The Linda Ronstadt Scrapbook:

The Linda Ronstadt Scrapbook Mary Ellen Moore, 1978 This pictorial biography traces Ronstadt's career from the Stone Poneys barefooted lead vocalist in the sixties to the Grammy Award winning rock star of the seventies **Linda Ronstadt: 1969 - 1989** Daryl Richard Lawrence, 2025-09-01 Linda Ronstadt is one of the most important women in the history of popular music Starting her solo career in 1969 she redefined what a music superstar could be by expanding her repertoire from her country rock roots to cross over to success with mainstream pop music and then evolving into more diverse genres such as operetta American jazz standards and mariachi This work provides a track by track breakdown of the first twenty years of her solo career when her output totaled an amazing 17 albums Transcending genres and applying her own vision to not only her career but each song she interpreted Linda Ronstadt garnered a wide fan base and had massive commercial success with albums such as Heart Like A Wheel and Living In The USA Those familiar with her work as well as those entirely new to it will find something to discover through this analysis of her output up to 1989 All the best known hits are covered in this volume however the real fun is finding new favorites by visiting or revisiting lesser known works So sit back put some of her songs on crack this book open and indulge in the voice that sold over 100 million records worldwide The author Daryl Richard Lawrence holds a Master of Science in Education from the University of Wisconsin La Crosse When not occupied with his museum operations job he spends his time reading writing volunteering for the local historical society and podcasting about Marvel comics Daryl resides in the almost always wintry Minnesota USA and dotes upon his pet rabbits who mostly tolerate the many keyboard clicks it takes to write a book His writing ranges from music reviews to historical biographies A lifelong classic rock fan he is overjoyed at sharing his passion for artists and their songs *Linda Ronstadt* Peter Lewry, 2021-09-08 Often dismissed by rock historians as a product of the antiseptic Californian country music scene an artist who relied on watered down covers of classic rock n roll and pop standards this description of Linda Ronstadt couldn't be further from the truth Throughout a recording career that has covered more than forty years she has recorded in a remarkable variety of styles from pure country to pop light opera to big band standards and new wave to mariachi often taking risks beyond the reach of many critically acclaimed artists It would be hard if not impossible to find another vocalist who has had a more diversified career In their press release for the album Winterlight her record company managed to convey exactly what it was that made Linda Ronstadt such a special artist Versatile doesn't begin to describe Linda Ronstadt's astounding career a wildly eclectic devoutly adventurous journey through a myriad of styles and genres Who else has worked with Philip Glass and Dolly Parton Aaron Neville and Nelson Riddle Ronstadt's unforgettably gorgeous voice at once technically dazzling and resonating with deep emotion has woven a magical path from rock to mariachi from country to opera gathering critical and commercial success at every stop along the way Linda Ronstadt A Life In Music is an unauthorised biography that traces Linda Ronstadt's career from her days as a member of The Stone Poneys her early solo albums the
