The Lesbian Periodicals Index:

The Lesbian Periodicals Index Clare Potter,1986 Author and subject index for lesbian periodicals **Lesbian Sources** Linda Garber,2018-10-24 This is the final volume of nine in a series on Gay and Lesbian studies Originally published in 1993 Lesbian Sources is a cross referenced bibliography of articles written by and or about lesbians and published in nationally or internationally distributed periodicals between 1970 and 1990 The A to Z of the Lesbian Liberation Movement JoAnne Myers,2009-08-20 The Lesbian Liberation Movement is both a movement that encompasses liberating a sexual practice from stigmatization and a political movement challenging the dual oppression of women by the patriarchy s assumption of male supremacy and heterosexuality Over the years much has been written on homosexuality and the Gay Liberation Movement yet much of the focus has been on male homosexuals especially male homosexual activity and the politics that activity raises The A to Z of the Lesbian Liberation Movement Still the Rage is a comprehensive overview and resource guide for one of the most invisible social political movements the Lesbian Liberation Movement This book helps to make the still active movement visible the history successes setbacks controversies and issues This book is a good resource for those studying this social political movement containing a chronology contextual overview dictionary entries that cover persons laws terminology issues and countries and an extensive bibliography of primary resources and current work **Encyclopedia of Lesbian and Gay Histories and Cultures** Bonnie Zimmerman,George Haggerty,2021-06-13 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a widerange of people Intended as a reference for students and scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future *Encyclopedia of Lesbian and Gay Histories and Cultures* George Haggerty,Bonnie Zimmerman,2003-09-02 Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the Encyclopedia has been

prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written by some of the most famous names in the field as well as new researchers this is intended as a reference for students and scholars in all areas of study as well as the general public *Lesbian Histories and Cultures* Bonnie Zimmerman,2000 To reflect this crucial fact The Encyclopedia of Lesbian and Gay Histories and Cultures has been prepared in two separate volumes to assure that both histories receive full unbiased attention and that a broad range of human experience is covered BOOK JACKET Identity Poetics Linda Garber,2001 What do we now know about the origins of plants on land from an evolutionary and an environmental perspective The essays in this collection present a synthesis of our present state of knowledge integrating current information in paleobotany with physical chemical and geological data Introduction To Library Research In Women's Studies Susan E. Searing,2019-02-26 This annotated bibliography evaluates the traditional reference aids available in most college libraries in terms of their usefulness in women s studies research highlighting issues and problems of central concern to researchers in women s studies Women Online Steven D. Atkinson,Judith Hudson,1990 Women Online focuses on the problems of investigating interdisciplinary topics in women s studies working with controlled vocabularies and inconsistent indexing and locating feminist scholarship The authoritative contributors to the book not only analyze these problems in general terms but also suggest practical strategies for making online research more effective and productive The sixteen chapters in this much needed book are organized into three broad categories covering disciplines such as humanities and social sciences format of the material covered such as non bibliographic and cited reference databases and specific topics such as lesbian studies and women of color Chapter authors employ a variety of useful methods to analyze issues of coverage and content They compare the results of controlled vocabulary and free text or full text searching and make use of search examples cited reference and multi file searching and bibliometric techniques including analysis of recall precision overlap relevancy uniqueness and trends in file growth The Database Matrix provides an alphabetical listing of files discussed in the book and serves as a directory for online research in women s studies Women Online will be useful to librarians scholars and students who search databases as well as to producers who design and market them **Historical Dictionary of the Lesbian and Gay Liberation Movements** JoAnne Myers,2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced

dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality **Encyclopedia of Gay Histories and Cultures** George Haggerty, 2013-11-05 First Published in 2000 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a widerange of people Intended as a reference for students and scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future

Gay and Lesbian Literary Heritage Claude J. Summers, 2014-02-25 The revised edition of The Gay and Lesbian Literary Heritage is a reader s companion to this impressive body of work It provides overviews of gay and lesbian presence in a variety of literatures and historical periods in depth critical essays on major gay and lesbian authors in world literature and briefer treatments of other topics and figures important in appreciating the rich and varied gay and lesbian literary traditions Included are nearly 400 alphabetically arranged articles by more than 175 scholars from around the world New articles in this volume feature authors such as Michael Cunningham Tony Kushner Anne Lister Kate Millet Jan Morris Terrence McNally and Sarah Waters essays on topics such as Comedy of Manners and Autobiography and overviews of Danish Norwegian Philippines and Swedish literatures as well as updated and revised articles and bibliographies *Lesbian Texts and Contexts* Karla Jay, Joanne Glasgow, 1990-06 Lesbian writers include some of the most innovative and adventurous writers of this century but only recently have they been given their due attention in terms of critical study This book is the first anthology to discuss the subject of lesbianism as it relates to the critical interaction among readers writers and literary critics It explores lesbian texts in terms of identification meaning and interpretation and examines the complex entanglements of identity voice intersubjectivity textualities and sexualities A wonderful exploration of the varieties of life choices lesbians can and do make This book once again proves that telling the truth about yourself is a revolutionary act Rita Mae Brown They will probably drum Karla Jay and Joanne Glasgow out of the academy for this one A college text that is witty

