LIFE TRIAL & DEATH OF

FRANCISCO William 1856-1924 Archer,2016-08-27 The Life, Trial, and Death of Francisco Ferrer William Archer,2001-09

Francisco Ferrer Guardia a theoretical anarchist and founder of La Escuela Moderna was born in 1849 near Barcelona In 1901 Ferrer opened La Escuela Moderna The professed goal of the school was to educate the working class in a rational secular and non coercive setting but its high tuition allowed only wealthy middle class students to attend It was privately hoped that when the time was ripe for revolutionary action these students would be motivated to lead the working classes La Escuela Moderna grew rapidly By 1906 thirty four schools with over 1 000 students were directly or indirectly influenced by the school and its textbooks In 1906 an employee of Ferrers publishing firm threw a bomb at King Alphonso XIII s wedding party Police speculated that Ferrer had encouraged Morral to throw the bomb Ferrer was arrested but released a year later due to insufficient evidence During Ferrer s incarceration La Escuela Moderna was shut down and would not open its doors again Ferrer soon realized however that he had lost his ability to influence directly the educational movement in Spain His old interest in anarcho syndicalism reemerged and he began to devote more and more of his time to the Catalan labor movement In July of 1909 political events in Spain spun out of control Spontaneous protests broke out in the streets evolving into a massive general strike Revolutionary leaders anxious to seize the moment were ultimately unprepared and thus lost control of the crowds The result was five days of mob rule known today as the Tragic Week On July 28 martial law was declared throughout Spain and a brutal military suppression continued until September Anyone deemed dangerous to the government was jailed Francisco Ferrer was arrested late in September A hurried trial ensued in which he was accused of fomenting the insurrection Ferrer had very little if anything to do with the uprising but false evidence and forced confessions were produced The government still believed that Ferrer had instigated the assassination attempt on the king in 1906 and wanted revenge Ferrer was put to death by firing squad on October 13 1909 Because Ferrer was well known internationally his execution caused a sensation throughout North America and Western Europe In Great Britain George Bernard Shaw H G Wells and Sir Arthur Conan Doyle protested with Peter Kropotkin and other anarchists Ferrer was named a martyr for free thought and by his execution became one of the most famous of Spanish anarchists *The Life, Trial, and Death of Francisco Ferrer (Classic Reprint)* William Archer,2017-12-16 Excerpt from The Life Trial and Death of Francisco Ferrer My mind as before stated was a blank as regards Ferrer and I had no predispositions to contend against About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

ARCHER,2013 **Anarchist Education and the Modern School** Francisco Ferrer,2018-12-15 On October 13 1909 Francisco Ferrer the notorious Catalan anarchist educator and founder of the Modern School was executed by firing squad The Spanish government accused him of masterminding the Tragic Week rebellion while the transnational movement that emerged in his defense argued that he was simply the founder of the groundbreaking Modern School of Barcelona Was Ferrer a ferocious revolutionary an ardently nonviolent pedagogue or something else entirely Anarchist Education and the Modern School is the first historical reader to gather together Ferrer s writings on rationalist education revolutionary violence and the general strike most translated into English for the first time and put them into conversation with the letters speeches and articles of his comrades collaborators and critics to show that the truth about the founder of

the Modern School was far more complex than most of his friends or enemies realized Francisco Ferrer navigated a tempestuous world of anarchist assassins radical republican conspirators anticlerical rioters and freethinking educators to establish the legendary Escuela Moderna and the Modern School movement that his martyrdom propelled around the globe
