Lawrence Welk Scrapbooks Collection Lawrence Welk, 1938

The Lawrence Welk Scrapbook Collection is perhaps the single most comprehensive collection documenting the career of Lawrence Welk from 1938 to 1981. However, there is a significant gap between 1943 and 1950 and also 1954-1955. Whether scrapbooks were ever compiled the years of the gaps is not known. It is believed that Welk's sister Eva Welk compiled these early scrapbooks possibly through 1953. From 1956 to 1981 the scrapbooks are complete. No scrapbooks were compiled after 1981. The scrapbooks from 1938 to 1953 have been photocopied and are available in a bound volume at the Institute

Small-Town Dreams

John E. Miller, 2014-03-28 We live these days in a virtual nation of cities and celebrities dreaming a small town America rendered ever stranger by purveyors of nostalgia and dark visionaries from Sherwood Anderson to David Lynch. And yet it is the small town that world of local character and neighborhood lore that dreamed the America we know today and the small town boy like those whose stories this book tells who made it real. In these life stories beginning in 1890 with frontier historian Frederick Jackson Turner and moving up to the present with global shopkeeper Sam Walton a history of middle America unfolds as entrepreneurs and teachers like Henry Ford, George Washington Carver and Walt Disney, artists and entertainers like Thomas Hart Benton, Grant Wood, Carl Sandburg and Johnny Carson, political figures like William McKinley, William Jennings Bryan and Ronald Reagan and athletes like Bob Feller and John Wooden by turns engender and illustrate the extraordinary cultural shifts that have transformed the Midwest and through the Midwest the nation and the world. Many of these men are familiar icons even Ford and Reagan, certainly Ernie Pyle, Sinclair Lewis, James Dean and Lawrence Welk and others like artists Oscar Micheaux and John Stuart Curry, economist Alvin Hansen and composer Meredith Willson, less so. But in their stories as John E. Miller tells them all appear in a new light, unique in their backgrounds and accomplishments, united only in the way their lives reveal the persisting shaping power of place and particularly the Midwest on the cultural imagination and national consciousness. In a thoroughly engaging style Miller introduces us to the small town Midwestern boys who became these all American characters, privileging us with insights that pierce the public images of politicians and businessmen, thinkers and entertainers alike. From the smell of the farm, the sounds and silences of hamlets and county seats, the schoolyard athletics and classroom instruction and theatrical performance we follow these men to their moments of inspiration, innovation and fame, observing the workings of the small town past in their very different relationships with the larger world. Their stories reveal in an intimate way how profoundly childhood experiences shape personal identity and how deeply place figures in the mapping of thought, belief, ambition and life's course.
