

THE LIFE AND TIMES OF SIR KAI HO KAI

G. H. CHOA

Second Edition

The Life And Times Of Sir Kai Ho Kai

DP Hallahan

The Life And Times Of Sir Kai Ho Kai:

The Life and Times of Sir Kai Ho Kai Gerald Hugh Choa, 2000 This volume is the result of the conference Politics and Religion in Ancient and Medieval Europe and Asia held at The Chinese University of Hong Kong in 1996 The essays included cover a wide range of regions and historic periods including ancient Egypt the early Roman empire Norman England and medieval China They have in common their concern about the relationship between politics and religion in ancient and medieval Europe and Asia along with respective intellectual and cultural interactions *Keeping Democracy at Bay* Suzanne Pepper, 2008 This thoroughly researched study provides an invaluable account of Hong Kong's political evolution from its founding as a British colony to the present Exploring the interplay between colonial capitalist communist and democratic forces in shaping Hong Kong's political institutions and culture Suzanne Pepper offers a fresh perspective on the territory's development and a gripping account of the transition from British to Chinese rule The author carries her narrative forward through the lives of significant figures capturing the personalities and issues central to understanding Hong Kong's political history Bringing a balanced view to her often contentious subject she places Hong Kong's current partisan debates between democrats and their opponents within the context of China's ongoing search for a viable political form The book considers Beijing's increasing intervention in local affairs and focuses on the challenge for Hong Kong's democratic reformers in an environment where ultimate political power resides with the communist led mainland government and its appointees

Hong Kong Notable Doctors Dr. Wong Tai-wai, Dr. Moira M. W. Chan-Yeung, 2025-01-15 This is probably the first book dedicated to the life and times of the doctors who have shaped the medical development of Hong Kong It is a fascinating story of how the pioneers transformed a city with primitive medical services into what it is today a city with advanced medical facilities as in any major Western city Dr Mak Wai ping Chairman Executive Committee and Board of Directors Hong Kong Museum of Medical Science Society The development of Western medicine in Hong Kong to its current sophisticated state over more than 150 years is a fascinating story And this book tells the above history from a special perspective the personalities responsible for this remarkable achievement These individuals spanning over a period of over 150 years comprised doctors in government public medical and health services who advocated new initiatives and laid the infrastructure those who established health policies and moved the health system forward the medical educators who trained the medical workforce and generated new medical knowledge through their research practising doctors who not only delivered medical care but also offered their free services in education and social welfare and pioneer female doctors before and after World War II who struggled their ways to the medical world and shined on their own specialties The story of each doctor is narrated in the context of the complex political social and economic backdrop of his/her time While these doctors from diverse backgrounds lived in different eras and engaged in different branches of medicine they were strikingly similar in several aspects their dedication to serving the community and their tireless labor to achieve their aim at times under

adverse conditions leaving their mark in the history of medicine in Hong Kong

Sun Yatsen, Robert Wilcox and Their Failed Revolutions, Honolulu and Canton 1895 Patrick Anderson, 2021-06-28 Dynamite on the Tropic of Cancer is the radical explosive retelling of the first decade of the Father of Modern China Dr Sun Yatsen's globally shaped formation as a professional revolutionist and of the impact of the adult Sun's revolutionary relationship with Hawai'i and with his varied communities of supporters there during its own most turbulent political decade the 1890s years in which this remote island nation transformed from native monarchy via sovereign independent republic to become the USA's first overseas territory Drawn from neglected primary sources Dynamite reveals the hitherto untold story of the secret revolutionary alliance forged in Honolulu's backstreets between Sun's Xingzhonghui and the idiosyncratic Italophile soldier Robert Wilcox Hawai'i's Garibaldi and leader of the Kanaka Native Hawaiian counterrevolution of January 1895 This failed uprising to restore Hawai'i's tragic last Queen witnessed firsthand by Sun Yatsen became the archetype upon which ten months later Sun would base his own first attempt at armed insurrection in China the Canton uprising of 26 October 1895 With an epic sweep across the Pacific's Tropic of Cancer Dynamite is the most important study yet written on the origins of Sun Yatsen's Chinese Revolution and its dynamic interface with Hawaiian history

