africa West East and South Amazonia the Arctic Australia the Caucasus Oceania Siberia and East Asia They report some linguistic eureka moments but also discuss cultural missteps illness and the other challenges of pursuing linguistic data in extreme circumstances They write passionately about language death and their responsibilities to speech communities The stories included here the stuff of departmental and family legends are published publicly for the first time *Africa and the Americas* Richard M. Juang, Noelle Morrisette, 2008-03-12 This encyclopedia explores the many long standing influences of Africa and people of African descent on the culture of the Americas while tracing the many ways in which the Americas remain closely interconnected with Africa Ranging from the 15th century to the present Africa and the Americas Culture Politics and History explores the many ways Africa and African peoples have shaped the cultural life of the Americas and how in turn life in the Americas reverberates in Africa This groundbreaking three volume encyclopedia offers

Introductory Readings in Anthropology Hilary Callan, Brian Street, Simon Underdown, 2013-05 Anthropology seeks to understand the roots of our common humanity the diversity of cultures and world views and the organisation of social relations and practices As a method of inquiry it embraces an enormous range of topics and as a discipline it covers a multitude of fields and themes as shown in this selection of original writings As an accessible entry point for upper level students and first year undergraduates new to the study of anthropology this reader also offers guidance for teachers in exploring the subject's riches with their students That anthropology is an immensely expansive inquiry of study is demonstrated by the diversity of its topics from nature conservation campaigns to witchcraft beliefs from human evolution to fashion and style and from the repatriation of indigenous human remains to research on literacy There is no single story of anthropology Taken together these fundamental readings are evidence of a contemporary vibrant subject that has much to tell us about all the worlds in which we live **Gendered Fields** Diane Bell, Pat Caplan, Wazir Jahan Karim, 2013-07-23 Virtually all anthropologists undertaking fieldwork experience emotional difficulties in relating their own personal culture to the field culture The issue of gender arises because ethnographers do fieldwork by establishing relationships and this is done as a person of a particular age sexual orientation belief educational background ethnic identity and class In particular it is done as men and women Gendered Fields examines and explores the progress of feminist anthropology the gendered nature of fieldwork itself and the articulation of gender with other aspects of the self of the ethnographer
