**The 12 Commandments Of Digital Marketing** Dr. Ope Banwo, This book contains the most important laws that apply to everybody doing business online whether you are in e-commerce, information marketing, software development, Affiliate Marketing, Freelancing or whichever area you are in. In this book we'll be talking about 12 Commandments of Internet Marketing Success. These unwritten laws are compulsory if you really want to succeed in internet marketing. There are of course lots of laws that affect your success and profitability on the internet. The 12 discussed in this book are personally considered by me to be the most important if your goal is to have sustainable success on the internet. These Internet Marketing Commandments may not be codified in any jurisdiction but you would be violating them at your own risk. There are worse things in business than receiving a ticket for over speeding. In other words if you want to succeed online these are some of the CRITICAL laws or principles that you must apply to your business. Though no one will arrest you for violating these cardinal principles of internet marketing you would be violating them at your own risk because your business will feel the punishment and your Bank Account will feel the consequences of disobeying these important internet marketing laws