literate interesting and can be read for fun What s the world coming to Lesbian Texts and Contexts dry title wonderful book
 Barbara Grier Editor Naiad Press To call this collection much needed or eagerly awaited would be the understatement of the
 year It s thrilling ot think of the new readings of classic texts the new directions for theory and maybe best of all the new
 range of literary encounters in the classroom that will be enabled by this radical intervention on the critical scene Eve
 Kosofsky Sedgwick Duke University Excellent challenging sexy never boring Outweek **Routledge International
 Encyclopedia of Women** Cheris Kramarae,Dale Spender,2004-04-16 For a full list of entries and contributors sample
 entries and more visit the Routledge International Encyclopedia of Women website Featuring comprehensive global coverage
 of women s issues and concerns from violence and sexuality to feminist theory the Routledge International Encyclopedia of
 Women brings the field into the new millennium In over 900 signed A Z entries from US and Europe Asia the Americas
 Oceania and the Middle East the women who pioneered the field from its inception collaborate with the new scholars who are
 shaping the future of women s studies to create the new standard work for anyone who needs information on women related
 subjects **Information Activism** Cait McKinney,2020-07-17 For decades lesbian feminists across the United States and
 Canada have created information to build movements and survive in a world that doesn t want them In Information Activism
 Cait McKinney traces how these women developed communication networks databases and digital archives that formed the
 foundation for their work Often learning on the fly and using everything from index cards to computers these activists
 brought people and their visions of justice together to organize store and provide access to information Focusing on the
 transition from paper to digital based archival techniques from the 1970s to the present McKinney shows how media
 technologies animate the collective and unspectacular labor that sustains social movements including their antiracist and
 trans inclusive endeavors By bringing sexuality studies to bear on media history McKinney demonstrates how groups with
 precarious access to control over information create their own innovative and resourceful techniques for generating and
 sharing knowledge *Encyclopedia of Lesbian Histories and Cultures* Bonnie Zimmerman,2013-08-21 A rich heritage that
 needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the
 establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that
 now occupies a critical place in many fields of academic endeavours It covers a long history and a dynamic and ever
 changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking
 new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly
 different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both
 histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a wide
 range of people Intended as a reference for students and scholars in all fields as well as for the general public the
 encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates

both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future American Reference Books Annual Bohdan S. Wymar, 1987 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering **We Are What We Remember** Laura Mattoon D'Amore, Jeffrey Meriwether, 2013-01-16 Commemorative practices are revised and rebuilt based on the spirit of the time in which they are re created Historians sometimes imagine that commemoration captures history but actually commemoration creates new narratives about history that allow people to interact with the past in a way that they find meaningful As our social values change race gender religion sexuality class our commemorations do too We Are What We Remember The American Past Through Commemoration analyzes current trends in the study of historical memory that are particularly relevant to our own present our biases our politics our contextual moment and strive to name forgotten overlooked and denied pasts in traditional histories Race gender and sexuality for example raise questions about our most treasured myths where were the slaves at Jamestowne How do women or lesbians protect and preserve their own histories when no one else wants to write them Our current social climate allows us to question authority and especially the authoritative definitions of nation patriotism and heroism and belonging How do we uncommemorate things that were mis commemorated in the past How do we repair the damage done by past commemorations The chapters in this book contributed by eighteen emerging and established scholars examine these modern questions that entirely reimagine the landscape of commemoration as it has been practiced and studied before Radical Cataloging K.R. Roberto, 2015-03-07 This collection of critical and scholarly essays addresses the state of cataloging in the world of librarianship The contributors including Sanford Berman Thomas Mann and numerous front line library workers address topics ranging from criticisms of the state of the profession and traditional Library of Congress cataloging to methods of making cataloging more inclusive and helpful to library users Other essay topics include historical overviews of cataloging practices and the literature they generate first person discussions of library workers experiences with cataloging or metadata work and the implications behind what materials get cataloged who catalogs them and how Several essays provide a critical overview of innovative cataloging practices and the ways that such practices have been successfully integrated in many of the nation's leading libraries Instructors considering this book for use in a course may request an examination copy here

Women's Periodicals in the United States Kathleen L. Endres, Therese Lueck, 1996-11-25 Throughout American history women have worked in reform organizations informal community groups and consciousness raising societies to change their neighborhoods their states and their nation To accomplish social change women have needed to communicate effectively among themselves and with society as a whole Throughout the 19th and 20th centuries women created numerous periodicals to address social political and economic issues Many of these were short lived newsletters while others continue to be published today Through entries on more than 70 individual periodicals published in the 19th and 20th centuries this

reference traces the history of women's involvement in many of the social, political, and economic issues in the United States. From abolitionism to temperance, from moral reform to birth control, from suffragism to anti-suffragism, from pacifism to feminism, this reference surveys a wide range of social movements. Entries are arranged alphabetically and each is written by an expert contributor. Each entry overviews the history of the periodical and provides circulation and related information. The entries close with selected bibliographies and the volume concludes with a chronology and a general bibliography.

Unveiling the Energy of Verbal Art: An Emotional Sojourn through **The Lesbian Periodicals Index**

In a world inundated with monitors and the cacophony of fast interaction, the profound energy and mental resonance of verbal artistry frequently fade into obscurity, eclipsed by the regular assault of sound and distractions. Yet, situated within the lyrical pages of **The Lesbian Periodicals Index**, a fascinating function of fictional beauty that pulses with natural emotions, lies an unforgettable journey waiting to be embarked upon. Penned by way of a virtuoso wordsmith, that exciting opus instructions visitors on a mental odyssey, gently exposing the latent possible and profound influence embedded within the delicate internet of language. Within the heart-wrenching expanse of the evocative examination, we can embark upon an introspective exploration of the book is central subjects, dissect their fascinating publishing model, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
