George Wyatt's Life of Queen Anne provided the first detailed account of the queen based on the testimony of those that knew her. The poems of Anne's supposed lover Thomas Wyatt as well as accounts such as Cavendish's Life of Wolsey also give details of her life as do the hostile dispatches of the Imperial Ambassador Eustace Chapuys and the later works of the slanderous Nicholas Sander and Nicholas Harpsfield. Henry VIII's love letters and many of Anne's own letters survive providing an insight into the love affair that changed England forever. The reports on Anne's conduct in the Tower of London show the queen's shock and despair when she realised that she was to die. Collected together for the first time these and other sources make it possible to view the real Anne Boleyn through her own words and those of her contemporaries.