Plague, SARS and the Story of Medicine in Hong Kong, 2006-01-01 The volume covers Hong Kong's medical development in the period from 1841 to early 2005 including the history of hospitals and medical education and the role of the Bacteriological Institute It is a record of how the health care system has evolved and how the territory has been able to cope with the massive increase in population

BOOK JACKET

Power and Politics at the Colonial Seaside Shuk-Wah Poon, 2022-09-02 A study of the complex role of the seaside as a leisure space in colonial Hong Kong British sports were in many respects more meaningful in the empire than literature music art or religion They served as an instrument of cultural association and later of cultural change promoting imperial union and then postimperial goodwill Poon analyses the ways in which British colonists and Chinese leaders backed by the rhetoric of public health and nationalism respectively transformed the Hong Kong seaside into a leisure space She argues that the growing popularity of seaside resorts and sea bathing as a preferred form of leisure activity across the social and ethnic spectrums served an important role in shaping the racial relationship between Westerners and the Chinese population as well as the Chinese people's perception of the female body and the seaside during the colonial period The popularity of British leisure forms in colonial Hong Kong does not necessarily mean the triumph of Britishness This book will be of great interest to historians with an interest in leisure and in Empire and Colonialism as well as historians of Colonial Hong Kong and Modern China

Hong Kong History Man-Kong Wong, Chi-Man Kwong, 2021-11-10 This book aims at providing an accessible introduction to and summary of the major themes of Hong Kong history that has been studied in the past decades Each chapter also suggests a number of key historical figures and works that are essential for the understanding of a particular theme However the book is by no means merely a general survey of the recent studies of Hong Kong history it tries to suggest that the best way to

approach Hong Kong history is to put it firmly in its international context "Heal the Sick" was Their Motto Gerald H. Choa,1990 *Colonial Hong Kong and Modern China* Pui-tak Lee,2005-09-01 Essays examine the relationship between Hong Kong and China *Political Change and the Crisis of Legitimacy in Hong Kong* Ian Scott,1989-01-01 Chinese parallel title on jacket romanized as Hsiang kang ti cheng chih pien hua chi cheng fu ho fa hsing chih wei chi Bibliography p 449 467

Power and Charity Elizabeth Sinn,2003-10-01 Through the history of a charitable institution the Tung Wah Hospital Elizabeth Sinn reshapes and greatly deepens our understanding of the evolving interactions between the Chinese community in Hong Kong and the colonial rulers She traces the rise to power of the Chinese merchants who organized and operated the Hospital and the complex relationships that the Hospital developed with the colonial regime Mainland Chinese officials and the Chinese people of Hong Kong As the first organized merchant elite recognized by the colonial government the Tung Wah Hospital Committee played a crucial political role in nineteenth century Hong Kong mediating between ordinary Chinese and the colonial administration Elizabeth Sinn s classic and pioneering study shows the great extent to which the Hospital s history is the history of Hong Kong itself The author highlights the problems encountered by the Hong Kong government in managing a foreign population and the role of the Chinese local elite in a colonial situation while also exploring the complex but fascinating relations between the Chinese residents in Hong Kong and Chinese officials on the Mainland and between Hong Kong and other Chinese communities Based on primary source materials this is an original and refreshing contribution to the study of Hong Kong and modern Chinese history which reveals and discusses many fundamental issues that are entirely relevant today In a new preface to this paperback edition Dr Sinn reconsiders her work in the light of subsequent research on Hong Kong s history and connects it to recent developments in international scholarly work especially with respect to the study of philanthropy and to ideas of world history An excellent blend of history and ethnography **Power and Charity** is one of the best books available on the everyday practice of colonialism in British Hong Kong Sinn provides unique insights into a system that is fast becoming a distant memory This book is required reading for anyone interested in colonialism medical history or urban anthropology James L Watson Professor of Anthropology Harvard University Dr Sinn s book is essential reading for anyone wishing to understand Hong Kong society and politics in the nineteenth century Ian Scott *Journal of the Hong Kong Branch of the Royal Asiatic Society* Dr Sinn s book is a fascinating and awesomely researched account of the Chinese community s efforts to hold its own in a foreign dominated enclave Philip Snow *Far Eastern Economic Review* *Wu Tingfang (1842-1922)* Linda Pomerantz-Zhang,1992-08-01 Wu Tingfang 1842 1922 was a contemporary of Li Hongzhang Yuan Shikai Hei and Sun Yixian Sun Yat sen all of whom were involved in China s attempt at reform and modernization in the late 19th and early 20th centuries During his time Wu was a prominent political figure participating actively in public service and political activities in Hong Kong Shanghai and Guangzhou This book is a biography of Wu and sheds considerable light on a crucial period in Chinese history **A Concise History of Hong Kong** John Mark

