## **The Life And Career Of A Turkish Diplomat Cevat Acikalin:**

The Life and Career of a Turkish Diplomat Yücel Güçlü, 2002

## **Zeki Kuneralp and the Turkish Foreign Service**

Yücel Güçlü, 2015-06-18 This book is not a conventional biography. It is not only a portrait of a larger than life Turkish diplomat whose Foreign Service career spanned almost four decades from 1941 to 1979 but also offers a glimpse into the evolution of the organization of the Turkish Ministry of Foreign Affairs and provides an account of the attitudes and methods of the Ministry's officials. A good biography should cast light upon its subject's times as well as his or her life upon the way things were done as much as upon the way a particular individual reacted and behaved. As such in this book not only is Zeki Kuneralp the man addressed but also the great developments of his time are explored extensively. The book blends biographical narrative with explorations of various aspects of the foreign policy issues with which Kuneralp was involved. The book treats in detail the major problems with which Kuneralp was directly concerned at each of his postings that is meeting the right people abroad promoting Turkish interests reporting to the Ministry of Foreign Affairs subordinating local matters to the political and economic goals of Turkey and conducting diplomacy so as always to be in accord with Ankara's policy makers whose big picture he always kept in mind.

## **Selahattin Ülkümen, the Turkish Righteous among the Nations**

Yücel Güçlü, 2022-04-08 The history of the Holocaust is far from complete. Even with more than seven decades of Holocaust research and writing behind us there are many specialist topics within Holocaust historiography that have not been dealt with in detail including the role of Turkey. This has caused the researchers of the Holocaust in other countries to often include limited outdated and sometimes incorrect data about Turkey in their studies. Within the flood of publications on Holocaust history that has been rising since the 1990s and which has maintained its momentum ever since studies on the role of Turkey remain comparatively underexplored. Selahattin Ülkümen a Turk is the only Muslim diplomat who thus far has been designated as Righteous among the Nations by the Yad Vashem the Holocaust Martyrs and Heroes Authority in Jerusalem for saving at his own risk the lives of 42 Jews in Rhodes from the Nazis in 1944. Thus momentarily thrust into prominence he excites a certain curiosity. However current scholarship has failed to reveal a single monograph or even an article in periodical literature on him. Neither Turk nor Westerner has devoted more than a few pages to his exploits. References to him in other sources are slight and fall short of explaining a satisfactory explanation of his deeds. The remarkable story of Ülkümen is an important but little known aspect of Turkish history in the Second World War period. He is an individual who has not received the attention he deserves. This book serves to fill this historiographical void. It draws on the previously unused files of the Turkish Ministry of Foreign Affairs the Yad Vashem Archives and available primary and secondary sources in Turkish English and French.

## **British Diplomacy in Turkey, 1583 to the present** Geoffrey R.

Berridge, 2009-07-31 Since the early twentieth century the resident embassy has been supposed to be living on borrowed time. By means of an exhaustive historical account of the contribution of the British Embassy in Turkey to Britain's diplomatic

relationship with that state this book shows this to be false Part A analyses the evolution of the embassy as a working unit up to the First World War the buildings diplomats dragomans consular network and communications Part B examines how without any radical changes except in its communications it successfully met the heavy demands made on it in the following century for example by playing a key role in a multitude of bilateral negotiations and providing cover to secret agents and drugs liaison officers

Ottoman Imperial Diplomacy Dogan Gurpinar, 2013-10-25 The Ottoman Empire maintained a complex and powerful bureaucratic system which enforced the Sultan's authority across the Empire's Middle Eastern territories This bureaucracy continued to gain in power and prestige even as the empire itself began to crumble at the end of the nineteenth century Through extensive new research in the Ottoman archives Dogan Gurpinar assesses the intellectual cultural and ideological foundations of the diplomatic service under Sultan Abdulhamid II In doing so Ottoman Imperial Diplomacy presents a new model for understanding the formation of the modern Turkish nation arguing that these Hamidian reforms undertaken with the support of the Young Ottomans led by Namik Kemal constituted the beginnings of modern Turkish nationalism This book will be essential reading for historians of the Ottoman Empire and for those seeking to understand the history of Modern Turkey

Historical Archives and the Historians' Commission to Investigate the Armenian Events of 1915 Yücel Güçlü, 2015-08-07 Historical Archives and the Historians Commission to Investigate the Armenian Events of 1915 demonstrates the vital importance of Ottoman and other relevant archives in Turkey for the study of the Armenian question Historians assisted by newly discovered or recently published materials must continually reassess events of the past in order to achieve a rounder view The Armenian events of 1915 are certainly no exception This study encourages further engagement between the policy making and the scholarly communities by indicating the continued importance of past records and documents for today's pressing debates In order to give a fuller picture this survey also looks at some major relevant archival sources outside Turkey including the state of archives of the First Republic of Armenia and those of the Dashnak Party Yücel Güçlü's inquiry sheds light on some of the British records relating to the First World War and its immediate aftermath locked at the National Archives in Kew London and he examines the special relevance of repositories in Moscow and St Petersburg in understanding the Turkish Armenian conflict Güçlü assesses Turkey's proposal to establish an international historians commission to investigate the Armenian events of 1915 and reviews in depth the meanings and implications of the protocols of cooperation signed between Turkey and Armenia on 10 October 2009 By turning a modern eye on historical events this study gives great and necessary attention to discovering the precise chronology meaning and development of the continuing negotiations between Turkey and Armenia

