

The limits of corporate responsibility standards

Andreas Rasche

Warwick Business School, University of Warwick, UK

I explore the limits of corporate responsibility standards – for example Social Accountability 8000 (SA 8000), the Global Reporting Initiative, the Fair Labor Association workplace code – by looking at these initiatives through Derrida's aporias of justice as set out in 'Force of Law: The "Mystical Foundation of Authority"'. Based on a discussion of SA 8000, I uncover the unavoidable aporias that are associated with the use of this standard. I contribute to the literature on corporate responsibility standards in general and SA 8000 in particular by showing (a) that attempts to standardise corporate responsibility can only be successful insofar as we recognise that compliance with SA 8000's rules requires a 'fresh judgement' every time they are applied, (b) that SA 8000 should not be pushed down the supply chain as such coercion does not require a truly responsible decision by suppliers and eventually leads to moral mediocrity and (c) that the necessarily time-consuming reflections about the singular contexts within which SA 8000 is applied challenge the urgent need for implementing this standard. I discuss the implications of my analysis of SA 8000 for corporate responsibility standards in general.

Introduction

Driven by the growth of governance gaps in the global economy, a global institutional infrastructure for corporate responsibility has been proliferating in recent years (Göbbels & Jonker 2003, Leipziger 2003, Paine *et al.* 2005). As argued by Waddock (2008), corporate responsibility standards (for example Social Accountability 8000 [SA 8000], the Global Reporting Initiative and the Fair Labor Association workplace code) are part of this new institutional infrastructure and are being increasingly adopted by corporations. Although these standards differ in detail, they all represent voluntary predefined norms and procedures for organisational behaviour with regard to social and/or environmental issues and usually claim to be valid on a global level (Smith 2002, McIntosh *et al.* 2003, Gilbert & Rasche 2007, Rasche 2009).

Despite their widespread use, we know very little about the limits of applying standards to enhance

corporate responsibility and thus miss insights about what we cannot expect from their application. Discussing the limits of these initiatives is crucial because managers often treat standards in a rather unproblematic way to swiftly respond to growing stakeholder pressure without considering the margins of standardisation. Regrettably, the academic community has not yet started to discuss the limits of standardisation to reveal the 'problematic' side of these initiatives. Corporate responsibility standards are usually offered as a set of quick answers rather than a way of grasping the numerous aporias that underlie the notion of corporate responsibility as such. Following Derrida (1993: 12), an aporia describes an undecidable situation in which we cannot turn to or justify one side of an opposition.

Considering this research deficit, the objective of this contribution is to explore the limits of corporate responsibility standards by relating these initiatives to Derrida's (1992a) discussion of the aporias of justice. Applying Derridian thinking is particularly

The Limits Of Corporate Responsibility

Ralph Tench, Brian Jones, William Sun

The Limits Of Corporate Responsibility:

The Limits of Corporate Responsibility Neil Wolverton Chamberlain, 1973 **Corporate Responsibility** Michael Blowfield, Mick Blowfield, Alan Murray, 2014 This textbook examines the multiple dimensions to corporate responsibility creating a framework that presents a historical and interdisciplinary overview of the field a summary of different management approaches and a review of the key actors and trends worldwide **Corporate Responsibility** Archie B. Carroll, Kenneth J. Lipartito, James E. Post, Patricia H. Werhane, 2012-08-30 This thought provoking history of corporate responsibility in the USA is a landmark publication documenting the story of corporate power and business behavior from the mid eighteenth century to the modern day It shows how the idea of corporate responsibility has evolved over time with the roles responsibilities and performance of corporations coming increasingly under the spotlight as new norms of transparency and accountability emerge Today it is expected that a corporation will be transparent in its operations that it will reflect ethical values that are broadly shared by others in society and that companies will enable society to achieve environmental sustainability as well as a high standard of living As we enter the second decade of the twenty first century the social political and economic landscape is once again shifting the need for an informed public conversation about what is expected of the modern corporation has never been greater *Corporate Responsibility and Political Philosophy* Kristian Høyer Toft, 2020-03-09 This book argues for the inclusion of the corporation as an integral element of political philosophy It begins with a historical evaluation of the corporation as a constituent of political society It shows how Adam Smith Hegel and Marx conceived the role of the corporation in relation to the state the market and civil society before moving on to the rejection of the corporation as a genuine moral and political agent by Rawls and Habermas The next chapter of the book presents the corporation as a collective that possesses political and moral agency The author outlines four distinct political philosophies of corporate responsibility the Aristotelian conservative virtue ethical conception the market liberal theory the social liberal theory of corporate citizenship and political CSR and Marxist inspired critical theories It is argued that the social liberal theory provides a better justification compared to its rivals The third and final group of chapters applies the social liberal conception called the social liberal corporation to important contemporary issues including human rights in global supply chains financial and digital firms sustainability and climate change *Corporate Responsibility and Political Philosophy* will appeal to political philosophers political theorists and applied ethicists as well as scholars in other disciplines working on issues related to business ethics organizational ethics sustainability and corporate social responsibility As it provides a comprehensive introduction to corporate responsibility it is also relevant to sustainability professionals who seek an overview of the theoretical debate on corporate responsibility *The Limit of Responsibility* Esther D. Reed, 2018-08-23 This volume frames the question of responsibility as a problem of agency in relation to the systems and structures of globalization According to Ricoeur responsibility is a shattered concept when considered too narrowly as a problem of act agency and

