*The Life and Letters of St. Paul* J. W. Shepard, 1964      *The Life and Letters of St. Paul* J. W. Shepard, 1977      *The life and letters of Paul the apostle* Lyman Abbott, 1899      *Charts on the Life, Letters, and Theology of Paul* Lars Kierspel, 2012

This useful contribution by Lars Kierspel provides us with a treasure trove of information on Paul's world, life and ministry, churches, letters and thought. All of this is condensed into a format of some 111 charts, each covering a different topic related to Paul and his epistles. The charts are arranged into four categories covering Paul's background and context, his life and ministry, his letters, and finally his theological concepts. Though not completely exhaustive in scope, Kierspel covers the main issues in each category, such as the religious and political context of Paul's world and the setting of each Pauline letter, with brief introductions, snapshots of its contents, current scholarly debates about such things as authorship and interpretation of problem passages, are treated thoroughly and in a balanced presentation with ample bibliographical notes for further investigation. Especially valuable are his treatments of topics of particular current interest and scholarly debate, such as the role of women in Paul's churches, the meaning of his phrase 'faith of Christ' and the new perspective on Paul, to mention but a few.

*Methodist Magazine and Quarterly Review*, 1897      **Catalogue of English Bible Translations** William J. Chamberlin, 1991-12-10. While other Bible catalogs are available, this comprehensive reference book is destined to become the standard in the field. Chamberlin's one-volume work traces the publication history of multiple editions of Bible translations and offers valuable descriptive annotations. The catalog not only includes complete Bibles but also Old and New Testaments, partial texts, commentaries that include translations, children's Bibles, Apocryphal writings, and the Koran, as well. Other bibliographies are usually limited to editions commonly found in academic libraries, but Chamberlin's guide also includes Bibles found in private collections. Overall, this catalogue contains more than five times as many entries of different English translations as two other Bible bibliographies, those by Hill and Herbert combined. The entries are grouped in 151 categories, and within each category, entries are listed in chronological order. The accompanying annotations identify the translator and provide an overview of the contents of each work. The detailed indexes make this bibliography a convenient tool for researchers, Bible scholars, collectors, and rare book dealers. They will find this catalogue a necessary addition to their libraries.