Historical Dictionary of Turkey Metin Heper, Nur Bilge Criss, 2009-01-21 Turkey is both an old and a new country While the Turks have been living in Anatolia for the last millennium the country has gone through extensive Westernization since the end of the 18th century However in the case of Turkey tradition has not arrested modernization rather the traditional has adapted itself to the modern The revival of

Islam and the emergence of certain ethnic identities during the recent decades have not led to the reversal of progress in the economy and democracy There is a thriving private sector and the economy continues to grow At the turn of the 21st century Turkey is the only Muslim country with a democratic political system Although Turkey belongs to both the West and the East its Western credentials are more marked It is a member of the Council of Europe North Atlantic Treaty Organization NATO and Organization for Economic Cooperation and Development OECD and it is presently carrying out negotiations with the European Union EU for accession to that Union as a full member The third edition of the Historical Dictionary of Turkey explores the history of this fascinating country through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on important persons places events and institutions as well as on significant political economic social and cultural aspects

*The Armenian Events Of Adana In 1909* Yücel Güçlü, 2018-05-31 The purpose of the book is twofold first to give an accurate and reasonably complete narrative account of the Armenian events of 1909 and their aftermath in the province of Adana and the developments leading up to and following them and equally importantly to provide an interpretive framework that makes some sense out of this episode in Ottoman history The book opens with an exposition of the geographical and economic importance of the province of Adana and its vicinity in the Ottoman Empire This is followed by a broad demographical overview of the region The position of the Armenians in Adana at the turn of the twentieth century their linguistical and educational characteristics their role in the economic and social life and their schooling effort in the province are all examined Further the major causes of the outbreak in the area in 1908 1909 the dimensions of the disorders in April 1909 and the responsibility for the outrages are explored along with the reestablishing of order in the district in May August 1909 A description and an analysis of Cemal Pasa s work of humanitarian relief and reconstruction when he was provincial governor in Adana and a survey of post 1911 Adana and Cemal Pasa s governorship at Baghdad are also included in this study

**Tajikistan on the Move** Marlene Laruelle, 2018-05-25 The southernmost and poorest state of the Eurasian space Tajikistan collapsed immediately upon the fall of the Soviet Union and plunged into a bloody five year civil war 1992 1997 that left more than 50 000 people dead and more than half a million displaced After the 1997 Peace Agreements Tajikistan stood out for being the only post Soviet country to recognize an Islamic party the Islamic Renaissance Party of Tajikistan IRPT as a key actor in the civil war as well as in postwar reconstruction and democratization Tajikistan s linguistic and cultural proximity to Iran notwithstanding the balance of external powers over the country remains fairly typical of Central Asia with Russia as the major security provider and China as its principal investor Another specificity of Tajikistan is its massive labor migration flows toward Russia Out of a

population of eight million about one million work abroad seasonally one of the highest rates of departure in the world Migration trends have impacted Tajikistan's economy and rent mechanisms half of the country's GDP comes from migrant remittances a higher share than anywhere else in the world However it is in the societal and cultural realms that migration has had the most transformative effect Migrants cultural and societal identities are on the move with a growing role given to Islam as a normative tool for regulating the cultural shock of migration Islam and especially a globalized fundamentalist pietist movement regulates both physical and moral security in workplace and other settings and brings migrants together to make their interactions meaningful and socio politically relevant It offers a new social prestige to those who work in an environment seen as threatening to their Islamic identity The first section of this volume investigates the critical question of the nature of the Tajik political regime its stability legitimacy mechanisms and patterns of centralization In the volume's second part we move away from studying the state to delve into the societal fabric of Tajikistan shaped by local rural specificities and social vulnerabilities in the health sector and gender relationships The third section of the volume is devoted to identity narratives and changes While the Tajik regime works hard to control the national narrative and the interpretation of the civil war society is literally and figuratively on the move as migration profoundly reshapes societal structures and cultural values

**Turkish Foreign Policy, 1943-1945** Edward Weisband, 2015-03-08 As it became evident that the Allies were winning World War II Turkish policy makers struggled to achieve their objectives in the shifting circumstances of wartime diplomacy Edward Weisband's detailed description of Turkish foreign policy from 1943 to 1945 reveals that it was complicated by the fact that its two principal aims dictated contradictory positions The first aim was the priority of peace over expansionism this implied a noninterventionist policy On the other hand the belief that the Soviet Union represented the primary threat to the security of the Republic often made intervention to contain Russia seem necessary for national defense Turkish officials became determined to influence the postwar settlement towards an equilibrium among the great powers that would limit Soviet expansionism which the Turks assumed they could not do alone Consequently they were among the first to envision the contours of the Cold War After outlining the historical origins of the ideology that lay behind Turkish diplomacy the first part of the book concentrates on the policy making process in Ankara and assesses the relative influence of individual leaders and institutions The second part analyzes both Turkey's responses to the exigencies of war and the general nature of small state diplomacy Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
