Sergei O. Prokofieff

The Life Nature And Cultivation Of Anthroposophy:

The Life, Nature and Cultivation of Anthroposophy Rudolf Steiner, 1963 *The Foundation Stone* Rudolf Steiner, 1996 The right ground in which we must lay today's Foundation Stone the proper soil this is our hearts in their harmonious cooperation in their love imbued good will to carry the will of anthroposophy through the world together with one another Rudolf Steiner This volume brings together for the first time two classic booklets *The Foundation Stone* and *The Life Nature and Cultivation of Anthroposophy* The first contains Steiner's comments of *The Foundation Stone* Meditation made during the reestablishment of the Anthroposophical Society at the Christmas Conference of 1923/24 *The Foundation Stone* Meditation is central in the meditative life of many students of spiritual science Part two *The Life Nature and Cultivation of Anthroposophy* contains letters that Steiner wrote to members of the Anthroposophical Society following the Christmas Conference They contain thoughts and guidelines regarding the Anthroposophical Society and its members conduct in the world An excellent companion to this book is *Constitution of the School of Spiritual Science An Introductory Guide* **The Life, Nature and Cultivation of Anthroposophy** Rudolf Steiner, 1976 *The Life, Nature and Cultivation of Anthroposophy* Rudolf Steiner, Anthroposophical Society in Great Britain, 1976 [The Spiritual Origins of Eastern Europe](#) Sergei O. Prokofieff, 2016-03-21 And however paradoxical it may seem today the Grail mood is in the fullest sense to be found in Russia And the future role that Russia will play in the sixth post Atlantean epoch rests firmly upon this unconquerable Grail mood in the Russian people Rudolf Steiner Although Eastern Europe has been part of the Christian world for more than a thousand years its spiritual identity remains a mystery This mystery says Sergei Prokofieff can only fully be solved by looking behind external events and seeking spiritual meta historical dimensions of reality In illuminating the maya of outer history Prokofieff reveals the forces that have been at work to hinder the progress of mankind the materialistic Brotherhoods of the West and the occult aspects of both Jesuitism and Bolshevism These adversary groups have created a karma of materialism that the eastern Slavic peoples have taken upon themselves out of their exalted willingness for sacrifice Prokofieff shows how from the earliest times the future conscience of humanity flowed from hidden mystery centres in Hibernia to the eastern Slavic peoples As a result qualities of compassion patience and willingness for sacrifice developed in their souls creating a truly Christian Grail mood Despite incalculable suffering from the persecutions of the Mongol hordes to the Bolshevik experiment of the last century this quality has become an unconquerable force Will humanity be able to use the present opportunity granted by this sacrifice to fulfil the primary purposes of the present cultural epoch Can the future mysteries of the Holy Grail be fulfilled In this momentous work breathtaking in its scope and detail the author attempts a truly esoteric approach penetrating to the spiritual wellsprings of Eastern Europe in the light of Rudolf Steiner's research

[Faculty Meetings with Rudolf Steiner](#) Rudolf Steiner, 1998-09 8 lectures Stuttgart June 12 19 1921 CW 302 In these eight talks on education for teenaged young people Steiner addressed the teachers of the first Waldorf school two years after it

was first opened A high school was needed and Steiner wanted to provide a foundation for study and a guide for teachers already familiar with his approach to the human being child development and education based on spiritual science Steiner's education affirms the being of every child within the world of spirit This approach works within the context of the child's gradual entry into earthly life aided by spiritual forces and children's need for an education that cooperates with those forces Some of Steiner's remarks may be controversial but unbiased study will lead to an appreciation of the profound thought and wisdom behind what is presented here German source *Menschenkenntnis und Unterrichtsgestaltung* GA 302

The Foundation Stone Rudolf Steiner, 2013-05-14 This volume which brings together two classic booklets for the first time features Steiner's valuable thoughts and guidelines regarding the Foundation Stone Meditation and the new character of the Anthroposophical Society given during and after the Christmas Conference of 1923-24

