Currey, 2001-06-12 These stories are called short but the action is nonstop Author Joseph Currey has put together a splendid action packed anthology of diverse stories that keeps the reader wanting more Sex romance danger comedy all emotions are neatly packaged in this exciting collection by the author of *The Liberty Hound* and *The Nutt House* Half the fun of enjoying these literary nuggets is trying to guess how the stories will end and the other half is getting caught up in the lives of these attention grabbing characters Are they fact or fiction Included in this anthology are chapters from Mr Currey s World War II novel *The Liberty Hound* featuring a tour de force of irrepressible Seaman Sammy Bench in Navy Boot Camp and the profound affect of people thrown together had on each other Strangers who would never have said hello to each other on the street will now depend on one another with their lives Although the characters in *The Liberty Hound* are fictional they are the very substance that made this The Greatest Generation *The Coddling of the American Mind* Greg Lukianoff, Jonathan Haidt, 2018-09-04 Something is going wrong on many college campuses in the last few years Rates of anxiety depression and suicide are rising Speakers are shouted down Students and professors say they are walking on eggshells and afraid to speak honestly How did this

happen First Amendment expert Greg Lukianoff and social psychologist Jonathan Haidt show how the new problems on campus have their origins in three terrible ideas that have become increasingly woven into American childhood and education what doesn't kill you makes you weaker always trust your feelings and life is a battle between good people and evil people These three Great Untruths are incompatible with basic psychological principles as well as ancient wisdom from many cultures They interfere with healthy development Anyone who embraces these untruths and the resulting culture of safetyism is less likely to become an autonomous adult able to navigate the bumpy road of life Lukianoff and Haidt investigate the many social trends that have intersected to produce these untruths They situate the conflicts on campus in the context of America's rapidly rising political polarization including a rise in hate crimes and off campus provocation They explore changes in childhood including the rise of fearful parenting the decline of unsupervised play and the new world of social media that has engulfed teenagers in the last decade This is a book for anyone who is confused by what is happening on college campuses today or has children or is concerned about the growing inability of Americans to live work and cooperate across party lines

Information Bulletin, 1972 *Buffalo's Waterfront Renaissance* Gene Bunnell, 2024-09-01 This book tells the remarkable story of how Buffalo's post-industrial waterfront was reclaimed for public use and enjoyment and pays tribute to the many local citizens and nongovernmental organizations that made the city's waterfront renaissance possible After years of litigation public controversy and debate preservationists and environmentalists ultimately succeeded in persuading the state to abandon its contentious plans for privately developing Buffalo's waterfront Gene Bunnell an experienced urban planner lays out the Buffalo waterfront's long and troubled history from the torrent of shipping and commercial activity that was unleashed by the opening of the Erie Canal to the contamination of the Buffalo River due to waterside industries to how the Outer Harbor the last portion of the waterfront to be industrially developed was reshaped and contaminated by filling in low-lying areas with a toxic mix of waste materials Drawing on interviews and articles editorials and op-eds from *The Buffalo*

News Bunnell provides the reader with a real time sense of how the struggle over the future of Buffalo's waterfront unfolded and the ultimate victory by local activists to secure environmental cleanup restored natural habitats and expanded public waterfront access
