*Private Lawyers and the Public Interest* Robert Granfield, Lynn M. Mather, 2009 Private Lawyers and the Public Interest The Evolving Role of Pro Bono in the Legal Profession explores timely questions about the role of pro bono in the legal profession the relationship between pro bono ideals and pro bono in practice and the opportunities and limitations of pro bono in expanding access to justice The contributing writers explore theoretical empirical and practical questions regarding the role of pro bono and public service in the legal profession and in law schools The research presented not only highlights the increase in pro bono efforts across the legal profession but critically examines the limitations of pro bono work as well as the potential problems such work may pose to the ideal of achieving greater access to justice     **The Law Firm and the Public Good** Robert A. Katzmann, 2010-12-01 What can law firms do to ensure justice for all How can they serve the needs of those unable to pay How can law firms improve the quality of life for their lawyers At a time when government support for legal aid is limited and under fire when recent U S presidents have urged increased volunteerism when the American Bar Association s Law Firm Pro Bono Challenge is under way and when some within the legal profession have called for mandatory pro bono work this new book examines these important questions The Law Firm and the Public Good blends academic scholarship with real world experience as it brings together lawyers who have wrestled with the pressures of everyday practice Concerned about deepening the commitment of large law firms to the wider community the authors seek to provide a blueprint for firms concerned with creating developing implementing and evaluating pro bono programs Moving beyond the ethical arguments which justify a law firm s commitment to community service the authors argue that pro bono work is in the firm s self interest They show that a heightened concern with the public good can improve a lawyer s spirit sharpen lawyering skills and enhance the humanistic traditions of law practice They conclude that professional responsibility and self interest support the same conclusion that the law firm and the public good are inextricably linked and that each can draw strength from the other in ways that nourish both The contributors are William A Bradford Jr Hogan Senior Circuit Judge Frank M Coffin U S Court of Appeals for the First Circuit Anthony F Earley Jr Detroit Edison Marc Galanter University of Wisconsin Madison Donald W Hoagland Davis Graham William C Kelly Jr Latham Esther F Lardent director of the ABA s

The Vanishing American Lawyer Thomas D. Morgan, 2010-02-01 Over 4 000 lawyers lost their positions at major American law firms in 2008 and 2009 In The Vanishing American Lawyer Professor Thomas Morgan discusses the legal profession and the need for both law students and lawyers to adapt to the needs and expectations of clients in the future The world needs people who understand institutions that create laws and how to access those institutions works but lawyers are no longer part of a profession that is uniquely qualified to advise on a broad range of distinctly legal questions Clients will need advisors who are more specialized than many lawyers are today and who have more expertise in non legal issues Many of today s lawyers do not have a special ability to provide such services While American lawyers have been hesitant to change the ways they can improve upon meeting client needs lawyers in other countries notably Great Britain and Australia have been better at adapting Law schools must also recognize the world their students will face and prepare them to operate successfully within it Professor Morgan warns that lawyers must adapt to new client needs and expectations The term professional should be applied to individuals who deserve praise for skilled and selfless efforts but this term may lead to occupational suicide if it becomes a justification for not seeing and adapting to the world ahead
