Thirteen Days in September Lawrence Wright, 2015-04-28. From the Pulitzer Prize-winning author of *The Looming Tower*, a timely revisiting of a diplomatic triumph between two Middle East nations and an inside look at how peace is made. Masterfully, Magnificent Wright reminds us that Carter's Camp David was an act of surpassing political courage. The New York Times Book Review. In September 1978, three world leaders, Menachem Begin of Israel, Anwar Sadat of Egypt, and U.S. president Jimmy Carter met at Camp David to broker a peace agreement between the two Middle East nations. During the thirteen-day conference, Begin and Sadat got into screaming matches and had to be physically separated; both attempted to walk away multiple times. Yet by the end, a treaty had been forged, one that has quietly stood for more than three decades, proving that peace in the Middle East is possible. Wright combines politics, scripture, and the participants' personal histories into a compelling narrative of the fragile peace process. Begin was an Orthodox Jew whose parents had perished in the Holocaust; Sadat was a pious Muslim inspired since boyhood by stories of martyrdom; Carter, who knew the Bible by heart, was driven by his faith to pursue a treaty even as his advisers warned him of the political cost. Wright reveals an extraordinary

moment of lifelong enemies working together and the profound difficulties inherent in the process Thirteen Days in September is a timely revisiting of this diplomatic triumph and an inside look at how peace is made **Vladimir**
