American Christians and Islam Thomas S. Kidd, 2018-06-05 In the wake of the September 11 terrorist attacks many of America s Christian evangelicals have denounced Islam as a demonic and inherently violent religion provoking frustration among other Christian conservatives who wish to present a more appealing message to the world s Muslims Yet as Thomas Kidd reveals in this sobering book the conflicted views expressed by today s evangelicals have deep roots in American history Tracing Islam s role in the popular imagination of American Christians from the colonial period to today Kidd demonstrates that Protestant evangelicals have viewed Islam as a global threat while also actively seeking to convert Muslims to the Christian faith since the nation s founding He shows how accounts of Mahometan despotism and lurid stories of European enslavement by Barbary pirates fueled early evangelicals fears concerning Islam and describes the growing conservatism of American missions to Muslim lands up through the post World War II era Kidd exposes American Christians anxieties about an internal Islamic threat from groups like the Nation of Islam in the 1960s and America s immigrant Muslim population today and he demonstrates why Islam has become central to evangelical end times narratives Pointing to many evangelicals unwillingness to acknowledge Islam s theological commonalities with Christianity and their continued portrayal of Islam as an evil and false religion Kidd explains why Christians themselves are ironically to blame for the failure of evangelism in the Muslim world *American Christians and Islam* is essential reading for anyone seeking to understand the causes of the mounting tensions between Christians and Muslims today

The Pentecostal Mission in Palestine Eric Nelson Newberg, 2012-06-13 The Pentecostal mission in Palestine is a virtually unknown episode in the history of Pentecostalism Its story begins in 1906 at the Azusa Street Revival from which missionaries were sent to Palestine In its first thirty years the Pentecostal mission in Palestine gained a foothold in Jerusalem and expanded its reach into Jordan Syria and Iran It was

severely tested and lost traction during the tumultuous period of the Arab Revolts World War II and the Partition Crisis With the catastrophic war of 1948 the Pentecostal missionaries fled as their Arab clients were swept away in the Palestinian Diaspora After 1948 a valiant attempt was made to revive the mission but only with relative success Although the Pentecostal missionaries failed in their objective of converting Jews and Muslims they were eyewitnesses of the formative events of the Arab Israeli conflict Newberg argues that the Pentecostal missionaries functioned as brokers of Pentecostal Zionism He offers a postcolonial assessment of the Pentecostal missionaries crediting them for advocating philosemitism yet bringing them up short for disregarding the civil rights of Palestinian Arabs espousing Islamophobia and contributing to the forces working against peace in the Holy Land

The Last Word on the Middle East Derek Prince, 1982-10-01

Kennedy and the Middle East Antonio Perra, 2017-10-30 At the height of the Cold War the John F Kennedy administration designed an ambitious plan for the Middle East its aim was to seek rapprochement with Nasser's Egypt in order to keep the Arab world neutral and contain the perceived communist threat In order to offset this approach Kennedy sought to grow relations with the Kingdom of Saudi Arabia and embrace Israel's defense priorities a decision which would begin the US Israeli special relationship Here Antonio Perra shows for the first time how new relations with Saudi Arabia and Israel which would come to shape the Middle East for decades were in fact a by product of Kennedy's efforts at Soviet containment The Saudi's in particular were increasingly viewed as an atavistic regime who would soon disappear but Kennedy's support for them which hardened during the Yemen Crisis even as he sought to placate Nasser had the unintended effect of making them as today the US great pillar of support in the Middle East

The Middle East Gary S. Gregg, 2005-07-21 For over a decade the Middle East has monopolized news headlines in the West Journalists and commentators regularly speculate that the region's turmoil may stem from the psychological momentum of its cultural traditions or of a tribal or fatalistic mentality Yet few studies of the region's cultural

psychology have provided a critical synthesis of psychological research on Middle Eastern societies Drawing on autobiographies literary works ethnographic accounts and life history interviews *The Middle East A Cultural Psychology* offers the first comprehensive summary of psychological writings on the region reviewing works by psychologists anthropologists and sociologists that have been written in English Arabic and French Rejecting stereotypical descriptions of the Arab mind or Muslim mentality Gary Gregg adopts a life span development framework examining influences on development in infancy early childhood late childhood and adolescence as well as on identity formation in early and mature adulthood He views patterns of development in the context of recent work in cultural psychology and compares Middle Eastern patterns less with Western middle class norms than with those described for the region's neighbors Hindu India sub Saharan Africa and the Mediterranean shore of Europe The research presented in this volume overwhelmingly suggests that the region's strife stems much less from a stubborn adherence to tradition and resistance to modernity than from widespread frustration with broken promises of modernization with the slow and halting pace of economic progress and democratization A sophisticated account of the Middle East's cultural psychology *The Middle East* provides students researchers policy makers and all those interested in the culture and psychology of the region with invaluable insight into the lives families and social relationships of Middle Easterners as they struggle to reconcile the lure of Westernized life styles with traditional values

Islam and Politics in the Modern Middle East (RLE Politics of Islam) Metin Heper,Raphael Israeli,2014-04-11 The recent resurgence of Islam in the Middle East is a far more complex phenomenon than is often suggested by those analyses which reduce recent developments in the area to no more than an intensification of religiosity *Islam and Politics in the Modern Middle East* challenges that perception of the contemporary Middle East It explores the nature of the Islamic revival and attempts to establish the original impulse behind particular instances of Islamic resurgence It also examines the degree to which religious institutions have served as a mechanism for expressing secular demands and frustrations and investigates to what extent politics is a functional alternative to religion First published in 1984