individual freedom To examine this Esther Reed develops a short genealogy of modern liberal and post liberal concepts of responsibility in order to understand better the relationship dominant modern framings of the meanings of responsibility Reed engages with writings by major modern Schleiermacher Hegel Marx Weber and post liberal Buber Levinas Derrida Badiou Butler Young Critchley theorists to illustrate the shift from an ethnic responsibility built on notions of accountability and attributions to an ethic responsibility that starts variously from the other Reed sees Dietrich Bonhoeffer as the most promising partner of this theological dialogue as his learning of responsibility from the risen Christ present now in the global church is a welcome provocation to new thinking about the meaning of responsibility learned from land distant neighbour global church and the bible Bonhoeffer s reflections on the centre boundaries and limits of responsibility remain helpful to Christian people struggling with an increasingly exhausted concept of accountability **The Limits of Corporate Power**

Ira M. Millstein, Salem M. Katsh, 1981 **The Oxford Handbook of Corporate Law and Governance** Jeffrey N.

Gordon, Wolf-Georg Ringe, 2018-04-26 Corporate law and corporate governance have been at the forefront of regulatory activities across the world for several decades now and are subject to increasing public attention following the Global Financial Crisis of 2008 The Oxford Handbook of Corporate Law and Governance provides the global framework necessary to understand the aims and methods of legal research in this field Written by leading scholars from around the world the Handbook contains a rich variety of chapters that provide a comparative and functional overview of corporate governance It opens with the central theoretical approaches and methodologies in corporate law scholarship in Part I before examining core substantive topics in corporate law including shareholder rights takeovers and restructuring and minority rights in Part II Part III focuses on new challenges in the field including conflicts between Western and Asian corporate governance environments the rise of foreign ownership and emerging markets Enforcement issues are covered in Part IV and Part V takes a broader approach examining those areas of law and finance that are interwoven with corporate governance including insolvency taxation and securities law as well as financial regulation The Handbook is a comprehensive interdisciplinary resource placing corporate law and governance in its wider context and is essential reading for scholars practitioners and policymakers in the field *The Critical State of Corporate Social Responsibility in Europe* Ralph Tench, Brian Jones, William

Sun, 2018-06-29 This edited volume aims at exploring the uniqueness and complexity of European CSR approaches perspectives and practices through a critical lens *Corporate Responsibility* Paul A Argenti, 2015-07-01 Corporate

Responsibility offers a concise and comprehensive introduction to the functional area of corporate responsibility Readers will learn how corporate responsibility is good for business and how leaders balance their organization s needs with responsibilities to key constituencies in society Author Paul A Argenti engages students with new and compelling cases by focusing on the social reputational or environmental consequences of corporate activities Students will learn how to make difficult choices promote responsible behavior within their organizations and understand the role personal values play in

