The landlord visits the village but does not recognize her. The virtuous woman and the depraved man cross their path and what does it bring to them? **An Autobiography** Mahatma Gandhi, 1927 **Ruling Dynasties of Independent India -**

**Volume 1** RAVINDRA PADALKAR, 2021-01-16 This book is written to give an overall idea of dynastic politics in India, keeping in mind that a citizen of India should know more about the politicians who are in the government and form policies and so on to take the country in the proper direction. Even if there are two related members, it is considered as a dynasty and is included in this book. Wherever possible, family trees as well as the assets of our politicians are shown. It was natural to start with the Nehru-Gandhi family being one of the largest and longest ruling families at the helm of all affairs. Then state-wise the families are chosen and the account is presented. As the content is extensive, the book is published in two volumes. States are chosen alphabetically. So even if the Nehru-Gandhi family is in Volume 1, Tamil Nadu, Telangana, Uttar Pradesh are in Volume 2. Early rulers in Indian history used to hand over the throne to their sons and then to the next generations for generations till some significant event upset the process, mostly conspiracies by persons like very close aides of the king or a revolt. Similar lines were followed even during our democracy, passing on the rule to the next generation which gave rise to dynastic rule. Indian politics has witnessed a large spectrum of politicians from various fields. Initially, it consisted mainly of leaders from the field of law. Now we find that we have eminent personalities from sports, fields, actors, actresses, superstars from the silver screen. The literary field is no exception; we have writers, poets, and so on. Economists find a special place in the political arena. Politics does not shun even criminals or a few dacoits who then turned to politics after surrendering. Businessmen, kings, or princes from princely states as the British decided to call them are also found here. We have learned people in politics as also the illiterate people, angutha chhaap, who learned to sign only after assuming the office on being elected. People are interested in knowing the assets of politicians. This point is covered by using the asset declaration given by the politicians at the time of the election. Galatea and a Dozen Onkar Narayan Korgaonkar, 2021-07-11 Craving perfection, the new-age Pygmalion sculpts Galatea. But is this thirst worth quenching? What cost will the sculptor have to pay for perfection? Can Miss Hap's luck guarantee her success, or she needs something more? Do great ideas make great entrepreneurs? What makes a mango sweet? What happens when a man literally without a dream suddenly starts dreaming? Do our canine friends have any biography worth sharing? Will Keshav be able to reunite with his brother and save their home in the heavenly rain forest? Some people say that the truth is simple while some say that it's complex with a multitude of versions, but its discovery is always phenomenal and moving, sometimes settling, sometimes unsettling. This book is an anthology of such thirteen stories mirroring our lives and trying to excavate the truth buried deep inside. The Call For Infinity Priya Somaiya, 2021-09-04 The expanse
