**The Limahong Invasion** Cesar V. Callanta, 1989      **The Limahong Invasion** Cesar V. Callanta, 1979      **Seaborne Perils** Bruce A. Elleman, 2018-02-19 This comprehensive survey of historical and contemporary issues related to maritime crime and piracy with a special focus on Africa South Asia and Southeast Asia explains why piracy is a growing problem and how it affects security policy making in the United States Here piracy is defined as taking place on the high seas while maritime crime takes place within a country's territorial waters Seaborne terrorism may occur in either one of these maritime zones Maritime piracy can be divided into several categories from pirates robbing a ship or its crew of petty items while at sea to taking a ship's cargo and taking control of a vessel reflagging it and then using this captured ship to smuggle drugs transport illegal immigrants or conduct further acts of piracy This is the most dangerous not only because pirates can use a captured ship to carry out more raids but also because they can use the ship's identity papers to transport goods and weapons potentially WMDs into otherwise secure port areas A special concern to the US is that the threat of piracy is growing most quickly in parts of the world such as Africa South Asia and Southeast Asia where both global trade is rapidly expanding and where international terrorist groups are actively functioning or have supporters This geographical overlap suggests that the risk that pirates and terrorists may one day cooperate to strike at the US or an ally is most likely also on the rise While many important African South Asia and Southeast Asian cases have received insufficient attention many well known historical piracy events stand in need of a reappraisal This book integrates a number of multinational multiregional and historical cases of piracy maritime crime and seaborne terrorism to investigate whether piracy and other forms of maritime crime are becoming a major United States national security concern It analyzes some of the most important cases especially of the 19th 20th and early 21st centuries as well as specific historical events This allows to draw lessons as to what are the components of successful and unsuccessful piracy common causes the type of navy necessary to control it and finally possible military political and economic consequences The book also discusses various types of cases including parasitic intrinsic episodic and opportunistic piracy Specific cases are also evaluated in terms of the changing interpretations of international law and the recent reported growth rates of piracy maritime crime and seaborne terrorism These findings are used to explore the impact of piracy on maritime security in particular in Africa South Asia and Southeast Asia and their surrounding waters which is where the majority of contemporary piracies and maritime crimes occur Different methods of policing piracy and maritime crime are evaluated including the viability of adopting greater Maritime Domain Awareness which would require that all ships at sea regardless of size or function emit a signal beacon identifying their name country of origin and route This combination of historical and modern day piracy and the many cases studied will provide readers with a broader understanding of maritime piracy      **The Diorama Experience of Philippine History** George Emmanuel R. *Piracy and the Making of the Spanish Pacific World* Kristie Flannery, 2024-05-07 Piracy and the Making of the Spanish Pacific World offers a new interpretation of Spanish colonial rule in the Philippine islands Drawing on the rich archives of Spain's Asian empire Kristie Patricia Flannery reveals that Spanish colonial officials and Catholic missionaries forged alliances with Indigenous Filipinos and Chinese migrant settlers in the Southeast Asian archipelago to wage war against waves of pirates including massive Chinese pirate fleets Muslim pirates from the Sulu Zone and even the British fleet that attacked at the height of the Seven Years War Anti piracy alliances made Spanish colonial rule resilient to both external shocks and internal revolts that shook the colony to its core This revisionist study complicates the assumption that empire was imposed on Filipinos with brute force alone Rather anti piracy also shaped the politics of belonging in the colonial Philippines Real and imagined pirate threats especially influenced the fate and fortunes of Chinese migrants in the islands They triggered genocidal massacres of the Chinese at some junctures and at others facilitated Chinese integration into the Catholic nation as loyal vassals Piracy and the Making of the Spanish Pacific World demonstrates that piracy is key to explaining the surprising longevity of Spain's Asian empire which unlike Spanish colonial rule in the Americas survived the Age of Revolutions and endured almost to the end of the nineteenth century Moreover it offers important new insight into piracy's impact on the trajectory of globalization and European imperial expansion in maritime Asia

