The Laura Riding Jackson Reader:

The Laura (Riding) Jackson Reader Laura (Riding) Jackson, Elizabeth Friedmann, 2005 In a single volume the essential work of a major Modernist poet and thinker Some see Laura Riding and Laura Riding Jackson as virtually two separate writers the former a strikingly original Modernist poet and critic the latter a supposedly reclusive thinker on man and woman language meaning and truth However encountering her work in this rich cross section one discovers a remarkable consistency of theme developing throughout from the earliest poems and stories to the post poetic writings of her final years The selections presented here span sixty four years 1923 1987 and include famous works of poetry and prose some long out of print or difficult to find significant lesser known writings and an important previously unpublished late essay *Body Mind and the Linguistic Ultimate*

Language and the Renewal of Society in Walt Whitman, Laura (Riding) Jackson, and Charles Olson C. Billitteri, 2009-04-13 This book takes up the utopian desire for a perfect language of words that give direct expression to the real known in Western thought as Cratylistism and its impact on the social visions and poetic projects of three of the most intellectually ambitious of American writers Walt Whitman Laura Riding Jackson and Charles Olson *The New Anthology of American Poetry* Steven Gould Axelrod, Camille Roman, Thomas J. Travisano, 2003 The book includes over 600 poems by 65 American poets writing in the period between 1900 and 1950 *The Failure of Poetry, the Promise of Language* Laura (Riding) Jackson, 2007 Brings together four decades of largely unpublished work by Jackson exploring the rationale for her renunciation of poetry in 1941 after two decades as a poet

which emphasizes the artistic achievements of particular figures and offers detailed readings of key works by the most significant modernist authors whose work transformed early twentieth century English literary culture Provides in depth discussion of intellectual debates the material conditions of literary production and dissemination and the physical locations in which writers lived and worked The first large scale book to provide a systematic overview of modernism as it developed in England from the late 1890s through to the late 1930s

Contemporaries and Snobs Laura Riding, 2014-02-28 This new edition of *Contemporaries and Snobs* a landmark collection of essays by Laura Riding offers a counter history of high modernist poetics Laura Riding's *Contemporaries and Snobs* 1928 was the first volume of essays to engage critically with high modernist poetics from the position of the outsider For readers today it offers a compelling account by turns personal by turns historical of how the institutionalization of modernism denuded experimental poetry Most importantly *Contemporaries and Snobs* offers a counter history of the idiosyncratic of what the institution of modernism left and leaves behind With Gertrude Stein as its figurehead the book champions the noncanonical the barbaric and the undertheorized Riding's nuanced defense of a poetics of the person in *Contemporaries and Snobs* represents a forgotten but essential first attempt to identify and foster what is now a well defined poetic lineage that leads from Stein to the contemporary experimental avant garde In these essays Riding takes her readers on a remarkably thorough tour through the critical scene of the 1920s Among other influential treatises she considers T S Eliot's *The Sacred Wood* and his editorial essays in *The Criterion* Allen Tate's *Poetry* and the *Absolute* John Crowe Ransom's essays on the modernist poet Edgell Rickword's essays in *The Calendar of Modern Letters* and Herbert Read's posthumous publication of T E Hulme's essays All of this criticism Riding notes gave modern poets a sheen of seriousness and professionalism but was it good for poetry Her decisive answer is no This new edition includes an introduction by Laura Heffernan and Jane Malcolm that makes legible the many connections between *Contemporaries and Snobs* and the critical debates and poetic experiments of the 1920s as well as explanatory notes a chronological bibliography of Riding's work and an index of proper names

[Reading the Difficulties](#) Thomas Fink, Judith Halden-Sullivan, 2014-02-28 Definitions of what constitutes innovative poetry are innumerable and are offered from every quarter Some critics and poets argue that innovative poetry concerns free association John Ashbery others that experimental poetry is a re staging of language Bruce Andrews or a syntactic and cognitive break with the past Ron Silliman and Lyn Hejinian The tenets of new poetry abound But what of the new reading that such poetry demands The essays in *Reading the Difficulties* offer case studies in and strategies for reading innovative poetry They allow readers to interact with verse that deliberately removes many of the comfortable cues to comprehension poetry that is frequently non narrative non representational and indeterminate in subject theme or message Book jacket

American Writers Elizabeth H. Oakes, 2004 *American Writers* focuses on the rich diversity of American novelists

The Birth of New Criticism Donald J. Childs, 2013-12-01 Amid competing claims about who first developed the theories and practices that became known as New

Criticism the critical method that rose alongside Modernism literary historians have generally given the lion's share of credit to William Empson and I A Richards In *The Birth of New Criticism* Donald Childs challenges this consensus and provides a new and authoritative narrative of the movement's origins At the centre stand Robert Graves and Laura Riding two poet critics who have been written out of the history of New Criticism Childs brings to light the long forgotten early criticism of Graves to detail the ways in which his interpretive methods and ideas evolved into the practice of close reading demonstrating that Graves played such a fundamental part in forming both Empson's and Richards's critical thinking that the story of twentieth century literary criticism must be re-evaluated and re-told Childs also examines the important influence that Riding's work had on Graves Empson and Richards establishing the importance of this long neglected thinker and critic A provocative and cogently argued work *The Birth of New Criticism* is both an important intellectual history of the movement and a sharply observed account of the cultural politics of its beginnings and legacy

Reading the Modernist Long Poem
 Brendan C. Gillott, 2020-12-10 How do readers approach the enigmatic and unnavigable modernist long poem Taking as the form's exemplars the highly influential but critically contentious poetries of John Cage and Charles Olson this book considers indeterminacy the fundamental feature of the long poem by way of its analogues in musicology mycology cybernetics and philosophy It addresses features of these works that figure broadly in the long poem tradition such as listing typography archives mediation and mereology while articulating how both poets broke with the longform poetic traditions of the early 1900s Brendan C Gillott argues for Cage's and Olson's centrality to these traditions in developing critiquing and innovating on the longform poetics of the past their work revolutionized the longform poetry of the 20th and 21st centuries

Reading Duncan Reading Stephen Collis, Graham Lyons, 2012-12-01 In *Reading Duncan* thirteen scholars and poets examine first what and how the American poet Robert Duncan read and perforce what and how he wrote Harold Bloom wrote of the searing anxiety of influence writers experience as they grapple with the burden of being original but for Duncan this was another matter altogether Indeed according to Stephen Collis No other poet has so openly expressed his admiration for and gratitude toward his predecessors Part one emphasizes Duncan's acts of reading tracing a variety of his derivations including Sarah Ehlers's demonstration of how Milton shaped Duncan's early poetic aspirations Siobh n Scarry's unveiling of the many sources including translation and correspondence drawn into a single Duncan poem and Cl ment Oudart's exploration of Duncan's use of foreign words to fashion a language to which no one is native In part two the volume turns to examinations of poets who can be seen to in some way derive from Duncan and so in turn reveals another angle of Duncan's derivative poetics J P Craig traces Nathaniel MacKey's use of Duncan's would be shaman Catherine Martin sees Duncan's influence in Susan Howe's development of a poetics where the twin concepts of trespass and permission hold comparable sway and Ross Hair explores poet Ronald Johnson's reading to steal These and other essays collected here trace paths of poetic affiliation and affinity and hold them up as provocative possibilities in Duncan's own inexhaustible work
