Crowe,1993 On September 19 1992 Admiral William J Crowe Jr made headlines with his endorsement of Democrat Bill Clinton as President of the United States Washington took sharp notice Crowe a staunch advocate of military strength had served for four years under both Presidents Reagan and Bush as Chairman of the Joint

Chiefs of Staff As the top ranking officer in the American military he held all of its branches and forces outposts from the South Pacific to the North Atlantic from Antarctica to Central America under the sweep of his command To this day many Clinton strategists perceive Crowe's endorsement and his subsequent work for Clinton as one of the campaign's turning points It was an unexpected move But Washington luckily had learned to expect surprises from the candid witty Oklahoman whose tenure as commander was marked by an openness to change rarely encountered in the military hierarchy's upper ranks As his memoir *The Line of Fire* makes clear quick change has been a constant in Crowe's career a fast flight up the chain of command that began just after World War II at the height of the Cold War reaching its apex with the thaw and the beginning of a new era in foreign relations Few military men's careers provide such a vantage on so many momentous transitions and events women in the ranks the new high tech range of weaponry and machinery and the rise of a new breed of military leader men like Crowe himself trained in the halls of Congress as well as on the battlefield Crowe shows where the military has been and where it must go He takes us into the secret world of the Pentagon where we see the sophisticated war games staged by the highest officials in the land He takes us inside the story of the build up of tensions in the Gulf explaining what we have never really understood about the accidental shoot down of an Iranian Airbus by the cruiser Vincennes and about the U S raid on Libya why we never intended to kill Qaddafi why Caspar Weinberger would never admit that the U S did hit the French embassy Admiral Crowe shows us the most significant military and political events of the last decade as we have never seen them before Crowe explains why nuclear weapons are our least effective defense takes a critical look at Desert Storm an ideal battle situation speculates on the ending of the Cold War George Bush was only one of the many contributors and tells the story of his special friendship with Marshal of the Soviet Union Sergei Akhromeyev the Soviet chief of staff who shared many of his concerns about the future of nuclear weapons and U S Soviet relations As never before Crowe's memoir explains the world of political maneuvering that lies behind military decision making From the battlefield to Capitol Hill Crowe gives a candid always interesting look at modern military life and his concerns for our future BOOK