developing effective leadership skills *The Corporate Responsibility Movement* Jem Bendell, 2017-09-08 Corporate social responsibility is now an established agenda for large companies with a new profession emerging that engages in the social and environmental contribution of business. How has this agenda emerged over time? What were the key events and actors? How has this new movement of committed individuals been taking shape around the globe? Insights into these questions come from a review of the first half of the first decade of the 21st century. *The Corporate Responsibility Movement* compiles Lifeworth's highly praised Annual Reviews of Corporate Responsibility from 2001 to 2005. It is introduced with a new overview by the lead author of those reviews, Dr Jem Bendell, in a piece that examines the trajectory of a new social movement in and around business. At a time of searching questions about the future of finance, Dr Bendell argues that a new concept of capital democracy is emerging from within the community of people working towards corporate responsibility, which could be mainstreamed as a socially and environmentally enhanced system of economy. He calls on professionals, researchers, and policy makers to embrace an ambitious agenda for corporate responsibility and develop greater insight into acting together as a movement for change. This book is an essential resource for business libraries, recording, analysing, and contextualising some of the key events, issues, and trends during this historic period in the development of the corporation. **Corporate Responsibility** Mick Blowfield, Alan Murray, 2008-01-17 This much-needed textbook examines the multiple dimensions to corporate responsibility. It creates a framework that presents a historical and interdisciplinary overview of the field, a summary of different management approaches, and a review of the key actors and trends worldwide. The authors take a critical perspective and successfully provide a balance between theory and practice. They offer comprehensive coverage of the subject, combining an insightful interdisciplinary approach with the pedagogy and support sought after by students. An Online Resource Centre accompanies the text, comprising weblinks, new legislation, further reading, email listservs, and links to courses for students and case studies and essay questions for lecturers. **The Equal Pillars of Sustainability** David Crowther, Shahla Seifi, 2022-04-18 *The Equal Pillars of Sustainability* investigates whether equality between environmental protection, social sustainability, and economic sustainability can be achieved in all circumstances or what alternatives need to be considered via the latest research on topical issues by international experts. **The Market for Virtue** David Vogel, 2007-05-01 In the highly praised *The Market for Virtue*, David Vogel presents a clear, balanced analysis of the contemporary corporate social responsibility (CSR) movement in the United States and Europe. In this updated paperback edition, Vogel discusses recent CSR initiatives and responds to new developments in the CSR debate. He asserts that while the movement has achieved success in improving some labor, human rights, and environmental practices in developing countries, there are limits to improving corporate conduct without more extensive and effective government regulation. Put simply, Vogel believes that there is a market for virtue, but it is limited by the substantial costs of socially responsible business behavior. Praise for the cloth edition: The definitive guide to what corporate social responsibility can and cannot accomplish in

a modern capitalist economy Robert B Reich Brandeis University and former U S Secretary of Labor Vogel raises a number of excellent points on the present and future of CSR Working Knowledge Harvard Business School A useful corrective to the view that CSR alone is the full answer to social problems Business Ethics The study combines sound logic with illustrative cases and advances the sophistication of the CSR debate considerably John G Ruggie Harvard University co architect of UN Global Compact

Corporate Social Responsibility? Charlotte Walker-Said, John D. Kelly, 2015-09-02 With this book Charlotte Walker Said and John D Kelly have assembled an essential toolkit to better understand how the notoriously ambiguous concept of corporate social responsibility CSR functions in practice within different disciplines and settings Bringing together cutting edge scholarship from leading figures in human rights programs around the United States they vigorously engage some of the major political questions of our age what is CSR and how might it render positive political change in the real world The book examines the diverse approaches to CSR with a particular focus on how those approaches are siloed within discrete disciplines such as business law the social sciences and human rights Bridging these disciplines and addressing and critiquing all the conceptual domains of CSR the book also explores how CSR silos develop as a function of the competition between different interests Ultimately the contributors show that CSR actions across all arenas of power are interdependent continually in dialogue and mutually constituted Organizing a diverse range of viewpoints this book offers a much needed synthesis of a crucial element of today s globalized world and asks how businesses can through their actions make it better for everyone

Corporate Social Responsibility in the 21st Century Bryan Horrigan, 2010-01-01 As corporate states join the universe of nation states the challenge of securing both corporate social responsibility and accountability becomes one of the core challenges facing the social and legal order Bryan Horrigan s masterly comprehensive account of this protean subject offers an assured guide for future thought and action Paul Redmond Professor University of Technology Sydney Australia CSR continues to be one of the most important aspects of business in the global economy receiving much attention from business managers government leaders and academics While continuing to increase in prominence there are many aspects and many approaches evolving in this global phenomenon In this book Horrigan provides the most complete interdisciplinary analysis of these perspectives yet undertaken combining theoretical insights with practical examples while pointing the way forward towards future developments David Crowther Professor De Montfort University UK and Social Responsibility Research Network In this book Professor Horrigan brings together the many facets of and perspectives on the concept of CSR and he places them in the context of the development of thought in the crossover from the 20th to the 21st century I doubt whether such an ambitious and comprehensive account of the concept has been previously attempted There is no doubt that it is a hugely important subject in today s world and one which will not go away I believe that the book will be valuable to all who need to deal with this issue whether as government officials regulators businessmen lawyers academics media commentators or concerned citizens The Right Honourable Lord Butler of Brockwell KG GCB CVO was

