*A Change of Perspective* Virginia Woolf, Nigel Nicolson, Joanne Trautmann, 1981-01-01      *Virginia Woolf* Gillian Gill, 2019

An insightful witty look at Virginia Woolf through the lens of the extraordinary women closest to her How did Adeline Virginia Stephen become the great writer Virginia Woolf Acclaimed biographer Gillian Gill tells the stories of the women whose legacies of strength style and creativity shaped Woolf s path to the radical writing that inspires so many today Gill casts back to Woolf s French Anglo Indian maternal great grandmother Th r se de L Etang an outsider to English culture whose beauty passed powerfully down the female line and to Woolf s aunt Anne Thackeray Ritchie who gave Woolf her first vision of a successful female writer Yet it was the women in her own family circle who had the most complex and lasting effect on Woolf Her mother Julia and sisters Stella Laura and Vanessa were all like Woolf herself but in markedly different ways warped by the male dominated household they lived in Finally Gill shifts the lens onto the famous Bloomsbury group This Gill convinces is where Woolf called upon the legacy of the women who shaped her to transform a group of men united in their love for one another and their disregard for women into a society in which Woolf ultimately found her freedom and her voice      Virginia Woolf's Unwritten Histories Anne Besnault, 2021-11-04 Virginia Woolf s Unwritten Histories explores the interrelatedness of Woolf s modernism feminism and her understanding of history as a site of knowledge and a writing practice that enabled her to negotiate her heritage to find her place among the moderns as a female artist and intellectual and to elaborate her poetics of the new not as radical rupture but as the result of a process of unwriting and rewriting traditional historiographical orthodoxies Its central argument is that unless we comprehend the genealogy of Woolf s historical thought and the complexity of its lineage we cannot fully grasp the innovative thrust of her attempt to think back through our mothers Bringing together canonical texts such as *Orlando* 1928 *A Room of One s Own* 1929 *Three Guineas* 1938 or *Between the Acts* 1941 and under researched ones among which stand Woolf s essays on historians and reviews of history books and her pieces on literary history and nineteenth century women s literature this book argues that Woolf s textual conversations with nineteenth century writers historians and critics many of which remain unexplored are interwoven with her historiographical poesis and constitute the groundwork for her alternative histories and literary histories unwritten open textured unacademic and polemical counter narratives that keep track of the past and engage politically with the future