Eternal Individuality Sergei O. Prokofieff, 1992 Prokofieff develops and expands Rudolf Steiner's occult research leading the reader to an understanding of Novalis's crucial future mission amongst humanity and indicating how this mission receives its form from the roots of its rich karmic past

Into the Heart's Land Henry Barnes, 2005-08 Henry Barnes the author of *A Life for the Spirit* brings us a comprehensive view of the roots and development of anthroposophy throughout North America From its seminal beginnings with a few hearty souls in New York City it moved across the prairies to the west coast and beyond to Canada Mexico and Hawaii and took root in the hearts and minds of the new world Here is the story of those adventurous spirits who took responsibility for bringing the work of Rudolf Steiner to North America in the form of study groups agricultural initiatives Waldorf and special education the arts and so much more

The Christmas Conference Rudolf Steiner, 1990-05 This anthroposophic movement is not an earthly service this anthroposophic movement in its entirety in all its details is a service of the gods a divine service opening lecture At Christmastime 1923 one year after the first Goetheanum was destroyed by fire Rudolf Steiner in the wooden carpentry shop overlooking the charred ruins established the General Anthroposophical Society and joined his destiny with it This remarkable volume documents that occasion Here for the first time English readers will find the complete proceedings of that founding meeting as well as Steiner's in depth description of the structure and organization of the new society The discussions concerning the statutes are recorded in detail The laying of the Foundation Stone in the hearts of the members forms the center of the book The Foundation Stone verse is reproduced in various forms in which Rudolf Steiner gave it on each day of the conference together with his comments on its various rhythms Also included are Steiner's lecture on the plans for the second Goetheanum illuminating the spiritual significance of its architecture as well as a talk on the burning of the temple at Ephesus The text is complemented by a list of members mentioned with biographical data as well as by facsimile reproductions of Steiner's handwritten notes and blackboard sketches Here as Henry Barnes wrote we have the footprints of the process by means of which a spiritual archetype enters as a living reality into the human social sphere remaining true to its origins in the suprasensory realm yet leaving each human

individual free to unite him or herself out of insight with the spiritual reality

The Christmas Conference is a translation from German of Die Weihnachtstagung zur Begründung der Allgemeinen Anthroposophischen Gesellschaft GA 260

Constitution of the School of Spiritual Science Rudolf Steiner, 2013

If the intentions of the Christmas Conference are to be carried out the Anthroposophical Society will in future have to fulfill insofar as possible the esoteric aspirations of its members

With this end in view the School consisting of three Classes will be established within the General Society

Rudolf Steiner January 1924

A year after the first Goetheanum in Dornach Switzerland was destroyed by fire Rudolf Steiner reestablished the Anthroposophical Society during the Christmas Conference of 1923/24

At the very heart of the Society he created The School of Spiritual Science whose specific task is to present the esoteric aspect and to lead its members to knowledge and experience of the spirit

The school was to have sections that represent various fields of human endeavor including medicine and education as well as three classes of which the First Class was to be established immediately by Rudolf Steiner himself

This short book collects articles from the society's official newsletter and lectures by Steiner in 1924 that introduce and explain the purpose of The School of Spiritual Science for members of the Anthroposophical Society

This book is an excellent companion volume to *The Foundation Stone*

The Life Nature and Cultivation of Anthroposophy

The Heavenly Sophia and the Being Anthroposophia Sergei O. Prokofieff, 2006

Based on the author's experience of the suprasensory being behind spiritual science

Anthroposophy this volume is the culmination of Sergei Prokofieff's twenty five years of work on Rudolf Steiner's spiritual impulse

He shows that the being Anthroposophia is not merely a poetic image or an abstract concept but an actual spiritual entity who works in the higher worlds to benefit earthly evolution and bring to humanity the new revelation of the heavenly Sophia the divine wisdom