Basques in the Philippines Marciano R. De Borja, 2012-06-12 The Basques played a remarkably influential role in the creation and maintenance of Spain's colonial establishment in the Philippines Their skills as shipbuilders and businessmen their evangelical zeal and their ethnic cohesion and work oriented culture made them successful as explorers colonial administrators missionaries merchants and settlers They continued to play prominent roles in the governance and economy of the archipelago until the end of Spanish sovereignty and their descendants still contribute in significant ways to the culture and economy of the contemporary Philippines This book offers important new information about a little known aspect of Philippine history and the influence of Basque immigration in the Spanish Empire and it fills an important void in the literature of the Basque diaspora

**Histories of Transnational Crime** Gerben Bruinsma, 2015-05-13 *Histories of Transnational Crime* provides a broad historical framework for understanding the developments in research of transnational crime over the centuries. This volume provides examples of transnational crime and places them in a broad historical context which has so far been missing from this field of study. The contributions to this comprehensive volume explore the causes and historical precursors of six main types of transnational crime: piracy, human smuggling, arms trafficking, drug trafficking, art and antique trafficking, and corporate crime. The historical contributions demonstrate that transnational crime is not a novel phenomenon of recent globalization and that beyond organized crime groups, powerful individuals, governments, and business corporations have been heavily involved. Through a systematic historical and contextual analysis of these types of transnational crime, the contributions to this volume provide a fundamental understanding of why and how various forms of transnational crime are still present in the contemporary world. In the past two decades, the study of transnational crime has developed from a subset of the study of organized crime to its own recognized field of study, covering distinct societal threats and requiring a particular approach.

*Sea Rovers, Silver, and Samurai* Tonio Andrade, Xing Hang, 2016-03-31 *Sea Rovers, Silver, and Samurai* traces the roots of modern global East Asia by focusing on the fascinating history of its seaways. The East Asian maritime realm, from the Straits of Malacca to the Sea of Japan, has been a core region of international trade for millennia, but during the long seventeenth century (1550 to 1700), the velocity and scale of commerce increased dramatically. Chinese, Japanese, and Vietnamese smugglers and pirates forged autonomous networks and maritime polities; they competed and cooperated with one another and with powerful political and economic units such as the Manchu Qing, Tokugawa Japan, the Portuguese, and Spanish crowns. The Dutch East India Company. Maritime East Asia was a contested and contradictory place, subject to multiple legal, political, and religious jurisdictions and a dizzying diversity of cultures and ethnicities, with dozens of major languages and countless dialects. Informal networks based on kinship ties or patron-client relations coexisted uneasily with formal governmental structures and bureaucratized merchant organizations. Subsistence-based trade and plunder by destitute fishermen complemented the grand dreams of sea lords, profit-maximizing entrepreneurs, and imperial contenders. Despite their shifting identities, East Asia's mariners sought to anchor their activities to stable legitimacies and diplomatic traditions found outside the system, but outsiders, even those armed with the latest military technology, could never fully impose their values or plans on these often mercurial agents. With its multilateral perspective of a world in flux, this volume offers fresh, wide-ranging narratives of the rise of the West or the Great Divergence. European mariners, who have often been considered catalysts of globalization, were certainly not the most important actors in East and Southeast Asia. China's maritime traders carried more in volume and value than any other nation, and the China Seas were key to forging the connections of early globalization as significant as the Atlantic World and the Indian Ocean basin. Today, as a resurgent China begins to assert its status as a maritime power, it is important to understand the deep history of maritime East Asia. **The Spanish**