Carroll,2007 When the British occupied the tiny island of Hong Kong during the First Opium War the Chinese empire was well into its decline while Great Britain was already in the second decade of its legendary Imperial Century From this collision of empires arose a city that continues to intrigue observers Melding Chinese and Western influences Hong Kong has long defied easy categorization John M Carroll s engrossing and accessible narrative explores the remarkable history of Hong Kong from the early 1800s through the post 1997 handover when this former colony became a Special Administrative Region of the People s Republic of China The book explores Hong Kong as a place with a unique identity yet also a crossroads where Chinese history British colonial history and world history intersect Carroll concludes by exploring the legacies of colonial rule the consequences of Hong Kong s reintegration with China and significant developments and challenges since 1997

Foreign Communities in Hong Kong, 1840s-1950s C. Chu,2005-10-06 This collection of essays describes adaptations of minority ethnic groups to cross cultural situations in Hong Kong from the 1840s through the 1950s It aims to portray Hong Kong history through the perspectives of foreign communities the British Germans Americans Indians and Japanese and to understand how they perceived the economic situation political administration and culture of the colony Bedside Manner Robin Hutcheon,1999 In Hong Kong the responsibility for building and operating hospitals used to be shared by the Government of Hong Kong and a number of charities including religious orders some with traditions dating back to the earliest times Unfortunately this dual system of government and subvented hospitals was not integrated leading to problems of coordination and management and resulting in gaps and duplication in services inefficient and ineffective use of resources as well as low staff morale The problems persisted against a background of significant population growth rising community expectations and technological advancement Fundamental and radical solutions were needed Overseas experts were invited by the Hong Kong Government to study the situation in the mid 1980s Finally the Government adopted their proposal and set up an autonomous body the Hospital Authority to tackle this crucial problem The development of this local health care system since the 1980s the setting up of the Hospital Authority and its work in the past few years form the subject of this book Joining the Global Public Rudolf G. Wagner,2012-02-01 Joining the Global Public examines early Chinese language newspapers and analyzes their impact on China s modernization Exploring a range of media such as regular dailies illustrated weeklies and entertainment papers contributors look at factors that influenced the nature of these publications including foreign models foreign managers and a first generation of Chinese journalists editorialists and newspainters With analyses demonstrating how the growth of popular media would enable China to join the global public contributors also examine the impact of inserting an alien medium a newspaper into a Chinese universe and note the spread of new attitudes and values as entertainment papers filled the space of a newly created urban leisure A superb and pioneering documentation of late nineteenth and early twentieth century Chinese language media Joining the Global Public serves as an introduction to this important yet little studied part of China s modernization **Hong Kong Invaded! A 'Ninety-Seven Nightmare**

Gillian Bickley, 2001-04-01 No It is not what you think The year is 1897 not 1997 This is a fictional account of Hong Kong being invaded by the combined forces of France and Russia This visionary novel by an anonymous author has been forgotten for a hundred years Yet when published as *The Back Door* during the negotiations between Imperial China and Great Britain over the lease of the New Territories the story aroused serious British fears about the possibility of defending Hong Kong against attack Copies were then to be found on the desks of British officials in London Matthew Nathan who became Governor in 1904 was advised to read the book But it was not only in 1897 that the book was accurate in its observations on military tactics There are many intriguing parallels with the Christmas 1941 invasion by the Japanese and the role of the Hong Kong Volunteers at that time Three strategically vulnerable locations identified in *The Back Door* were considered for attack in 1941 Had the Japanese read this fictional battle when plotting their manoeuvres If so *The Back Door* not only taught one way to defend Hong Kong but also another to attack it *Stepping Forth into the World* Edward J. M.