In the first part of the book Prokofieff describes the path that led him to experience the being Anthroposophia a path that is clearly outlined so that it can be followed by the reader as well

In the second part beginning with Steiner's relatively few statements on the subject the author considers the position of the living Anthroposophia in the cosmic hierarchy specifically her relationship to Christ to the heavenly Sophia and the to Archangel Michael

Finally available in paperback this work will be of special interest to all those who have a close connection to Rudolf Steiner's Anthroposophy

The Christian Mystery Rudolf Steiner, 1998-12

In this major collection Rudolf Steiner affirms the reality of esoteric Christianity and unveils many of its secret teachings

His lectures are on the significance of the Mystery of Golgotha and of the Blood that flowed on the Cross the relationship of Christ and Lucifer or Love and Knowledge the various paths of initiation including the Christian Gnostic and Rosicrucian Paths and Steiner's early interpretations of St John's gospel and the sermon on the mount

All of Steiner's lectures on the Lord's Prayer are also included as well as the version of the prayer that Steiner himself prayed throughout his life

This is an excellent book for all those who want to deepen their understanding of the Western stream of Christian esotericism and Rudolf Steiner's approach to Christianity as a spiritual practice

The Foundation Stone Meditation

Rudolf Steiner, 2013-05-19 The Foundation Stone Meditation holds a central place in the inner life of many students of Rudolf Steiner's work. First presented during the refounding of the Anthroposophical Society at the Christmas Conference of 1923, it is a powerful and penetrating meditative text which many consider to be a key to the spiritual mysteries of our time. This version features three alternative translations by George Adams, Pauline Wehrle, and Richard Seddon, together with the original German verses and an introduction by Michael Wilson.

The Path of the Soul After Death Peter Selg, 2010-10 We are separated from the spiritual worlds only by states of consciousness, not by spatial circumstances. States of consciousness are what separate us. Rudolf Steiner saw relationships with the dead as the religious attitude of the future in the highest sense. Becoming comfortable with thinking and speaking of the dead as concretely as we speak of the living will profoundly affect human activity. To Steiner, the enlivening and even the sanctification of earthly existence are not merely connected directly with our relationship to death and to the deceased; in fact, that relationship deepens these qualities and makes them possible. Steiner spoke frequently about death and the human soul's continued existence, as well as about the importance of establishing a new kind of community that unites spiritually active human souls that endure beyond death. *The Path of the Soul after Death* shows how Rudolf Steiner commemorated the dead, the words he chose to use, and his descriptions, sometimes in great detail, of the inner processes involved. What becomes clear is the extent to which his connections to the deceased shaped his addresses and related to their new stage of existence. Inasmuch as his words were in harmony with human soul development after death, they not only recapitulated a biography but also assisted the deceased individual along the path after death. We cannot understand the true depth and meaning of Steiner's words about those who have died except against the background of an anthropological study of the period immediately after death. The second part of the book, therefore, is a stunningly clear and detailed account of anthroposophic research into the process of dying and the soul's path after death. He tells us: "The phenomenon of death sets in like this: In the moment of death, the connection of the etheric and astral bodies to the physical bodies dissolves specifically in the heart. The heart is illuminated so to speak, and then the ether body, astral body, and I rise above the head." Rudolf Steiner described this moment of having died as the consummate event. During the individual's time away from Earth, this moment is constantly in view. It is filled with beauty, grandeur, and sunny, bright warmth related to Christ. It is essential to developing and dynamically maintaining self-awareness adapted specifically to the spiritual world. In this connection, Rudolf Steiner said: "Throughout human life, between death and a new birth, it is possible to look back on the moment of death, and therefore that moment provides our consciousness after death. We know that we have laid aside our physical body. Knowing this and having it constantly before us gives us our self-awareness after death, just as we derive self-awareness here in the physical world from actually having a physical body. When we are outside of the physical body with our astral body and I, between falling asleep and waking up again, we have no consciousness of the physical world. When awakening, we must re-occupy these bodies so that I, consciousness, can blossom."