**Experience in Taiwan 1626-1642** José Eugenio Borao Mateo, 2009-10-01 This book focuses in the Spanish presence in Taiwan during the years 1626 1642 It examines the motives which drove the Spaniards to come to Taiwan There were two main reasons for the Spaniards to come to Taiwan from Manila firstly so that the civil authorities might counterbalance the Dutch expansion which since 1625 had been threatening the traditional trade between Fujian and Manila and secondly to enable missionaries to find a staging post to enter Japan in moments of strong persecution and to create an alternative entry point into China

**Pedro de Alfaro and the Struggle for Power in the Globalized Pacific, 1565-1644** Ashleigh Dean Ikemoto, 2023-06-15 Pedro de Alfaro and the Struggle for Power in the Globalized Pacific 1565 1644 tells the compelling story of Pedro de Alfaro a Spanish Franciscan whose clandestine 1579 mission to Ming China collapsed amid accusations of illegal entry and espionage culminating in his death at sea in 1580 after being expelled from both mainland China and the Portuguese enclave at Macau This mission generally regarded as a failure by historians actually marked a turning point in the development of early modern trans imperial relations between Spain and China Alfaro s report on the true size of China and the state of its military infrastructure the first to come from a Spaniard with more than a few weeks experience in the Ming Empire reversed several years of unofficial Spanish plans for a conquest of China This turn away from an armed invasion occurred precisely at the same time the Ming revised their tax code drastically increasing the demand for Spanish silver setting the stage for a relatively stable balance of power across the Pacific Ocean For the next two centuries this balance of power remained uneasily in place allowing the development of a stable Pacific World the final link in the development of early modern globalization

The Dasmariñas, Early Governors of the Spanish Philippines John Newsome Crossley, 2016-03-22 Building upon Dr Crossley s 2011 book Hernando de los R os Coronel and the Spanish Philippines in the Golden Age this new work further expands our understanding of the Spanish Philippines by looking at Gomez P rez Dasmariñas and his son Luis successive governors from 1589 Drawing upon a rich selection of documents from the official Spanish archives principally the Archivo General de Indias Seville and earlier histories the book also utilizes an unpublished 628 page manuscript in the Lilly Library at Indiana University to provide many details not available elsewhere In so doing the book reveals the complex situation that existed in the Philippines and how the two governors and the people around them threw out and responded to challenges from a variety of different cultures Born into a rich family in north western Spain about 1539 Gomez P rez Dasmariñas had a distinguished career in Spain before being selected in 1588 to become the new governor of the Philippines A devout Christian intent on converting the new country in which he found himself Dasmariñas epitomised the Spanish state s increasing emphasis on its missionary role He departed Spain with clear instructions from the king which had been drawn up in response to requests from the Philippines asking for a better governor and one of higher moral standards than they had previously enjoyed From the evidence found in his sources John

Newsome Crossley argues that Dasmari as largely measured up to these requirements Killed in an attempt to capture the fort at Ternate in the Moluccas in 1593 Gomez Perez Dasmari as was succeeded by his son Luis After being replaced himself as governor in 1596 Luis remained in the Philippines until his death in the Chinese rebellion of 1603 in Manila In revealing the story of the two Dasmari as governors this book further illuminates the history of the Spanish Philippines and its relationship both with the wider Spanish empire and the regional powers including China Japan Siam and Cambodia *Forms of Dominance* Nezar AlSayyad, 2024-11-07 Originally published in 1992 as part of the Ethnoscapes Current Challenges in the Environmental Social Sciences series reissued now with a new series introduction and new preface *Forms of Dominance On the Architecture and Urbanism of the Colonial Enterprise* examines the complex experience of colonial domination social reaction and physical adaptation within the built environment of regions such as Morocco Eastern Europe India Guatemala and East Africa and provides a multi disciplinary and cross cultural perspective on the colonial experience Official Gazette Philippines, 1979 Quizmaster , 2002 Philippine Historical Review , 1972 *The Ethnic Chinese as Filipinos, Part III* Teresita Ang See, 1999 **A Brief History of the Philippines** Leandro Heriberto Fernández, 1919 *The Journal of History* , 1991
