ReLovenship™: Look Within to Love Again! Mario P. Cloutier ,2015-05-19 We all long for a blissful relationship No matter how many attempts you have made in the past to find the one or how many break ups you may have had if you are still determined to get another shot at finding or attracting your true soul mate let ReLovenship Look Within to Love Again be your next step *The Makropoulos Secret* Karel Čapek,1925 **Revealing Your Secret** Gerard Tylor,2017-07-04 It began around the age of thirty when I noticed an almost constant dissatisfaction arising within I had at that point a loving family friends home health an occupation and all the requirements of living the so called good life Why I asked myself besides the rare flashes of momentary relief and satisfaction am I basically unhappy and experiencing some form of suffering most of the time As I observed and questioned others around me they too privately admitted to be unhappy and dissatisfied which brought up a most important question What is It that prevents the state of happiness from being self realized Over the years I came to understand that it is indeed possible to free and liberate yourself from what is commonly unnoticed by most and that is your own falsely created identity that you call self I came to realize that you are always already established in unity with Being itself and can never possibly be separated from its source Your part Apply the way of self realizing this eternal and ever present relationship of Oneness with Reality itself and surrender to its self existing and self radiant nature of blissful happiness as your own real and true self state The Secret Path Paul Brunton,2011-08-31 The treasure trove of the real self is within us but it can be lifted only when the mind is still Paul Brunton was one of the 20th century's greatest explorers of and writers on the spiritual traditions of the East He travelled widely throughout India in particular and met gurus and teachers who enriched his life immeasurably By passing on to us the wisdom he learned directly from these holy men he is widely credited as having introduced yoga and meditation to the West In The Secret Path Paul Brunton explains in simple language how to meditate and how this will transform your everyday existence He also describes the remarkable experiences and understandings he himself gained from meditation and how by making this ancient practice a part of your life you will be able to experience a valuable kind of freedom and a deep inner peace The classic work which has been reprinted many times is a very special pointer towards your inner world and one written by a most unusual and adventurous man of insight The secret agent Joseph Conrad,Ford Madox Ford,1921 **The Secret Public** Jon Savage,2025-02-04 Rolling Stone UK Best Music Books of the Year A monumental history of the gay influence on popular culture from the rise of Little Richard to the collapse of disco in 1979 award winning author Jon Savage takes us on a fast and captivating journey through the history of pop music as seen through the eyes of queer artists Jon Savage the author of the canonical England's Dreaming explodes

new ground in this electrifying history of pop music from 1955 through 1979 In demonstrating that gay and lesbian artists were responsible for many of the greatest cultural breakthroughs in the last half of the twentieth century he shows that it was their secretly encoded music appealing to a closeted but greatly oppressed public which led to the historic dismantling of discriminatory gay laws and the fusion of queer and straight culture Fittingly Savage's kaleidoscopic work begins with the pomp and pompadour appearance of Little Richard whose relentlessly driving sound replete with gospel shrieks and sexual contortions enthralled a generation of 1950s stultified white teenagers Things soon went mainstream as Elvis enthralled a nation with his seductive low moans and bump and grind twists heavily derivative of Black music while James Dean and Rock Hudson became the face of 1950s Hollywood yet this explosion of queer expression remained covert and could not be accepted for what it was While music with supporting roles from cinema and fashion became the key medium through which homosexuality could be clandestinely enacted overt expressions of gay behavior were met with arrests and crackdowns While hippies reveled in 1967's Summer of Love gays remained harassed by police demonized by the media and politicians imprisoned simply for being who they were J Edgar Hoover himself a closeted homosexual continued to spy on homosexual deviants CBS's Mike Wallace aired an invidious show about homosexuality and the New York police continued to raid gay bars Yet the music itself produced a cultural eruption that simply could not be stanchd While Bette Midler sang Boogie Woogie Bugle Boys to a Continental Baths audience of 600 gay men all naked except for towels David Bowie blew the whole topic wide open and became the most totemic pop star of his generation Even though roadblocks remained the gear grinding crunch of the music signaled that the gay civil rights movement could no longer be suppressed Ending the narrative with the sudden collapse of disco The Secret Public asserts then that the genie was out of the bottle that queer culture had finally entered the mainstream producing a transcendent vision of pop culture that could never be marginalized again
