to permit the doing of something like justice to his great name but not so large as in itself to kill all hope and chance of readableness By a trustworthy account I mean one that is accurate in the matters of fact and sane in the matters of judgment That there is room for an English book thus conceived will be readily granted I imagine by all those who know At any rate Schiller is one of those writers of whom a new appreciation from time to time will always be in order I have thought it important that my work while taking due note of recent German scholarship should rest throughout on fresh and independent study Accordingly among all the many books that have aided me more or less I have had in hand most often next to the works of Schiller the collection of his letters as admirably edited by Jonas Among the German biographers I owe the most to Minor Weltrich and Brahm for the period covered by their several works for the later years to Wychgram and Harnack Earlier biographers notably Hoffmeister and Palleske have also been found helpful here and there About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

[The Life and Works of Friedrich Schiller](#) Calvin Thomas, 2019-12-13 In *The Life and Works of Friedrich Schiller* Calvin Thomas offers a comprehensive exploration of the life of one of Germany's most celebrated dramatists poets and philosophers This meticulously researched volume delves into Schiller's key works including plays like *The Robbers* and *William Tell* while also contextualizing the sociopolitical milieu of late 18th century Germany Thomas's prose is both scholarly and engaging enriched with literary analysis and biographical details that illuminate Schiller's profound impact on German literature and philosophy He situates Schiller within the larger pantheon of Enlightenment thought illustrating how his ideas resonate with the tensions of his time and continue to echo in contemporary discourse Calvin Thomas a distinguished scholar with a focus on German literature and philosophy brings his expertise and passion to this project His insights into Schiller's life are enhanced by his deep understanding of the historical context that shaped Schiller's dramatic and poetic vision Thomas's academic background combined with his commitment to revealing the human experience behind literary genius plays a pivotal role in this exploration This book is an essential read for anyone interested in the Enlightenment German literature or the intersection of art and politics Thomas's insightful analysis invites scholars and general readers alike to appreciate the enduring relevance of Schiller's body of work making it a valuable addition to the library of those seeking to understand the complexities of human creativity