again After death whenever we look back on the moment of dying whenever that whole event which is so grand and beautiful from the perspective of the other side stands before our soul consciousness is rekindled Consciousness after death depends entirely on repeated viewing of this moment Kassel February 18 1916 The Path of the Soul after Death is an important addition to the body of anthroposophic literature on our relationship on Earth to those who have died Peter Selg does a great service in gathering and amplifying much of what Steiner had to say on the subject This book is a translation from German of Rudolf Steiners Toten Gedenken Die Verstorbenen der Dornacher Bau und die Anthroposophische Gesellschaft Verlag Ita Wegman Institut 2009 **Working with Anthroposophy** Georg K uhlewind, Georg K uhlewind, 1992 6 lectures Berlin March 24 June 7 1905 2 lectures Nov 7 1905 Questions Answers 1904 1922 CW 324 The point line plane and solid objects represent the first three dimensions but a kind of reversal of space is involved in the ascent to a fourth dimension Steiner leads us to the brink of this new perspective as nearly as it can be done with words diagrams analogies and examples of many kinds In doing so he continues his lifelong project of demonstrating that our objective everyday thinking is the lowest rung of a ladder that reaches up to literally infinite heights The talks in this series and the selections from the question and answer sessions on many mathematical topics over the years are translated into English for the first time in The Fourth Dimension They bring us to tantalizing new horizons of awareness where Steiner hoped to lead his listeners Topics include The relationship between geometric studies and the development of direct spiritual perception How to construct a fourth dimensional hypercube The six dimensions of the self aware human being Problems with the theory of relativity The Trinity and angelic hierarchies and their relationship to physical space The dimensional aspect of the spiritual being encountered by Moses on Mt Sinai This volume is a translation from German of Die vierte Dimension Mathematik und Wirklichkeit GA 324a

Rudolf Steiner's Intentions for the Anthroposophical Society Peter Selg, 2011-08 Although the fruits of Anthroposophy Waldorf education biodynamic agriculture Camphill anthroposophic medicine and so on are relatively well known and moderately successful their relationship to Anthroposophy and its vehicle for transmission the General Anthroposophical Society and the School for Spiritual Science remains mysterious and unclear sadly the same is true of the meaning and purpose of those institutions Related to this is the fact that though these offshoots of Anthroposophy are well known eighty five years after his death and eighty seven years after the re formation of the Anthroposophical Society what Rudolf Steiner brought into the world what entered the world through him and what he sought to accomplish that is what spiritual science and spiritual scientific research are and how one practices them remain virtually unknown In other words something essential has been forgotten Written both in commemoration of the 150th anniversary of Rudolf Steiner s birth and in the context of the long standing episodically erupting and ongoing confusion surrounding the mission and task of the Anthroposophical Society Peter Selg seeks to recover what has perhaps been forgotten or overlooked in Rudolf Steiner s own words and life He does so by describing clearly and objectively the historical background of Steiner s vision of the

civilizational task of Anthroposophy and how he had hoped it might be accomplished This book has two parts First the author offers a lucid description of the development and gradual sharpening in the face of the crisis of Western culture epitomized by World War I and its aftermath of the vision of spiritual science as a truly Michaelic task for the Michael Age In part two Peter Selg takes up the events following Rudolf Steiner's death outlining deftly and subtly the struggles and developments that ensued commenting tactfully on the questions and perspectives that arose and continue to arise Rudolf Steiner's Intentions for the Anthroposophical Society is for all those who care about the reality and future of Anthroposophy Originally published in German as *Der Vorstand die Sektionen und die Gesellschaft Welche Hochschule wollte Rudolf Steiner* by Ita Wegman Institute for Basic Research into Anthroposophy **The Language of the Consciousness Soul** Carl