Secretary of the United Kingdom Cabinet and Head of the Home Civil Service from 1988 to 1998 1998 2008 Master of University College Oxford and a Non Executive Director of ICI plc and of HSBC Holdings also Chairman of the Board s Corporate Social Responsibility Committee This timely and thorough book offers one of the most wide ranging interdisciplinary and cross jurisdictional analyses of corporate social responsibility so far in the 21st century Professor Bryan Horrigan spans subjects as diverse and topical as global corporate responsibility and governance debates practical guidelines for responsible businesses and their professional advisers governmental roles in corporate social responsibility corporations and human rights and the new era of enlightened shareholder value He also highlights an emerging transnational and comparative body of law regulation and practice on corporate social responsibility Illustrated throughout with meaningful controversies and examples the book also highlights the major recent global developments in corporate social responsibility already this century focusing especially on Europe the UK North America and Australasia and charting its future regulatory and research directions worldwide The book s scholarly foundation up to date coverage and accessible style will appeal particularly to academic researchers and students of corporate social responsibility in the fields of law business management economics and political science in a number of countries It will also be of great interest and use to those whose work involves corporate social responsibility within government business and civil society

OECD Guidelines for Multinational Enterprises 2001 Global Instruments for Corporate Responsibility OECD, 2001-11-29 The Guidelines are recommendations to multinational enterprises on their business conduct in such areas as labour environment consumer protection and the fight against corruption The recommendations are made by the 33 adhering governments and

The Impact of Corporate Social Responsibility Robert Kudlak, Ralf Barkemeyer, Lutz Preuss, Anna Heikkinen, 2022-08-26 The Impact of Corporate Social Responsibility Corporate Activities the Environment and Society adds to the current debate on the societal level impacts of corporate social responsibility CSR This edited volume offers conceptual and empirical contributions highlighting various dimensions of CSR impacts What differentiates the book from others is that we examine the impact of CSR at the societal level rather than focussing only on those that occur at the level of the firm The book s contributions present novel perspectives that comprise among others empirical analyses of CSR activities accounts of impacts in various geographic locations and state of the art reviews of extant literature on the topic The practical examples and theory building presented here help us to better capture the societal impacts of contemporary CSR practice This book will appeal to scholars and students as well as practitioners and policy makers interested in practical and theoretical aspects of CSR impacts at the societal level Chapter 3 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY 4.0 license

On the (Im)Possibility of Business Ethics Minka Woermann, 2012-11-02 Corporations and the environments in which they operate are complex with changing multiple dimensions and an inherent capacity to evolve qualitatively A central premise of this study is that a

postmodern reading of ethics represents an expression of and an engagement with the ethical complexities that define the business landscape In particular the deconstructive philosophy of Jacques Derrida offers a non trivial reading of a complex notion of ethics and thereby helps us to develop the skills necessary to critique and intervene in our practices and to develop robust strategies for living in the absence of prescriptive ethical frameworks Although a central premise of this study is that substantive ethical claims can only be generated within a given context the study nevertheless presents readers with a meta position that illustrates the type of considerations that should inform ethical reflection from a complexity perspective In order to illustrate the value that this meta position holds for business ethics these considerations are explored in terms of the implications that they hold for our understanding of corporate social responsibility for the practice of responsible management and leadership practices and for teaching business ethics

Next Generation Networks Jingming Li
Salina,Pascal Salina,2008-02-28 Next Generation Networks NGN provide ubiquitous connectivity with pervasive accessibility to service application content and information NGN will bring tremendous advantages to companies and individuals in terms of access to information education and knowledge efficiency dematerialisation and new user experiences Next Generation Networks Perspectives and Potentials explores the potentials of NGN and provides an outlook of future services for the end users and opportunities for the traditional network operators and new players It creates a framework to aid the understanding of NGN exploring the strategic development and practical deployment of NGN This book provides a complete and comprehensive picture of the future directions substantial benefits issues applications and services for NGN Offers an in depth exploration of NGN covering both basic and advanced concepts Examines critical issues with the implementation of NGN Covers NGN technology architecture transport services and evolution and standardization Written by industry experts focusing on the business opportunities of NGN with chapters on NGN standardization development and corporate responsibility Next Generation Networks is ideal for network operators equipment vendors researchers Telecoms regulators and engineers working in next generation networking It will also be of interest to graduate students on electrical engineering and computer science programmes with a focus on networks

The Limits Of Corporate Responsibility Introduction

In today's digital age, the availability of The Limits Of Corporate Responsibility books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Limits Of Corporate Responsibility books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Limits Of Corporate Responsibility books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Limits Of Corporate Responsibility versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Limits Of Corporate Responsibility books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Limits Of Corporate Responsibility books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Limits Of Corporate Responsibility books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Limits Of Corporate Responsibility books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Limits Of Corporate Responsibility books and manuals for download and embark on your journey of knowledge?

FAQs About The Limits Of Corporate Responsibility Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Limits Of Corporate Responsibility is one of the best book in our library for free trial. We provide copy of The Limits Of Corporate Responsibility in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Limits Of Corporate Responsibility. Where to download The Limits Of Corporate Responsibility online for free? Are you looking for The Limits Of Corporate Responsibility PDF? This is definitely going to save you time and cash in something you should think about.
