

Reincarnation

What is reincarnated if there is no self or soul?
It appears simply your or my “stream of consciousness” continues,

- supported by the law of Karma, and
- the causal laws of the material universe.

Problems:

- without a soul, what accounts for identity over time through change other than memory?
- If you fail to remember a former life, how can it be *your* former life?

Reincarnation in America Lee Irwin, 2017-07-31 Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional

Reincarnation and the Law of Karma: A Study of the Old-New World-Doctrine of Rebirth, and Spiritual Cause and Effect William Walker Atkinson, 2008-01-01 By Reincarnation we mean the repeated incarnation or embodiment in flesh of the soul or immaterial part of man s nature The term Metempsychosis is frequently employed in the same sense the definition of the latter term being The passage of the soul as an immortal essence at the death of the body into another living body The term Transmigration of Souls is sometimes employed the term being used in the sense of passing from one body into another But the term Transmigration is often used in connection with the belief of certain undeveloped races who held that the soul of men sometimes passed into the bodies of the lower animals as a punishment for their sins committed during the human life But this belief is held in disrepute by the adherents of Reincarnation or Metempsychosis and has no connection with their philosophy or beliefs the ideas having sprung from an entirely different source and having nothing in common There are many forms of belief many degrees of doctrine regarding Reincarnation as we shall see as we proceed but there is a fundamental and basic principle underlying all of the various shades of opinion and divisions of the schools This fundamental belief may be expressed as the doctrine that there is in man an immaterial Something called the soul spirit inner self or many other names which does not perish at the death or disintegration of the body but which persists as an entity and after a shorter or longer interval of rest reincarnates or is re born into a new body that of an unborn infant from whence it proceeds to live a new life in the body more or less

unconscious of its past existences but containing within itself the essence or results of its past lives which experiences go to make up its new character or personality It is usually held that the rebirth is governed by the law of attraction under one name or another and which law operates in accordance with strict justice in the direction of attracting the reincarnating soul to a body and conditions in accordance with the tendencies of the past life the parents also attracting to them a soul bound to them by some ties in the past the law being universal uniform and equitable to all concerned in the matter This is a general statement of the doctrine as it is generally held by the most intelligent of its adherents
