The Outline of Knowledge: Geology, by H. E. Slade and W. E. Ferguson. Biology, by Carolina E. Stackpole. Zoology, by W. D. Matthew James Albert Richards,1924 **The Plough, the Loom, and the Anvil** ,1852 Creature Comforts for Horses Gwen Slade,2016-07-22 This is not a book on how to choose a horse This is not a book on how to train a horse Neither is it a book on how to ride a horse It is a book about knowing your horse from the inside out After reading *Creature Comforts for Horses* it is my hope you will begin to understand even more about what makes that big heart tick This was to be a mini cook book of nutritious healthy horse treats I soon realized treats were not the reason I was the proud owner of fatty patties and hunky chunkies My journey to know my horses began In spite of a medical science background I knew nothing about the physiology and anatomy of the horse nor its nutritional needs I knew even less about the feed I was feeding and had no comprehension they too are products of what they eat Sometimes an indifferent inattentive and unwilling horse is not a difficult horse but a horse that doesnt have a wellness sense of balance A horse that does not feel well will not perform well In my quest to know my horse from the inside out I scoured libraries bookstores and the internet and consulted with experienced horse people Because I could not find one book that spoke to what I needed to know I decided to create one Cutting the fat trimming the excess and addressing only the essential information required to ensure optimal wellness for my horses all in an easy to understand language defines *Creature Comforts for Horses* I am thrilled to share this information with you