Rhoads, 2011-02-01 The Chinese Educational Mission was one of the earliest efforts at educational modernization in China As part of the Self Strengthening Movement the Qing government sent 120 students to New England to live and study for a decade before they were abruptly summoned home to China in 1881 This book based upon extensive research in local archives and newspapers focuses on the experiences of the students during their nine year stay in the United States Historians of modern China will find this book highly relevant because of its detailed account of one of the major projects of the Self Strengthening Movement To date there are at most two credible studies in English and Chinese on the Chinese Educational Mission both are deficient in source citation and tend to dwell on the students experiences after their return to China rather than during their stay in America This volume will also appeal to specialists in Asian American studies for its comparing and contrasting the experiences of the Chinese students with those of other Chinese in the United States during a period of rising anti Chinese sentiment which culminated in the enactment of Chinese Exclusion in 1882 This book offers a slightly different perspective than most other works on the nature of the anti Chinese movement which may have been more class based rather than race based The compare and contrast of students from China with those from Japan which also sent large numbers of students to New England at roughly the same period of time will be of interest to East Asian comparative historians as well Edward J M Rhoads is a professor emeritus in history at the University of Texas at Austin He is the author of *China's Republican Revolution The Case of Kwangtung 1895 1913* and *Manchus and Han Ethnic Relations and Political Power in Late Qing and Early Republican China 1861 1928* Rhoads has meticulously constructed the individual and collective histories of the 120 young men and boys sent by a beleaguered late Qing government to live and acquire English and Western knowledge in white New England families schools and universities As the vanguard of legions of Chinese students who have studied in the U S since and as contemporaries of the far more numerous Chinese coolies whose paths they never crossed this compelling study adds a surprising new chapter to early Asian American history Evelyn Hu DeHart Professor of

History and Ethnic Studies Director Center for the Study of Race and Ethnicity in America Brown University **130 Years of Medicine in Hong Kong** Frank Ching, 2018-03-14 This book reviews the medical history of Hong Kong beginning with its birth as a British colony It introduces the origins of Hong Kong s medical education which began in 1887 when the London Missionary Society set up the Hong Kong College of Medicine for Chinese When the University of Hong Kong was established in 1911 the College became its medical faculty The faculty has gained distinction over the years for innovative surgical techniques for discovering the SARS virus and for its contribution to advances in medical and health sciences This book is meant for general readers as well as medical practitioners It is a work for anyone interested in Hong Kong or in medical education *Healing Bodies, Saving Souls* , 2016-08-01 Missionary medicine flourished during the period of high European imperialism from the late 1800s to the 1960s Although the figure of mission doctor exemplified by David Livingstone and Albert Schweitzer exercised a powerful influence on the Western imagination during the nineteenth and early twentieth centuries few historians have examined the history of this important aspect of the missionary movement This collection of articles on Asia and Africa uses the extensive archives that exist on medical missions to both enrich and challenge existing histories of the clinic in colonial territories whether of the dispensary the hospital the maternity home or leprosy asylum Some of the major themes addressed within include the attitude of different Christian denominations towards medical mission work their differing theories and practices how the missionaries were drawn into contentious local politics and their attitude towards supernatural cures Leprosy often a feature of such work is explored as well as the ways in which local people perceived disease healing and the missionaries themselves Also discussed is the important contribution of women towards mission medical work *Healing Bodies Saving Souls* will be of interest not only to students and historians but also the wider reader as it aims to define the place of missionary within the overall history of medicine

The Life And Times Of Sir Kai Ho Kai Book Review: Unveiling the Power of Words
