Sketches Of Contemporary Authors 1828

Robert M. Ryan

Sketches Of Contemporary Authors 1828:

Sketches of Contemporary Authors, 1828 Frederick D. Maurice, **Sketches of Contemporary Authors, 1828** Frederick Denison Maurice, 1970 **Sketches of Contemporary Authors, 1828.** [Ed. By] A. J. Hartley Frederick Denison Maurice, 1970 The Cambridge Apostles Peter Allen, 2010-06-10 Peter Allen explores the origins and history of the influential secret society the Cambridge Apostles **F D Maurice and the Crisis of Christian Authority** Jeremy Morris, 2005-03-17 F D Maurice was a leading 19th century Anglican theologian and social commentator This study argues that his work was driven above all by a concern to reinvigorate Anglican ecclesiology and to promote economical breadth of spirit that could transform the Church of England's relations with other Christian traditions *Charles Darwin and the Church of Wordsworth* Robert M. Ryan, 2016-02-12 Charles Darwin and the Church of William Wordsworth is a study of the cultural connections between two of the nineteenth century's most influential figures Charles Darwin and William Wordsworth When Darwin presented *On the Origin of Species* his reading public's affective response to the natural world had already been profoundly influenced by William Wordsworth Wordsworth presented nature as benign harmonious a source of moral inspiration and spiritual blessing and a medium through which one might enter into communion with the Divine Long after his death he continued to be revered throughout the English speaking world not only as a great poet but as a theologian with a broader following than any prelate and an appeal that transcended or ignored sectarian differences For believers and sceptics alike Wordsworth's poetry offered a readily accessible and intellectually respectable counterweight to Darwin's vision of a material universe evolving by fixed laws in which Divinity played no discernible role and where concepts like beauty and harmony were material conditions to be explained in scientific terms Wordsworth's theology of nature became for many readers a more effective counterforce to Darwin's ideas than Biblical orthodoxy but it also provided an enriching context for the reception of evolutionary theory aiding theists in their effort to reach an accommodation with the new science As the nineteenth century's two most prominent theoreticians of nature's life Wordsworth and Darwin competed for attention among those seeking to understand humanity's relationship with the natural world and their disciples engaged in a productive mutually transformative dialogue in which the poet's cultural authority influenced the way Darwin was received and Darwinian science adjusted interpretation and evaluation of the poetry Charles Darwin and the Church of William Wordsworth explores the broad cultural relationship between Wordsworth Darwin and their disciples contextualising them within wider discussions about the relationship between religion and science in the nineteenth century **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1973 *Romantic Genius and the Literary Magazine* David Higgins, 2007-05-07 In early nineteenth century Britain there was unprecedented interest in the subject of genius as well as in the personalities and private lives of creative artists This was also a period in which literary magazines were powerful arbiters of taste helping to shape the ideological consciousness of their middle class readers Romantic Genius

and the Literary Magazine considers how these magazines debated the nature of genius and how and why they constructed particular creative artists as geniuses Romantic writers often imagined genius to be a force that transcended the realms of politics and economics David Higgins however shows in this text that representations of genius played an important role in ideological and commercial conflicts within early nineteenth century literary culture Furthermore Romantic Genius and the Literary Magazine bridges the gap between Romantic and Victorian literary history by considering the ways in which Romanticism was understood and sometimes challenged by writers in the 1830s It not only discusses a wide range of canonical and non canonical authors but also examines the various structures in which these authors had to operate making it an interesting and important book for anyone working on Romantic literature

The Critical Reception of Charles Dickens, 1833-1841 (Routledge Revivals) Kathryn Chittick, 2014-11-13 This bibliography first published in 1989 brings together a number of reviews of the early Dickens which appeared in contemporary magazines newspapers and quarterlies during the eight years between 1833 and 1841 The chronological arrangement of reviews both of Dickens and others forms the core of this study This book is perfect for those studying Dickens and his works in depth

Romanticism, Economics and the Question of 'Culture' Philip Connell, 2001 Drawing upon a wide range of source material this study reassesses the idea that the Romantic defence of spiritual and humanistic culture developed as a reaction to the perceived individualistic philistine values of the science of political economy

Sketches Of Contemporary Authors 1828 Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the power of words has are more evident than ever. They have the capability to inspire, provoke, and ignite change. Such is the essence of the book **Sketches Of Contemporary Authors 1828**, a literary masterpiece that delves deep to the significance of words and their effect on our lives.
